COMMONER VOICES WELCOME TO CHINA

LINCOLN, Neb., April 17.—Welcome to the republic of China is voiced in an editorial appearing in The Commoner, the paper edited by Secretary of State Bryan here, the editorial says in part:

"The people of America will rejoice at China's entrance into her new career. It is a momentuous hour when the citizens of a great nation, becoming conscious of their rights and capacities, secure participation in the government whereunder they live. China has thrown off the yoke of the emperor and has established a republic. We welcome China to the sisterhood of republics. The government of America is the first nation intimating a desire to extend recognition. In no other nation will China find a larger or more sincere sympathy for her hopes and aspirations."

JOLTS AND JINGLES
By Ad Brown

A scholar in one of the Medford schools, according to one of the teachers, recited as follows the other day: "George Washington had three horses shot from under him and the fourth went through his clothes."

These Registered Today.

Lefa Egli, Dundee, Ore.
Mrs. Huckleberry, Dundee, Ore.

The Commercial Bard.

A merchant in Grants Pass has twanged his lyre to the following effect:

Ladies, we have the best washer
That you have ever seen,
Because it washes out the dirt
So very nice and clean.
(To Be Continued.)

The Statesman at Salem has started a Jolts and Jingles column. So long as it steals nothing but the name it is welcome.

Grandmother's patchwork quilt was the original cubist creation.

The Rhymers Club.

Oh, there's joy for every man who knows
The God of the great without,
And the whir and the zip of the singing line
Is music for heartsick souls,
Patience and grit he teaches you
When you cast or whip or troll.
Oh you can be happy most anywhere,
With nature and man you'll rhyme
If you study your life and mend it
With the reel and the rod and the line.

—L. B.

Not only did Bud Anderson knock out Brown, but he preserved Court Hall's reputation as a sporting writer.

At last the cement plant has taken concrete form.

Call to Arms.

Please, oh please, somebody put another bullet in the Gold Hill Bulletin.—W. S.

CARKIN ON COMMITTEE TO DRAFT ARGUMENTS

SALEM, Ore., April 17.—Dan Malarkey, president of the senate, and C. N. McArthur, speaker of the house, have announced the personnel of the committee on taxation, and of a number of other committees they were authorized to appoint, by resolutions passed by the legislature.

H. J. R., No. 10, provided for the appointment of a committee to prepare arguments for a constitutional amendment allowing cities and towns to merge, and on it there has been appointed Senator Carson and Representatives Nolta and Carkin.

Ambulance Service Deputy Coroner

THE NEW WATER CONTRACT.

THE Rogue River Canal Company has modified its water contract so that the purchaser is given 20 years to make the payments, and can arrange them to suit himself—nothing for the first year or two and graduated payments thereafter.

It is possible under this contract to make the water pay for itself on any sort of land. It removes the last remaining objection of the land owner and should result in the signing up of all the land in the valley for water.

The best paying orchard properties in the valley are the irrigated orchards. The best paying farms are the irrigated farms. The best paying truck and vegetable gardens are the irrigated ones. Here is a chance to irrigate nearly all of them.

With a greater acreage in orchard than in any of the fruit districts, the yield per acre is much less in the Rogue river valley than in other districts—simply because there is so little irrigation. Fruit growing can scarcely be called a commercial proposition without irrigation.

If land prices are to be maintained, if land yields are to be increased, if the Rogue river valley is to become and remain prosperous, it must be put under water. The opportunity is here, it is time to act.

The construction of the irrigation system means also the construction of the interurban trolley line. If the former is not built, the latter will not be—and why should it be? It is not needed under present conditions.

It is up to every one in the valley to use his or her influence to induce land owners to sign up for water, for as soon as the required acreage is pledged, construction work will start and things will hum in the valley.

Concerted and systematic work should be done. A thorough canvas of the country should be made. The way to get results is to go after them.

THE CEMENT PLANT.

THE formation, financing and incorporation of a $600,000 company to manufacture cement in the valley is the best news heard in many a day. It means the utilization of a natural resource, one of many that but await development to transform the valley into a hive of industry.

The cement plant will mean a large and permanent payroll in the valley. It will help turn the balance of trade in favor of this section. It will mean greater population, larger markets and better opportunities. It will aid materially in creating prosperity.

The cement plant will do more than all those things. It will cheapen building operations and enable the construction of a better class of buildings. It will aid materially in solving the good roads problem by so cheapening paving that it will become a possibility for country highways.

Yet cement is but one of the industries possible to create here and for which nature has placed the raw materials at hand. There are great forests in which not a board is cut, great quarries of granite, sand-stone and marble, vast deposits of clay, immense developed and undeveloped copper mines—neglected, idle, unused opportuniities, awaiting but the touch of capital to transform the character and conditions of the valley—to make horticulture but of minor importance in the development of the future.

