WORKS DENOUNCES NEWSPAPERS FOR PRINTING SCANDAL

WASHINGTON, April 17.—Speaking in favor of a bill to prohibit the Washington papers from publishing details of crime and scandal, Senator John Works of California today addressed the senate. He asserted that the newspapers were the "greatest, most powerful and most corrupt evils of the present day," and deplored the "avidity with which the newspapers parade murders, vice, accidents, crimes and scandals." Citing the Beattie trial as an instance, Works said: "If there is any desire by the readers of newspapers to read such deleterious and offensive stuff it should be one of the highest duties of the journalist not to feed any such morbid sense." Works also charged that "reporters and kodak men seem to lose their sense of decency and respect for the rights of others in their eager quest for what should be unreadable news."

STOLEN RAILROAD SPEEDER FOUND NEAR GRANTS PASS

The railroad speeder that was stolen from Rogue River at the time of the recent robbery there when the store of the Starr Mercantile company was broken into and the safe blown open with nitroglycerine, has been found in the brush a couple of miles east of Grants Pass. Frank Wiseman was hunting rabbits along the right-of-way stumbled upon the speeder crushed away in the brush about 150 feet from the right-of-way. The speeder had been taken apart and carried through the fence by the Rogue River robbers after riding it as near Grants Pass as they dared, evidently.

SENIORS PRESENT PLAY TONIGHT

The long-awaited senior class play, "What Happened to Jones," is to come off tonight at the Star theater. As this is the first play of note to be produced in Medford for many weeks, a large number of Medford people is expected. Seating arrangements for 800 are provided in the two nights of production, yet it is thought the "standing room only" sign will be hung out before the curtain rises. "What Happened to Jones" has had many successful seasons in the larger cities, and is considered the best of the Broadhurst plays. The laughs that always result when it is produced arise from funny situations and subtle humor and wit, rather than burlesque or horseplay. This play has often been called a farce, but as the time of production is nearly two and one-half hours it is a true comedy. The cast has been carefully chosen and trained by Mrs. F. O. Burgess and at the last rehearsal proved that the play was to be a great success. All of the snap and speed that is necessary for the best results were in evidence, and the characters were brought out strongly in every detail. There is scarcely a line in the play that does not cause a laugh, that comes from the cleanest humor and the most sparkling and delightful comedy. When the saintly quiet old bishop is mistaken for an escaped lunatic, who works under the hallucination that he is an Indian, the laugh grows into a roar. It is a play full of misunderstandings between the characters, but after two hours and a half of "happiness and confusion" everything is straightened out and the pleasing play is ended.

Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls. The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll follows into the petals of a June rose, to evolve the most wonderful of all transformations. And now comes a more serious period when the joy of real motherhood should be as tranquil as best effort can provide. This is accomplished with a wonderful remedy known as Mother's Friend, an external application, so penetrating in its nature as to thoroughly relieve every cord, nerve, muscle and tendon involved. There will be no pain, no sense of that nausea of morning sickness, no sensation of distress or strain of expanding muscles. The nerves, too, will be calm, thus making the period one of restful days, of peaceful nights and a source of happiest anticipation. The young, expectant mother must be carefully watched lest she become absorbed in these mental distresses which threaten her for the most important event in her life. Mother's Friend enables her to avoid all anxieties of dread, worry or pain, and thus she is preserved in health and strength to take up the joyful task of motherhood. You will find Mother's Friend on sale at all drug stores at \$1.00 a bottle. Do not fail to use it regularly as directed. Write today to Broadhead Regulator Co., 135 Lamar Bldg., Atlanta, Ga., for their most valuable little booklet for expectant mothers.

"Such shipments mean Studebaker has the confidence of the farmer" Every year over one hundred thousand horse-driven vehicles are sold by Studebaker. Over a million Studebaker vehicles are always in use. Stop and think what that means. This enormous output means that Farmers—the men who know—depend upon Studebaker wagons to do their work. And a Studebaker wagon never fails. It is always ready to do a big day's work—and to keep on doing it. There are thousands of Studebaker wagons that have been in service from 20 to 40 years. A Studebaker wagon is a real business asset. Wheels, body, frame, axles and running gear have been tested and retested by experts. You can buy cheaper wagons but they're not Studebakers, nor will they last like Studebaker wagons. Whether in city, town or country, for business or pleasure, there is a Studebaker vehicle to meet your requirements. Farm wagons, trucks, contractors' wagons, buggies, surreys, runabouts, pony carriages, business and delivery wagons—each the best of its kind. Studebaker harness also, of every description.
