

DONALD CONFIDENT BUD WILL BE AT TOP IN SEPTEMBER

More confident than ever that his boy will be the next lightweight champion of the world and that he will be wearing this title after labor day in September, Dick Donald, manager of Bud Anderson, the Medford lightweight arrived Sunday afternoon from the north. Donald will remain here until the first of the week when he will leave for San Francisco and Los Angeles. Bud will arrive at the end of the week and remain here for a few days before leaving for the south to fight Joe Mandot, on May 20.

Donald always predicted that Bud would some day go to the top of the ladder but he has this idea more firmly implanted than ever at present. This time he has the future narrowed down to three fights. Mandot, May 20; Rivers, July 4; Ritchie Labor day.

"Bud will get Mandot in ten rounds," states Donald, "unless Mandot tries to keep away from him. He will never stand the punch Bud uses. Bud is anxious to get to Medford and see his friends here. He is intensely loyal to Medford and always will be for the local boys gave us the first big boost up. It means something when they travel a thousand miles to be at the ringside.

"Mohan, Bud's trainer should be here soon to take Bud in hand and prepare him for his fight on May 20. It's good to get back to Medford again. This is the biggest and best little town on the coast."

MAKES PLEA FOR SON

(Continued from page 1.)

I was at work away from home and did not know Lester had got home till after he was killed. As near as I could get it from those that were on the ground at the time, the shooting happened thus: Singler went to the house with another man, who stopped a little way from the house. There was a bright lamp light in the house. Singler went close enough to see the boy cooking his supper through the window. He then went to the door and pushed it open. As soon as the door opened the shooting commenced, no time for words. This much can be substantiated.

The conditions inside the house show beyond a doubt that the boy was still cooking at the stove when the shooting commenced, and he fell near the stove.

At Work When Shot.

The conditions inside the house show the position of everything and that the boy was at work at the stove when the shooting commenced. I could make this stronger, but they are both dead and so we will end this part of it. If the boy had been in dread of anything or had known of anyone on the outside, he could easily have stepped through a middle door in the dark where he could not be seen. If he had apprehended any danger he would not have been working over the stove in a bright light. There is nothing to make noise outside the house and footsteps are not easily heard by one working inside, and in a bright light he would not be likely to see anyone on the outside. The conditions inside make it too plain for any doubt that the boy did not know of anything until the door opened, and then there was no time for words, and if it had been possible for him to know someone was on the outside, he could not know who was outside in the dark, friend or foe. He had never seen Singler and when that door opened he had neither time nor chance to surrender. He was being cut to death with lead, and only a merciful God gave that boy strength to reach his pistol and fire a few shots while he yet lived. It was all he could do.

Asks for Fair Play.

I fully believe this, for the conditions fully bear it out, and make it too plain for any doubt. I believe in fair justice to the boy and to the public. I believe these are the true facts in the case as near as they can be gathered. Singler was on the bravado order and a gun man and did not propose to take any chances. My boy was not a criminal nor was he a desperado. OLIVER JONES.

FINAL AGREEMENT IN LAND GRANT CASE

PORTLAND, Ore., April 28.—Final agreement in the government's action against the Oregon & California Railroad company to recover 2,300,000 acres of land, which was set for today in the United States district

FIRST SUCCESSFUL SNAPSHOT TAKEN OF HERMAN SIELCKEN, KING OF COFFEE

Herman Sielcken, the boss of the world's coffee market, has at last been photographed. For more than a year he has been dodging the camera men, and he won't let himself be caught until last week. Through a contract with one of the states of Brazil, where most of the world's coffee is grown, he has control of the sale.

Sielcken has been described by some of his admirers as the greatest business man in the world, though very few persons know him, and not until last year had the public heard of him. Through a contract with one of the states of Brazil, where most of the world's coffee is grown, he has control of the sale.

PAYNE ATTACKS NEW TARIFF AND PRAISES OLD ONE

WASHINGTON, April 28.—Representative Sereno Payne of New York today in the house attacked the Underwood bill and defended his own measure. He predicted disaster for the country if the Underwood bill were passed.

"Men falsely asserted four years ago that the tariff was revised upward," said Payne. "The democrats themselves now fear the effect of the Underwood measure.

"Manufacturers now are coolly told by the democrats that they do not understand their own business, that they must set their wits to work and employ new methods to bring their factories to a point of efficiency and make the best goods in the world.

"As a tariff for revenue, the bill is a signal failure and if the threatened stagnation of business materializes, there will be a falling off in customs revenues and income tax receipts, thereby creating a large deficit.

Representative Rainey of Illinois attacked swollen fortunes, asserting they were made possible by the favor of the government, and that few were accumulated otherwise. He landed the income tax clause of the tariff bill and discussed the effect the Underwood bill would have on the cost of living. He declared that the textile strike at Lawrence, was evidence that the manufacturers do not give their employes a just share of tariff favors.

