Boys, Be Fair to Yourselves-

Play with the Cork Center ball. It means many a hit that would be lost if you used the old style rubber core. Insist upon playing with the Cork Center—the kind the big leaguers use all the year and in the world series.

Dun't be persuaded to take a ball that is offered as "good enough for boys." You are just as important in your school or town as the Giants are in New York, and they use the Smiding Official National League Cork Center Ball exclusively.
