

ELKS PLAN TO PURCHASE THE M. F. & H. BUILDING

The local lodge of Elks are planning to purchase the Medford Furniture & Hardware building at the corner of Sixth and Central, remodel the third and fourth floors and convert it into an Elk home. The building committee of the lodge reported favorably on this plan Thursday evening.

For some time the local lodge has planned to erect a building but now it is deemed more feasible to purchase this block. The third floor can be fitted for club rooms while a lodge room can be constructed on the fourth floor.

The lodge held a large meeting last night. In addition to discussing the building plans, a farewell was extended to Frank Burgess who has officiated as organist for the past two and one-half years. Mr. Burgess is leaving on theatrical business through the east. He was presented with a handsome emblem by the lodge as a token of its esteem and appreciation.

OUTLOOK BRIGHT FOR FINANCING OF CRESCENT CITY LINE

GRANTS PASS, Ore., April 11.—Dr. J. F. Reddy and Messrs. Neeland and Martin, of Los Angeles, are expected back from Crescent City today, having gone over the route of the proposed Crescent City railroad. The outlook is promising that the syndicate represented by Neeland and Martin will take over the railroad and construct it.

At the proposal of the party that they would accept the city bond issue of \$200,000 at par in the financing and building of the road Mayor Smith called off the sale that had been under way to an eastern house, which proposed paying but 96 1/2 cents for the bonds, and the issue will be taken over by the California people. The mayor received a wire from Mr. Helm, one of the men who was here last week, putting the proposition in definite form Wednesday, and also offering to finance the payment of \$10,000 due from the city on the April payment to the Draper-Gunn interests on the right of way, terminals, etc. For the bond issue the municipality is to receive \$200,000 in income bonds on the road, these bonds to bear 6 per cent interest.

The California people have also asked that \$100,000 of the preferred stock of the railroad be subscribed here, either in cash or in lands, payment not to be made till the road reaches the California line.
