SCHOOL FUNDS ARE PROPERTY OF DISTRICT

SALEM, Or., May 1.—School funds do not belong to the individual pupils in a district but to the district as a whole, according to an opinion of Assistant Attorney General Van Winkle today.

The matter was presented to the attorney general's office by a citizen of Riddle, in Douglas county, who stated that a rural school district near there was paying a proportionate share of the district's funds to certain pupils who had finished the grammar school in the district and were attending the high school at Riddle.

FINISH TARIFF BILL SATURDAY PROMISE OF UNDERWOOD

WASHINGTON, May 1.—"I think we will finish the tariff bill in the house by Saturday night" declared Democratic Leader Underwood tonight after an all day debate on the iron and steel schedule.

All day and again tonight the democrats with their overwhelming majority bowled over all amendments proposed by the republicans and progressives.

The ways and means committee, however, had carried a number of its own amendments all of minor character and designed to perfect the classification.

The iron and steel schedule was the particular target of attack by the republicans and progressives and Representative Palmer who is in charge of that schedule was frequently reminded that the Bethlehem Steel company was in his district.

Mann, republican leader and others charged the duty on ferro manganese was distinctly in the interest of the United States Steel corporation. Personalities were indulged in several times particularly in the discussion of the steel corporation and its holdings in Minnesota mines and concerning the Alabama iron companies.

BRYAN VISITS JAP SETTLEMENT AT SACRAMENTO

SACRAMENTO, Cal., May 1.—Japanese women working in the fields schools in which the Nipponese children outnumber the white; a lone general store, owned by a discouraged native Californian competing against two flourishing Japanese establishments across the street, were the conditions at Florin, a little country town twelve miles from the capital where the conditions as found today by Secretary of State Bryan and Governor Johnson on a tour of inspection.

The trip was taken to give Bryan first hand knowledge of conditions upon which the demand for anti-alien land legislation in California is based.

"I am using my eyes and ears, but not my tongue," was Bryan's only comment upon his return to the capitol to be present when the senate considered the Webb bill. "It's a beautiful valley," he added, referring to Florin.

Governor Johnson, who did practically all the questioning, brought out the fact that the state readers used in the Florin schools had been translated into Japanese in Tokio and were intermingled, line for line, with the Nipponese version.

In the school visited today Bryan saw seventeen Japanese children sitting beside seventeen white children. The average daily enrollment is twenty-two Japanese and twenty whites.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Stork.

In thousands of American homes there is a bottle of Mother's Friend that has aided many a woman through the trying ordeal, saved her from suffering and helped her in health in advance of baby's coming, and had a wonderful influence in developing a lovely disposition in the child.

There is no other remedy so truly a help to nature. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, and not only banishes all distress in advance, but assures a speedy recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child.

Mother's Friend can be had at any drug store at \$1.00 a bottle. Write to Bradford Regulator Co., 228 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

Some Good Buys