Rainey described conditions in

Lawrence during the strike, especially the efforts of the manufacturers' to prevent the strikers' children from leaving the city.

FRIEDMANN SELLS CURE

(Continued from page 1.)

go to one of the Friedmann institutes," said Dr. Sturm today. "No physician will be permitted to obtain the culture and treat his own patients.

"Arrangements have been made to treat charity patients, and we hope to have an agreement with the state and charitable institutions so that persons without sufficient means to obtain the treatment for themselves may be enabled to travel to the institutes. A department will be maintained in each institute to investigate the financial standing of applicants and there will be no fixed charge. A millionaire or a person in moderate circumstances will pay in accord with their means. Special days will be set apart for the treatment of the poor. The institutes will be conducted on much the same lines as the Pasteur institutes are."

Eisner this afternoon handed Dr. Friedmann a certified check for \$50,000, including the \$125,000 cash payment stipulated in the agreement.

GRAND JURY TO PUSH

(Continued from Page 1.)

officials are preserving absolute secrecy in the matter.

It is, however, said that in case the grand jury receives no word from Washington in the matter before next Monday it may take the matter into its own hands and push the prosecution to the limit, as the evidence is in its hands.

BIXBY RETURNS TO GIVE EVIDENCE

LOS ANGELES, Cal., April 28.—

Arrested on a charge sworn to by Florence Grayson, a fifteen-year-old school girl, William Laeese, an automobile agent, is awaiting today the efforts of his attorneys, who are seeking to provide bail. He was arrested in the apartments of Mrs. Paul Engstrom, wife of the son of F. O. Engstrom, a contractor. A similar warrant was issued for Richard Hollingsworth, an automobile salesman.

The charges of the Grayson girl, the police say, have been substantiated by several girl students of a Los Angeles high school, who are expected to be called before the grand jury. Her statements also may result in the prosecution of several resorts and cafes on charges of selling liquor to a minor.

George P. Bixby, who disappeared mysteriously after he had been summoned as a witness in the case of Mrs. Josie Rosenberg, alleged procuress, reported today and was ordered to appear May 5.

BABCOCK RESIGNS TO SERVE ON COMMISSION

SALEM, Ore., April 28.—C. D.

Babcock, who will be one of the three members of the state industrial accident commission, today announced his resignation as corporation clerk in the office of the secretary of state. He stated he would open a downtown office and prepare for the inauguration of the workmen's compensation law.

NORTHERN PACIFIC SALE NOT FRAUD

WASHINGTON, April 28.—That

the transfer of property worth \$465,000 from the old Northern Pacific railroad to the new corporation controlling that system cannot defeat the claims of unsecured creditors of the old corporation was the gist of a decision handed down today by the United States supreme court. The decision declared "The transfer was not a moral fraud whereby the stockholders of the old company secured an interest in the new company. It does not necessarily operate against the unsecured creditors of the old company."

SAN RAFAEL, Cal., April 28.—

Convict Jacob Oppenheimer, the "human tiger," who has a long record of murders, was sentenced today to be hanged in the Folsom penitentiary June 6, by Superior Judge Sturtevant of San Francisco, sitting here. Women Gamble for High Stakes. Many women are gamblers for very high stakes. They stake their health and good looks upon everything working out all right when attacked by those ailments which their sex alone are called upon to suffer.

The only excuse can be ignorance of the dangerous consequences or an aversion to undergo medical examination. This may often be avoided by recourse to Lydia E. Pinkham's Vegetable Compound, a perfectly safe and harmless remedy compounded from roots and herbs, which for nearly forty years has been curing American women from the worst forms of female ills.

NOT GUILTY IS PLEA OF ELOPERS

SAN FRANCISCO, Cal., April 28.—"Not guilty" was the plea entered today in the United States district court by Maury L. Diggs, and F. Drew Caminetti of Sacramento, who are charged with taking Marsha Warrington and Lola Norris, two young Sacramento society girls, to Reno for immoral purposes. Diggs is a former state architect and Caminetti is the son of State Senator Anthony Caminetti of Amador county. They are being prosecuted under the Mann white slave act.

MRS. PANKHURST GIVEN MORE TIME

LONDON, April 28.—Home Secretary McKenna today extended Mrs. Emmeline Pankhurst's "ticket of leave" from Holloway jail. It was said the militant suffragette leader is critically ill and that her life would be jeopardized if she were returned to prison to finish her three years' sentence at hard labor for instigating the dynamiting of Chancellor Lloyd-George's country home.

NEW LOW RECORDS ON CERTAIN STOCKS

NEW YORK, April 28.—Reading, steel and Amalgamated were handled in large amounts in the stock market today. Several of the leading issues lost from one to two points. Southern Pacific, St. Paul, B. and O., C. and O. and other standard issues established new low records for the year. A slight rally followed. The market closed irregular.

