

POOR HANDLING IS YOUNG'S OPINION ANDERSON FIGHT

Poor handling and inexperience alone cost Bud Anderson his fight with Kayo Brown at Vernon Saturday according to Charlie Young, who with Wick Fox, Ed Wilkinson and Baldy Worthington, returned from Los Angeles Tuesday evening.

"Bud had the fight won several times," states Young, "but he was poorly handled. We nearly lost in the twentieth, and did lose a decision. Bud seemed stale and hadn't his customary edge. It was a great disappointment to us as we know what Bud can do when he is right."

"I believe the fight has done Bud a lot of good, however, and with proper handling he should easily whip Brown, who by the way, is a tough nut to crack. Brown was in far better condition Saturday than when he fought Joe Rivers."

FIRE BOYS TO HAVE SALARIES RAISED

An amendment to the ordinance creating a paid fire department in the city was offered at Tuesday night's session of the city council whereby the fire boys will receive an increase of \$5 a month. This will make the salaries paid \$75, \$85 and \$95 a month. At present they receive \$70, \$80 and \$90, the chief getting \$90, assistant chief \$80 and firemen \$70.

MRS. PICKEL MEMBER OF LIBRARY BOARD

The resignation of Ed. M. Andrews as a member of the city library board was tendered to, and accepted by, the city council Tuesday evening. Mr. Andrews stated in his communication that inasmuch as he was absent from the city a great deal that he could not discharge his duties properly.

Mayor Eifer submitted the name of Mrs. E. R. Pickel as a member of the board. It was confirmed.

MEDFORD LOSES GOOD CUSTOMER

"I will never buy another dollar's worth of goods in Medford, if I am to be subjected to outrages like this," declared F. M. Madden, who operates a large ranch just west of Central Point, Tuesday following his arrest for speeding within the city limits in his automobile. Mr. Madden was haled before Mayor Eifer and assessed \$3.

Mr. Madden declares that he was not speeding when arrested and his statement is backed up by Fred H. Hopkins, of Snowy Butte, who was with him at the time. Friends of Mr. Madden are indignant, stating that he has never been accused of fast driving, either within the city or on the county roads.

"I was not exceeding the limit," states Mr. Madden, "and what is more, I was on a street practically clear. My arrest was an outrage and what is more I was given no chance to prove my statements. I was fined \$3 on general principles, I guess, and hereafter when I am after supplies for the ranch I shall go elsewhere. I respect the laws and live within them, and do not intend to submit to such persecutions."

GAUMONT FEATURE FILM AT THE STAR

Among some of the best photo plays that have ever been shown at the Star theatre is the "International Conspiracy," a feature by the Gaumont company of New York, that is to be shown on Wednesday and Thursday nights. This is one of the most expensive features of the company that has ever been shown and is satisfying the public as one of the most thrilling pictures that has ever been thrown on the screen.

This thrilling scene is laid in France. Rizio, a secret emissary of a great continental nation, hostile to France, seeks to obtain knowledge of France's naval resources and harbor defences and after a long thrilling adventure escapes in a motor boat. One of the battleships in the harbor takes up the chase.

PARENTS AND TEACHERS MEET AT JACKSONVILLE

The open meeting of the Parents-Teachers association was held on Friday evening, March 14, in the assembly room of the Jacksonville public school building. Over sixty parents and friends were present. The subject of the evening was "Industrial Training."

The opening number on the program was a song, "Beautiful Bells," by the eighth grade and high school girls.

Rev. Bandy and Mr. Collins then gave a very interesting discussion on the subject, resolved that "The Introduction of Industrial Training into the Public Schools is Beneficial." The eighth grade and high school girls sang a song on "Industrial Training" which they composed. Mr. Harrington followed with an address on the "Expense of Introducing Industrial Training into the Jacksonville Schools." Great credit is due Mr. Harrington for his complete and inexpensive plan of equipment for installing manual training and domestic science into the school.

The program closed with a song, "Peerless Oregon," by the eighth grade and high school.

After a short business session the audience dispersed for a social time and light refreshments were served. Mrs. Harrington, the president of the association deserves much credit for the success of these meetings. The program committee with Miss Hurst as chairman, is also to be commended for the splendid program which they have arranged on the vital questions of the day.

WANT TO SELL ICE CREAM CONES ON STREET

Attorney W. P. Mealy appeared before the city council at their regular session Tuesday evening and made a plea for the removal of a license of \$250 a year on ice cream cone wagons on the streets. Mr. Mealy stated that the license was excessive and that the ice cream cone men interfered with no business houses in the city as they caught only street trade.

A petition was presented to the council, which was referred to the street and road committee.

SEVERAL STREETS ASK FOR PAVING

Considerable street improvement work will be done in the city this summer judging from the petitions for paving received by the city council Tuesday night.

A petition for placing curbs and grading Apple street was received and read, the matter being referred to the street committee.

A petition to pave Portland avenue from East Main to East Eleventh was received, read, and referred to the street committee.

A petition to pave Cottage street from East Main to the south end of the street was received, read, and referred to the street committee.

A petition to pave Cottage street from East Main to the south end of the street was received, read, and referred to the street committee.

A bid of the Clark & Henry Construction company for paving from Peach to Hamilton streets on West Eleventh was accepted.

Cement sidewalks were ordered laid on several streets.

CALL FOR BIDS TO PAVE NEW BRIDGE

The city council on Tuesday evening instructed the city recorder to advertise for bids for the paving of the Bear creek bridge. This means that it will be a month at least before the pavement is laid, which will be as early as a paving company will be ready to do the work.

The present condition of the bridge makes it very inconvenient for East-siders as they have to drive north to Jackson street to cross Bear creek.

WOMAN SUFFRAGE IS FIRST ALASKAN BILL

JUNEAU, Alaska, March 19.—The woman's suffrage bill, first statute the house in the first territorial legislature awaits the signature of the governor here today, to make it a law, it having passed the senate unanimously.

With Medford trade is Medford made.

IF CITY HAS THE COIN, IT WILL BUY BIG RANCH

If the city of Medford has the price it will purchase the Hamilton ranch consisting of 340 acres on Little Butte creek and pay \$7500 for the same. The matter was referred to the finance committee for report Tuesday night. They are to determine whether the city can pay the money over or not.

The councilmen visited the place on Sunday. They state that by the purchase of the land they can properly protect the city's water supply as it covers the territory just east of the intake through which Butte creek flows.

EVERY CHILD SHOULD BE GIVEN THIS TONIC

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the acids in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.

For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have praised it for more than eighty years. Insist on Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

Window Specials

Thursday