Beautify the Park

We feel that we are justly proud of our city of Medford with its beautifully paved streets and its many creditable buildings. But the visitor finds no particular beauty spot from which he can carry away a delightful remembrance, and describe it to his friends.

We have a fine little park, centrally located and filled with thrifty young trees; but without gracefully curving walks and nary an evergreen, shrub or flower, nor a comfortable seat on which he might sit and rest and enjoy them if they were there. A large part of the trees, of which there are too many, should be removed where the walks are located and graveled or paved, and the spaces thus marked out planted with choice shrubs and flowers, delighting the eye and filling the air with their perfume when in bloom.

The park thus improved would be an object lesson which would refine the tastes of the inhabitants and suggest and encourage the similar beautifying of the surrounding properties and these again would exert a similar influence on those beyond.

The mayor and city engineer are both enthusiastically in favor of making this beginning at once, and there are public funds enough available to make a fair beginning of the work and if more should be needed it would doubtless be freely supplied by our public spirited citizens; especially as the value of their properties would be largely enhanced.

Now this should be taken up and put through immediately, as we are in the very beginning of the best season for planting; and if it is not done now a whole year will be lost.

We need not say "Wake up Medford," for Medford is already wide awake and only needs the word to "pitch in."

GEN. WM. SOOYSMITH.

A Good Message.

Meritol Tonic Digestive has proven a good message to others, why not to you? It acts first upon the stomach, strengthens the digestive organs, creates a healthy appetite, and makes rich, red blood. Imparts new life and strength to the entire body. Haskins Drug Store.

With Medford trade is Medford made.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT "DANDERINE"

SAVE YOUR HAIR! BEAUTIFY IT! INVIGORATE YOUR SCALP! DANDERINE GROWS HAIR AND WE CAN PROVE IT.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

SENATE DODGES CONSIDERATION OF ALIEN LAND BILL

SACRAMENTO, Cal., April 17.—The desire of the leaders in the senate to "railroad" through a great mass of appropriation bills and other measures on which there is no debate may postpone the action on the senate substitute anti-alien land bill for several days.

The bill has been reached on the third reading file twice, but each time it was carefully sidestepped, as were all other bills on which debate was expected. The purpose in avoiding the debates is to allow the scores of bills before the legislature to be rushed through, and the policy may be continued for several days.

Senators who are interested in the anti-alien land bills are still in doubt as to whether the bill which has passed the assembly will be taken up in the senate before the senate bill. They desire to see the senate bill up for action, however, as they consider the measure more drastic than that of the assembly.

Governor Johnson, who is extremely reticent on the subject of anti-alien land legislation, admitted today that the "matter will soon come to a head." The governor still refuses to discuss his action in case a drastic anti-alien land bill is passed.

European capitalists are flooding the legislators with letters and telegrams protesting against the assembly bill, which passed Tuesday. Great pressure will be brought to bear to defeat any anti-alien law that will shut out European capital.

I. W. W. IN DENVER START HUNGER STRIKE

DENVER, Col., April 17.—In emulation of the jail tactics of the militant suffragettes in England, the 60 Industrial Workers who were cast into the bullpen here after a threat to "show up" the Denver police, started a hunger strike today. At a meeting in their prison quarters early today they unanimously agreed that unless they were given the same food as other prisoners, they would not eat.

Meritol Tonic Digestive will tone up your system quickly, make you feel strong again. Haskins Drug Store.

NOW SOLD IN AMERICA

In Less Than Five Years, Parisian Sage, the Splendid Hair Tonic, Is Sold all Over America

There is a reason for the phenomenal sale of Parisian Sage in the United States during the past three years.

And the reason is plain to all: Parisian Sage does just what it is advertised to do.

Ask Chas. Strang about it. He will tell you that he rigidly guarantees it to cure dandruff, stop falling hair or itching scalp in two weeks or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by druggists everywhere, and by Chas. Strang for 50 cents a large bottle.

Happy, Happy, Use TIZ

A Marvel for Sore Feet. Acts Right Off

Send at Once for Free Trial Package

Sore Feet? Never After Using TIZ.

Goodbye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Goodbye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. Mrs. F. J. Androcks, Jamaica, Long Island, found this out. She says: "I tried so many different remedies but none seem to draw out the inflammation and poisons like TIZ has done for me. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and calluses. You'll feel like a new person.

Remember thousands of other people have experimented with substitutes for TIZ without getting relief until they used the genuine. So when anyone asks you to experiment tell him you won't be the goat—you want the genuine TIZ.

TIZ is for sale at all drug stores, department and general stores at 25 cents per box, or it will be sent you direct. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Chicago, Ill.

Draperies

We carry a very complete line of draperies, lace curtains, fixtures, etc., and do all classes of upholstering. A special man to look after this work exclusively and will give as good service as is possible to get in even the largest cities.
