Absolute Cleanliness

IF YOU USE THE NATIONAL

Removes all the disease germs from the carpet that are brought into the house on the shoes.

No don't let anybody tell you they have just as good a cleaner as the National. Impossible!

We have investigated this machine. The National is a guaranteed machine. We have the manufacturers' guarantee. You have ours. Every machine has a written guarantee.

Machine weighs only 4¾ pounds and can be operated with either right or left hand.

Has patent flexible nozzle; held at any angle it works satisfactorily.

Has a stronger suction than other cleaners, and not only gets the surface dirt, but also the dirt that is in and beneath the floor covering or carpet.

It takes only one person to operate this machine and it is easier handled than any other cleaner.
