GENERAL CLUB NEWS

The Portland Chapter of the Collegiate Alumni listened a few days since to a convincing talk on the necessity of enlarging the park and playground acreage around Portland. Mr. V. Cincent Jones gave the address. He stated that between $500,000,000 and $600,000,000 is the cost of crime in this country. If a large part of this sum were spent in giving children organized and properly supervised recreation—playgrounds—at least 50 per cent of the criminals would be eliminated. Childhood is the impressionable age—the time when habits are formed, therefore they should be given an opportunity for good healthy amusements. In addition to preventing crime, playgrounds also prevent disease by giving the child a proper amount of outdoor exercise and air.

The Arkansas Music committee of the State Federation Clubs has accomplished fine work this year. Their special work being to start a statewide movement for the introduction of music in the public schools as a regular branch of study.

CLUB NOTES

There are now 123 members of the Greater Medford club.

* * *

There seems to be a demand for a departemnt of literature in connection with the club. A meeting of those interested will be called in the near future to discuss and map out a program for next year's study.

* * *

A number responded to the call for those interested in the kindergarten movement. As a consequence an enthusiastic meeting was held on Tuesday last, when a committee with Mrs. E. E. Gore as chairman was appointed to confer with Mr. Collins, superintendent of schools, and with the school board in regard to the matter. During the discussion it developed that several families had left Medford last winter in order to give their children the advantage of kindergarten training. Can we afford to have several hundred dollars a month taken out of the valley for such reasons?

At the regular monthly meeting of the Greater eMdford club on Monday, April 28th, the following officers were elected for next year:

Mrs. E. E. Gore, president; Mrs. W. G. Davidson, first vice president; Mrs. F. E. Merrick, second vice president; Mrs. Burt Harmon, treasurer; Mrs. A. B. Schuster, recording secretary and Miss Elizabeth Robinson, corresponding secretary.

Preceding the election a number of matters were taken up and discussed by the members. A letter was read from the Oregon Library commission placing at the disposal of the Greater Medford club a series of traveling libraries on special subjects, having to do with the lines of study and research undertaken by the different departments. A letter was also read from the secretary of the General Federation welcoming the Greater Medford club into the General Federation and expressing the hope that the Greater Medford club would receive all the good that is to be had from the affiliation with this world-wide organization. This affiliation also means that the Greater Medford club is now entitled to its own delegates to the biennial in Chicago in 1914.

A communication from the Oregon Citizens league was read and voted upon. The league was formed to preserve and promote educational interests in the state of Oregon. One of its objects, and perhaps the main one, is the saving of the state university at Eugene from consolidation with—or absorption by—the State Agricultural college at Corvallis. The Greater edford club voted to join the league in its endeavor to prevent this backward step in educational endeavor, which is being brought about by the Corvallis college of agriculture.

MUSIC

About 100 persons, children and adults, will take part in the musical pantomime to be directed by Mrs. J. Sziver of Budapest, Hungary, and given under the auspices of St. Mark's Episcopal Guild. The production is adapted from the German "Die Puffenfee," which is given annually in the fatherland. The music is entirely from German compositions and suggests the action of all that takes place. Following is a brief summary of the two acts:

The curtain rises on a doll shop, disclosing the old shopkeeper and his array of dolls, which will be portrayed by young women. A number of customers enter and admire or purchase the dolls.

In the second act the shopkeeper, wearied by the day's exertions, falls into a deep sleep, when a fairy, hitherto imprisoned in a clock, unfolds a dream, brings the dolls to life, and a night of revelry takes place.

At this time song and fancy dance specialties are introduced, the dolls returning to their places at the stroke of midnight. Mrs. Sziver has given this production in many cities in Canada and the United States and thoroughly understands her work.

The local production will occur the evenings of May 14 and 15, with reserved seats at Haskins' May 13. General admission for children under 14, 25 cents; reserved seats 50 cents.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blest with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
