

1 TO 3 YEARS FOR INCEST; 1 TO 7 FOR BURGLARY

GRANTS PASS, April 26.—Judge Calkins has sentenced Wm. F. Pettitt, convicted of incest with his daughter, Julia to an indeterminate sentence of from one to three years in the penitentiary, the latter period being the maximum limit of the penalty. The judge said he believed that the penalty provided by law was not severe enough in crimes of so grave a nature.

Will Dewey, convicted of wife desertion and failure to support his family, was given one year in the county jail, but he was paroled under the charge of the sheriff, to whom he must report at stated intervals. The court also ordered that he pay \$6 weekly to the support of his family.

Emil Seig, who entered a plea of guilty to the charge of larceny for the theft of the Coffenberg bicycle, was sentenced to three months in the county jail, with parole under the sheriff's charge during that period.

R. M. Humphrey, convicted of having burglarized the homestead cabin of Miss Echo Gaddis in the Illinois valley, was given an indeterminate sentence of from one to seven years in the penitentiary. Humphrey is considered of weak mentality. He mutilated himself while on a ranch near this city last summer.

APPLE MARKET IS IMPROVING

Sogbel & Day issue the following dated New York, April 19:

The Liverpool market as per our cables the past few days stands about as it did previously. With lighter shipments they may advance. We have no cables from London or Hamburg, and the season for export is nearly at an end.

New York: Pleased to report a continued better state of things, the offerings this week at auction being as follows:

Tuesday—Washington Ben Davis, \$1.20@1.15.

Thursday—Washington Ben Davis, \$1.25@1.10. La Grande York Imperial, \$1.05@.85. La Grande Ben Davis, \$1.00@.80.

Friday—Washington Ben Davis, \$1.25@1.15.

The demand, especially for the so-called lower grades is improving largely, owing to ten days of cool weather and continued higher prices on oranges, so it looks to us as if the season here would wind up better than we had expected, unless we get a hot spell.

ALLEGED FRAUD IN JACKSON COUNTY TRADE

PORTLAND, April 25.—T. J. Leonard, under indictment on a charge of swindling in a real estate transaction and already defendant in several suits in which the plaintiffs declare he used fraud in inducing trades, is again being sued in circuit court.

The plaintiff this time is Joseph C. N. Rowell, who states that he traded 75 shares of the stock of the Chelto Harbor Packing company and two lots in Napoleon, a townsite on Willapa Harbor, in Pacific county, Washington for 87½ acres of land in Grant county and a note for \$4000 signed by W. B. Ham and secured by a mortgage on 85 acres of land in Jackson county. Rowell asserts that he has discovered that the Jackson county land is not worth more than \$425 and that back taxes have accumulated against it. He wants the deal rescinded.

NEW WRECKING TRAIN FOR SOUTHERN OREGON

A full wrecking train and crew was sent through here Friday over the Southern Pacific to Ashland, from which place it will operate. It will operate over the two divisions of the road from Roseburg, Ore., to Dunsmuir, Cal., Ashland, its headquarters being about midway. Herebefore it has been necessary to call in a wrecking train from a distance when the services of one was needed, often delaying the clearing of the track for many hours. A part of the equipment will be kept at Grants Pass. It consists of a 100-ton crane.

CHICAGO'S NEW COURT OF MORALS

CHICAGO, April 25.—Chicago's new morals court—the first of its kind in the world—is operating upon the theory that there is no derelict of society, no matter how depraved, no matter how long or how hardened in vice, but that still harbors some spark of goodness, some dormant, smoldering character material that can be fanned into a flame of good citizenship and moral betterment. The morals court is in its third week today. In that short time, according to those who were most instrumental in bringing it into being, it has demonstrated its place by the great good already accomplished through it.

The theory on which this new court is being conducted is not being preached from a pulpit as an abstract proposition. It is being put to actual practice every day, with sociological experts, who crowd the benches of the courtroom, looking on—and taking notes. They believe it will mark a new era in court methods of dealing with habits of the underworld. They believe it an essential part of any city which is striving to clean out the morally leprous spots in the community. It is, they contend, an important step in the solution of that just now widely and frankly discussed social evil problem.

The court opened April 7. Judge Jacob Hopkins, who was chosen to preside over the sessions of this new court because of his deep interest in stamping out vice, today declared he is wholly satisfied with the experiment. "We have set to work with this creed," said the judge, "that there are no 'down-and-outers.' There are persons who are temporarily down, but they are never completely out. There is always something left in the apparently most hopeless human derelict which can be awakened. All it needs is human kindness, a helping upward pull. These are not always found in the ordinary court and it is too much to expect that they always should be."

