

### WANTS MARRIAGE LICENSE TO WED EDWIN D. ROOT

Declaring that Ed Root is the only man she ever loved, Mrs. Alstra Clay, divorced, applied to County Clerk Gardner Tuesday for a marriage license to marry him. The county clerk sidestepped the request. Mrs. Clay, who has been acting queerly for some time, according to friends, is said to be losing her mind. Of late she has been making queer requests of friends and acquaintances, the latest being the request to the county clerk for a license to marry Ed Root, who passed away last Friday.

Mrs. Clay has been in the habit of visiting the courthouse frequently, listening to cases under way in the circuit court for the most part. Yesterday she appeared in the clerk's office with her surprising request. Mrs. Clay is well known in this city. In all probability a hearing to determine her sanity will follow.

### ANDERSON NOW 10 TO 8 FAVORITE

LOS ANGELES, Cal., April 9.—Bud Anderson is installed today a 10 to 8 favorite over K. O. Brown for their scheduled 20 round meeting at Vernon April 15. Experts here figure that Anderson's stay in the mountains surely has improved his general condition and they are confident in the work of his new trainer, Earl Mohan, who has successfully handled a score of fighters here.

Brown went through an hour's lively work at Venice yesterday and planned more boxing for today. Anderson is working easily and probably will do light boxing before Sunday. Mohan declared that Bud will make the weight easily this time and will be strong.

### CATCHES MAN GAFFING FISH

District Deputy Game and Fish Commissioner Sam L. Sandry early Wednesday morning caught Charles Stanton gaffing steelheads near the Ray dam and placed him under arrest. Stanton was arraigned in the justice's court in this city, pleaded not guilty and will be given a hearing at 5 o'clock this afternoon. Sandry has been laying for some time for Stanton and a number of others and heretofore has been unsuccessful in catching them in the act of gaffing fish.

### RIVERS HAS SHADE BEST OF LEACH CROSS

NEW YORK, April 9.—At the end of 10 rounds of furious fighting here last night between Joe Rivers of Los Angeles and Leach Cross, the Brooklyn fighting dentist, the popular opinion was that Rivers had a shade on the New Yorker. The only incident in the 10 rounds which had any semblance of knock-down was in the third round, when Rivers tripped over Cross' foot and hit the floor. He was up in an instant, however, and evened the round. Rivers had the best of four rounds, three were in favor of Cross and three were even.

### COOK COULD GET SATISFACTION HERE

PASADENA, Cal., April 9.—Publicly branded by W. F. McShane, a banker, as a liar in the midst of a tirade he was directing against Admiral Peary in a talk at a theatre here last night, Dr. Frederick A. Cook became enraged and issued a blanket challenge to all who did not believe in his statement that he had reached the North Pole to fistie combat. He sought to employ this form of argument especially upon the person of McShane and Samuel T. Clover, editor of a local paper, which had declared him a rask humbug. No acceptances of the challenge have been registered to date.

M. H. Herman and Don Allen, two Cincinnati reporters, started for Dayton on Tuesday in an auto and soon found roads filled with water. At one point they had to wade out into the torrent to get wood for a corduroy road.

### SONORA REBLES RENEW ATTACK ON OJEDA'S ARMY

NAGO, Ariz., April 9.—The Sonora constitutionalists renewed their attack today on the federal garrisons at Nago, Sonora, firing from the east and west sides of the town with machine guns. The defenders replied with heavy artillery. During the first exchange today two federal officers were killed and four wounded. General Pedro Ojeda, commanding the Nago garrison, has appealed to

the commander of the United States cavalry detachment policing the border for permission to give military burial on the American side to two-burial on the American side to 22 federal soldiers. This would indicate that the federal casualties during yesterday's fighting were heavier than reported.

### BOSTON HELLO GIRLS PLAN GENERAL STRIKE

BOSTON, Mass., April 9.—Two thousand telephone girls are prepared to strike here today unless their demands for better wages and hours are met. The company is trying to muster strikebreakers, indicating that the demands will not be granted. Flo Irwin has made a hit in London in "Mrs. Peckham's Carouse."

### FAIR AMERICAN IS RELEASED FROM PRISON

LONDON, April 9.—Miss Zelle Emerson of Jackson, Mich., the American suffragette who was released last night from Holloway jail

after serving a sentence for militant activities, is in a private hospital today somewhere in London. The young woman's mother is keeping her whereabouts a secret. Mrs. Emmeline Pankhurst is still conducting a hunger strike, but her condition is not serious. Australia is irrigating more than 2,000,000 acres of grazing lands with artesian wells.

### Break Away From Blood Bondage

Drugs in Common Use Harmful as the Disease They are Supposed to Cure.

Many people are shackled to continued suffering by the drugs they use. These seem to dry up the surface but there's a stomach almost destroyed, there are ulcerated bones; locomotor ataxia, convulsions, abscesses, falling hair, impaired eyesight, deafness, and a host of other

Get Away From This Misery. Let S. S. S. Do It for You. troubles continue to make life miserable. There is one blood remedy that you can only rely upon. It is not a "dope," not a physic, not a mineral poison but a pure, powerful medicine that cleanses your blood so completely; so washes your veins, arteries and tissues; so thoroughly bathes your body with internal healthful influence that soon you not only feel a wonderful change but your entire appearance undergoes the most welcome transformation. S. S. S. has long been

recognized as the greatest blood purifier ever known. If you have been fighting some blood trouble, some eruptive skin disease, call it eczema, lupus, psoriasis, malaria, scrofula or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous. Out through every skin pore, acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease. There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.

### To the Men of Medford

How many of you desire the closing of the "Royal Rooming House" and the other dens of infamy which infest Medford?

How many of you will see your Alderman and demand of them that they shall use every power given to them by their office to the cleansing of Medford?

Will you find out who own the buildings in which fallen women are housed and entreat, or enforce, the closing of their doors to these poor women, and equally fallen men?

Ask the police to point out the houses to you.

How many of you will call on the Mayor, and his Cabinet, and see what can be done to prevent the awful evil wrought by these houses in Medford?

Will you ACT to save our young men and women?

"Everybody's business is nobody's business." Is not this your business?

### ORCHARDISTS NOW KEEPING CLOSE TAB ON JACK FROST

With several thousand smudge pots placed local orchardists are keeping close tab on the antics of Jack Frost and within the next three or four days will more closely watch the weather. Peaches are now approaching the blossoming period, when frost will injure them. Peaches have already been heated in some groves. The temperature Tuesday night fell to 32 degrees only, which was safely above danger point. Cooler nights however are expected. Saturday or Sunday with present conditions prevailing the frost season will open.

### ANOTHER POACHER CLEARED BY GRANTS PASS JURY

GRANTS PASS, April 9.—Jim Lewis was on trial in Justice Holman's court Tuesday forenoon on a charge of having deer meat in his possession during the closed season. He demanded a trial by jury, and a verdict of not guilty was brought after the jury had been out about twenty minutes. Lewis has been living at the Greenback mine, and the complaint alleged that the venison was in his possession during February. A deputy game warden was the complaining witness.
