Interest on the above warrants will cease at the date of this notice. F. H. SAMUELS, City Treasurer.

ALL FOREIGNERS AFFECTED THROUGH ALIEN LAND BILL

SACRAMENTO, Cal., April 16.—The effort of the California legislature to avoid nominal discrimination between Japan and other nations in the anti-alien land bill, which late yesterday was passed in the assembly by a vote of 58 to 15, has led to a situation today where the most determined opposition against its passage in the senate is coming from those within the state dependent upon European capital, rather than from the Nipponese government. "What will be the effect in London, Berlin and Paris?" That is the question today being anxiously propounded about the capitol, and not "how will Tokio regard this measure?" It was this phase of the situation which, during the argument on the bill yesterday, overshadowed prophesies concerning the so-called "yellow peril." Amend Assembly Bill. The proposal to amend the assembly bill to conform with the senate measure so as to include all corporations the majority of whose stock is owned by foreigners, brought this feature out prominently. The assembly voted down the amendment, leaving the clause to read that only corporations controlled by aliens, "ineligible to become citizens" shall have the same status as individual aliens. As the bill now stands passed by the assembly, European capitalist is exempted and only Japanese corporations are affected by the provision permitting aliens to hold land for only one year in California. As individuals, however, all foreigners are embraced under the bill on equal terms and must have declared their intention of citizenship before the expiration of the year in order to prevent the escheat of their holdings to the state at that time. Strikes at Foreigners. With the declaration that one-third of the development in the southern end of the state was being done by foreign capital, largely English, and that the measure in its existing form would drive this money away, the Los Angeles delegation almost to a man voted for the Johnstone amendment to exempt individual aliens eligible to citizenship. It was defeated, 56 to 20. It is on this ground that the predicted pressure will be brought to bear in the senate to strike out similar provisions in the assembly bill, which will come up for final action this week. The senate purposely delayed action in order to sound out the sentiment of the assembly and let the latter break the ice. Dramatic Scenes Witnessed. No more dramatic scenes have been witnessed in the legislature this season than yesterday when, with packed floor and gallery, California lawmakers took the first step to check the encroachment of a brown civilization upon the white. Many Japanese were in the gallery, but so impersonally was the situation regarded that the Nipponese subjects sat beside Californians of both sexes and frequently discussed features of the bill in a friendly manner. The measure as it passed the assembly, briefly, provides that no alien, within the purview of the bill, shall hold land for more than one year. It must then be sold and cannot be transferred to another alien. The act does not apply to real property now owned by aliens, so long as it is held by the present owners, their wives or children. Leases to aliens shall not extend for more than five years.

TWO BOND ISSUES WIN LOS ANGELES

LOS ANGELES, Cal., April 16.—Two proposed bond issues out of eight voted upon at yesterday's municipal election are carried, according to returns today. They provide extensive improvements at the city's San Pedro harbor and the construction of mains to convey water from the San Fernando hills terminus of the municipal aqueduct to the city. The bond issues approved aggregate \$4,000,000. The six defeated totaled \$13,600,000. Among the latter were bond issues to build a new city hall, purchase a site for the Los Angeles normal school, construct a municipal railroad to the harbor, a power distributing system in connection with the aqueduct and two propositions to distribute aqueduct water to nearby points. Failure to pass the power distributing system bonds leaves the city with a \$2,500,000 uncompleted power plant on its hands. Approximately 50,000 out of 160,000 registered voters were cast.

STONE IMPROVES ON STOCK MARKET

NEW YORK, April 16.—First prices in the stock market today were slightly lower for the majority of the leaders. The tone improved later when Amalgamated and Reading scored good advances, but the entire list eased off before the close. Trading was confined to the professional element. The decline in copper abroad caused an unsettled state in that stock here. The market closed heavy.

WALTER PAGE FAVORITE WITH SENATE COMMITTEE

WASHINGTON, April 16.—The senate foreign relations committee reported favorably today on the nomination of Walter Page to be ambassador to Great Britain.

RESULTS TELL

There Can Be No Doubt About the Results in Medford. Results tell the tale. All doubt is removed. The testimony of a Medford citizen. Can be easily investigated. What better proof can be had? T. J. Williams, 617 Oakdale Ave., Medford, Ore., says: "In 1907 after Doan's Kidney Pills benefited me so greatly, I publicly recommended them. At this time I am again pleased to speak in their praise and give permission for the continued publication of my testimonial. I suffered for years from kidney and bladder trouble, the symptoms being slight at first, but becoming worse as time passed. The pains in my back became so acute that I could hardly endure them, and as the result of restless nights, I arose in the morning all worn out. Often I was so lame and stiff that I could not stoop and headaches and dizzy spells were common. I tried so many remedies without being helped that I became discouraged, but when Doan's Kidney Pills were recommended to me, I decided to take them as a last resort. I procured a supply at Haskins' Drug Store and after using two boxes, I could see that a great improvement had been made. I grew better from that time on and was soon free from kidney complaint." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

TELEGRAPHIC TABLOIDS

PORTLAND, Ore., April 15.—When Clarence Likens, a student, walked into Lincoln High School the women instructors greeted him with shrieks and faints. Some "kind friend" telephoned his parents that he had been killed by an automobile and they in turn had notified the school authorities.

SAN FRANCISCO, April 16.—"Future lightweight champion" hauled the announcer, presenting Joe Arcey, a club boxer. Then a man in uniform bobbed up. "You're wanted for thievery, Mr. Arcey," he declared. Then he threw a bath robe over Mr. Arcey and yanked him out into the night.

SAN FRANCISCO, April 16.—Henry Shorbe received a medal back in Germany for some heroic act. He got "illuminated" and went to get a shave. He presented the barber with the medal in payment and demanded eighty-five cents change. He insisted. He is resting easier today. With Medford trade in Medford made

BIG LUMBER PLANT PLANNED FOR FLORENCE

ROSEBURG, Ore., April 16.—A mortgage or deed of trust for \$500,000 covering timber lands in Douglas and Lane counties, has today been filed with the county clerk by the Michigan Trust company of Grand Rapids, Mich. The mortgage is the Tide Water Mill company, the president of which is Johnson Porter, head of the contracting firm that is building the Southern Pacific railway line from Eugene to Coos Bay. The money is to be used for the erection, near Florence, Lane county, of one of the biggest lumber manufacturing plants in the west.

EXAMINING DEFECTIVE PARTS OF STEAMERS

PORTLAND, Ore., April 16.—For a conference with the local board of United States Inspectors of steam vessels, John K. Bulger, supervising inspector for the first district, arrived in Portland from San Francisco today. The conference is in connection with defective parts in the engines of the steamer Northland. The Northland arrived here last week with her intermediate cylinder head cracked. Captain Bulger will assist the local board in examining the Northland to determine whether the vessel can proceed to sea or whether it will be necessary to make repairs. The Northland is now at Rainier loading lumber for California.

SPOKANE HOTEL EMPLOYE COMMITTS SUICIDE IN ROOM

SPOKANE, Wash., April 16.—The body of C. S. Staley, formerly of Freewater, Oregon, was found in a room in the Raymond Hotel today, having committed suicide some time during the night by shooting himself with a 22 caliber revolver. He was employed by the Alexandria Hotel here.