PAT MEGO BOSS OF NIGHT COPS

Pat Mego, sergeant. Promotion has come to Officer Mego of the night police force at the hands of the mayor and city council. Hereafter Officer Mego will be known as Sergeant Mego and he will boss the cops on the night force between the hours of six p. m. and six a. m. The promotion was made by Mayor Eifer Friday night, the council concurring.

The appointment provides a head for night police work. Heretofore the officers held consultations as to courses of action in emergencies. The step will leave no room for argument when orders are issued.

WOMAN SUFFERED TEN YEARS

From Nervousness Caused by Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, New York.

"Doctor's Daughter Took It."

St. Cloud, Minn.—"I was so run down by overwork and worry that I could not stand it to have my children talk aloud or walk heavy on the floor. One of my friends said, 'Try Lydia E. Pinkham's Vegetable Compound, for I know a doctor's daughter here in town who takes it and she would not take it if it were not good.'"

"I sent for the Compound at once and kept on taking it until I was all right."—Mrs. BERTHA M. QUICKSTADT, 727 5th Avenue, S., St. Cloud, Minn.

Lydia E. Pinkham's Vegetable Compound may be relied upon as the most efficient remedy for female ills. Why don't you try it?

DONALD WILL ARRIVE SUNDAY; ANDERSON SOON

"Will arrive in Medford Sunday Bud later. Henceforth it will not be Medford and Vancouver, but of Medford alone. Regards to all."

Such was the text of a telegram received in Medford Saturday by Claude Miles from Dick Donald, manager of Bud Anderson, the next light weight champion of the world. Dick will be met by a large number of local sports, while a big reception will be tendered Bud on his arrival.

In the Oregon Journal today Kayo Brown is quoted as follows in regard to the recent fight with Anderson:

"When Rivers knocked me down," said Brown, "he had to pull his punches from his hip. When he knocked me out, it was a wild, lucky swing that landed. He had been trying to land that punch for 10 rounds during which I was beating him to a frazzle, and somehow it connected with my unguarded jaw. If I had been the lucky one, it wouldn't have landed."

"On the other hand, here is Anderson. He didn't pull any swings from his hip at me. Bud just hooked his left into my jaw and set me on my haunches. Any one of his left hand blows that floored me at Vernon didn't travel over nine inches and I can't understand where he gets the power in his blows. They are terrific; they are ponderous enough to knock out anybody that the northern boy can hit. He has a great future before him. He takes good care of himself, so far as I know, and that is probably why he can hit so hard."

Public Library.

The collection of children's books suitable for home purchases, which has been at the library during the last month, is to be returned on May 1st. There are more than a hundred titles, in the very best editions. The collection will not be here again before Christmas, and it is suggested that those who would be interested in purchasing them at that time might look over the display at the library this week. The books could then be purchased at any time through the local book stores.

SURPRISING RESULTS FROM THE USE OF

NEWBRO'S HERPICIDE

The manufacturers make no claims of hair growing qualities or curative value for Herpicide. But the accompanying letter from Mrs. C. K. Sharp of Luverne, Ala., which comes voluntarily and unsolicited, is a glowing tribute to the wonderful power for good concealed in this well known scalp prophylactic.

READ MRS. SHARP'S LETTER.

Luverne, Ala., Feb. 16, 1913.

I want to give my testimony on the wonderful results of using Herpicide. December 14th, 1911, we adopted a little girl from the Orphanage. Her head was almost entirely covered with what we term "scald head," one side being entirely bald. I used every remedy I ever read or heard of including physician's prescriptions but they availed nothing. At last in desperation and as an experiment, because it isn't advertised for that, I began on Herpicide. The first few applications stopped the itching. After using two and a half bottles she was entirely cured.

I wish you could see her hair. If I had used any more Herpicide I don't know what we would have done with it as she already has hair enough for two. The bald places are well covered and it is peculiar that all the new hair is curly while the old hair is straight. The child, whose name is Ricurtis is now eight years old and calls herself the "Herpicide Girl."

MRS. C. K. SHARP.

Each day reveals marvelous and astonishing results achieved by the use of NEWBRO'S HERPICIDE. There are surprises in every bottle which may be experienced by the one who uses it carefully and intelligently. While the results are not always of such an astonishing nature as those experienced by Mrs. Sharp, they are invariably satisfying.

Herpicide eliminates all dandruff, stops itching of the scalp and prevents the hair from falling out. It gives the hair life, luster and luxuriance so intensely admired by everyone and which is so naturally associated with NEWBRO'S HERPICIDE, the well known and Original Dandruff Germ Destroyer.
