To The Young **Expectant Mother**

There is a certain degree of trepidation in the minds of most women in regard to the subject of motherhood. The longing to possess is often contradicted by the inherent fear of a period of distress.

But there need be no such dread in view of the fact that we have a most noble remedy in what is known as Mother's Friend. This is an external application that has a wonderful influence and control over the muscular tiessues of the absolute. By its daily use the muscles, cords, tendons and liminates all gently expand without the slightest strain: there is no pain, no nausea, no nervousness; that was dreaded as a severe physical drebal hecomes a calm, servar, joyful anticipation that has its impress such as our foremost teachers of Eugenies are striving to drill into the minds of the present generation.

In almost every community there are women who have used Mother's Friend, and they are the ones that recovered quickly, conserved their health and streagth to thus preside over families destined by every rule of physiology and the history of successful men and women to repeat the story of greater achievement.

Mother's Friend is prepared after the formula of a noted family dector by the Bradfield Regulator Co., 138 Lamar Bidg. Atlanta, 63.

Write them for their instructive book to

Atlanta, 6a.
Write them for their instructive book to expectant mothers. You will find Mother's Friend on sale by all drug stores at \$1.00 a bottle.

druggist or toilet counter, and just

"Yes, our new wagon's a Studebaker -the only kind we KNOW"

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon." "It's true, we're continually being offered other

wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most. Long service for a fair price means more every

time than short service for a few dollars less."

"That's why we stick to Studebaker—and 'Stick to Studebaker' is a pretty good motto for a man who uses wagons."
"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."
"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."

See our Dealer or write us.