Blood Bath Knocks Rheumatism

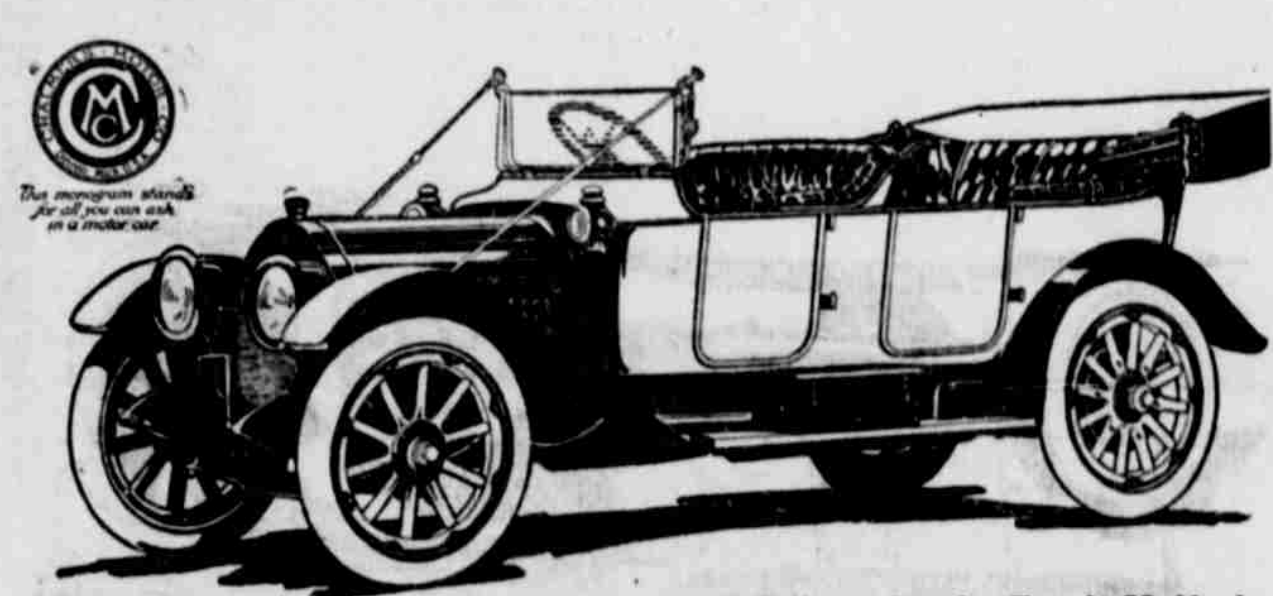

Remarkable Effect of a Remedy That Actually Irrigates the Entire Blood Supply.

The Hardest Nut of All, Rheumatism, Is Cracked by S. S. S.

It sounds queer to take a blood bath but that is precisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dissolves by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have dragged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs. You can get S. S. S. at any drug store at \$1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood antidote ever discovered. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 117 Swift Bldg., Atlanta, Ga.

\$2150 Fully equipped. F. o. b. Medford.

Chalmers "Thirty-Six" gives the answer to both

--to the man who is thinking of buying a cheap car:

The difference between the Chalmers "Thirty-Six" and some other car you may be thinking of buying is probably about \$300 or \$400.

But the difference in value, we can honestly assure you, isn't less than \$1000.

Nowadays it is not merely enough that an automobile run. You can take that much for granted with almost any car. What you should look for is permanent satisfaction, comfort, good looks, elegance of equipment. You want a car you can be proud of. You want a car that will be good 5 or 6 or 8 years from now.

The Chalmers "Thirty-Six" is such a car.

Built in the Chalmers shops, manufactured—not assembled—made of the best materials and under the most rigid inspection, the "Thirty-Six" offers all you can ask in a motor car. If you are going to spend your money at all for a motor car, isn't it wise economy to put \$300 or \$400 more to it and make your first investment really good?

--to the man who is thinking of buying a high priced car:

Just what more do you get in any high priced car than you get in the Chalmers "Thirty-Six," at \$2150? Can you go any further in a day or a month? Can you go any faster, (except at great risk)?

Can you ride with any greater comfort? Can you get any more conveniences to make driving easy and pleasant?

We honestly believe that many people choose high priced cars simply because they are high priced.

We know of many who have paid more than they really needed to pay—simply because they didn't realize that a medium priced car like the "Thirty-Six" would give maximum service.

We know these same people are paying out monthly far more in upkeep than they would need to pay for such a car as the "Thirty-Six."

To all such we say, "See the "Thirty-Six"; ride in it; try it out thoroughly. It is a car you can be proud of—a car that will save you money—but not at the cost of satisfaction."

Won't you give us the opportunity of demonstrating the Chalmers "Thirty-Six"? Please phone or call.
