Bob Forrest returned Sunday evening from a visit to southern California.

**EUCHARIST CONGRESS MEETS AT MALTA**

ROME, April 21.—Cardinal Ferrata, papal legate to the twenty-fourth international Eucharist congress of the Catholic church, sailed today from Syracuse, on the southern coast of Sicily, for the historic island of Malta where the congress will formally open tomorrow. The cardinal sailed on a British-man-of-war, which had been placed at his disposal by the English government, to whom the island of Malta belongs. With His Eminence, on board, was also his personal suite, thirty of the leading archbishops and bishops of Italy, a score of prominent Vatican prelates and several hundred pilgrims.

Simultaneously with the sailing of the war vessel, three ordinary steamships also sailed having on board nearly 2000 other pilgrims. Still other steamers will sail tomorrow while two immense pilgrimages, one from America and one from England will arrive in special steamships direct from New York and London. All in all, the formal opening of the congress tomorrow is expected to be made in the presence of not less than 3000 pilgrims from all parts of the world, probably the greatest number of foreigners that have been on the little island of Malta since the Middle Ages.

**THREATENS TO SUE DESERT LAND BOARD**

SALEM, Ore., April 21.—Unless the state desert land board compels the Central Oregon Irrigation company to enlarge its central Oregon canal to a capacity sufficient to supply water to all the land sold in the Powell Butte district in Crook county, E. B. Williams, one of the land owners in that district, declared today that he will bring mandamus proceedings to compel the board to act. He says it is generally admitted that the company has not fulfilled this portion of its contract and therefore is in default and is liable under a \$25,000 bond guaranteeing the enlargement of this canal before this time. The desert land board is considering the matter.

**SAY MRS. PANKHURST UNQUESTIONABLY INSANE**

LOUISVILLE, Ky., April 21.—That Mrs. Emmeline Pankhurst, the leader of London's militant suffragettes, is unquestionably insane, is the opinion of Mrs. Phillips Snowden, the leader of the "anti-militants" in London, who is here today. Mrs. Snowden made a statement to this effect in an interview.

**LARGEST VESSEL AFLOAT LAUNCHED**

GLASGOW, April 21.—After the river Clyde had been widened to permit her to slip safely from the ways, the Cunard liner Aquitania, declared to be the largest vessel afloat, was launched here today. The Countess of Sherry christened the monster vessel. The Aquitania is nine hundred feet over all with a ninety-nine foot beam. She is fifty thousand tons register, and carries eighty turbines of one-thousand horse power each. She will accommodate four thousand passengers and will carry a crew of 1100. Scores of lifeboats and two motor launches are provided for the giant liner.

**MINIMUM WAGE BILL FOR ILLINOIS**

SPRINGFIELD, Ill., April 21.—Bills providing a minimum wage commission as a result of the recent investigation into the wages paid in this state to girls and women will be introduced in the state legislature here, according to tentative plans made by the legislative wage probe committee here today. State Senator Jull and Lieutenant Governor O'Hara are drafting this legislation. The bill will provide for a commission of five members, consisting of two employers, two wage earners and a sociological expert. At least one member of the commission will be a woman. The bill also provides for a term of apprenticeship, not exceeding one year, during which the employer may pay the wages he sees fit.

**BLAME POLICE FOR WHITE SLAVERY EVILS**

WASHINGTON, April 21.—Declaration that the police of the country are largely responsible for white slavery evils was voiced here today by Mrs. Kate Richards O'Hare, editor of the Ripsaw, a socialist publication. "The country's police," said Mrs. O'Hare, "is a part and parcel of the white slave traffic because of their methods for its regulation and the graft prevailing. "More than 125,000 women of the underworld die of disease or commit suicide every year, and the same number of healthy girls take their places. "The white slave vice is due to economic conditions, and the low wages paid men workers are fully as much to blame for the social evil as the low wages paid women. Men are unable to support their families alone, and the women are compelled to work. Their downfall frequently follows."

**EX-CONVICT TRIED TO FORCE NEGRESS TO ELOPE**

OAKLAND, Cal., April 21.—Arrested while attempting to force Mrs. Florence Dandredge, a young negress to elope with him, at the point of a gun, Wellesley Warner, a negro, recently paroled from Folsom penitentiary, where he had been given twenty years for the murder of his mother, probably will be returned to prison. The negress is a domestic in the home of J. W. Stevens. The Stevens family was aroused by Warner's attempts to kidnap the girl and had him arrested.

**WANT TARIFF KEPT ON SHINGLES**

TACOMA, Wash., April 21.—Protesting against placing shingles on the free list as proposed by the tariff bill shinglemen of Washington have asked the co-operation of all lumbermen on the Pacific coast with a view of petitioning congress to allow the present tariff to remain. The Red Cedar Shingle Manufacturers' association, representing about 175 shingle mills on the coast has addressed a letter to the West Coast Lumber Manufacturers' association, with headquarters at Tacoma, sitting forth its views on the removal of the present tariff of fifty cents a thousand. It is pointed out that the removal of this tariff would give shingle manufacturers of British Columbia, who practically draw from the same timber belt as the mills on this side of the line, an undue advantage. He says that already the British Columbia mills have an advantage because eighty per cent of the labor employed in the Canadian mills is Oriental.

**ASK FOR RESIGNATION OF PORTER J. NEFF**

NORTH YAKIMA, Wash., April 21.—The resignation of P. J. Neff, of Medford, as a trustee of the North Pacific Fruit Distributors, is expected at once, according to officials here of the recently organized growers' selling agency. The action of the Rogue River association in deciding to market again this year through the Northwestern Fruit exchange, it is said, makes this resignation on the part of Mr. Neff compulsory, action being taken at the time of incorporation to bring about the retirement of any trustee whose organization did not stand back of him in the endorsement of the new selling agency. J. H. Robbins, chosen as manager, says that as soon as Mr. Neff makes a vacancy it will doubtless be filled by some other representative from the Rogue River district, since there are several growers' associations there which he did not represent.

**Hiker to Lecture at Star**

W. J. Lightfoot, America's youngest globe trotter, will be heard in a 15 minute curtain talk on the most interesting subject, "The World's Greatest Engineering Feat—The Panama Canal," at the Star theater Monday and Tuesday, afternoon and evening. The lecture will be illustrated with 40 original views photographed at notable points along the canal by Mr. Lightfoot, who has been five years in the canal zone. It is one of the most educational, instructive and entertaining lectures ever given on this subject, and should be well attended. The Star will also show its unexcelled program of photo plays. Admission will be 5c and 10c.
