

COMPLETE PROGRAM FOR CHAUTAUQUA AT ASHLAND, JULY 7-18

The Southern Oregon Chautauqua dates for 1913 are from July 7-18 at Ashland, Oregon. The program has just been completed. Among the speakers are Jacob Riis, Col. Geo. W. Bain, Prof. Baumgardt and Poon Chew.

Announcement is made by Manager Billings as follows:

Jacob Riis, known as an author, lecturer and a man who does things, particularly as the leader in bettering conditions of the poor people in the city of New York. One of the three or four most useful citizens of the state of New York. He is a most interesting speaker and we are fortunate in securing him for his first appearance in Southern Oregon.

Kentucky Orator.

Col. Geo. W. Bain, the Kentucky orator, one of the most widely known and successful public lecturers the Chautauqua and Lyceum has ever known. "Col. Bain has done more good than any other man on the American platform," said by a man who had delivered more than five thousand lectures. He has been on the platform of the Mother Chautauqua more times than any other man, and is engaged for 1913. Our 1911 patrons will be glad of another opportunity to hear his entertaining and uplifting messages. Two lectures.

Prof. Panahaska and his trained pets. (Children's Day). Offer the most interesting and artistic performance conceivable. Years of patient and intelligent training has been put into the perfection of this wonderful performance, which cannot be duplicated on the Continent. An all new star production valued at \$20,000.00. You'll never weary watching them enjoy life. These dumb animals obey like children and seem actually endowed with reason. His birds and dogs are trained to do marvelous things. One performance.

Illustrated Lectures.

Illustrated Lectures. Prof. B. R. Baumgardt of Los Angeles, Cal., has for some years stood in the front rank in the quality of his scenic pictures, and the description which he gives cannot be surpassed. He has spent much money and travelled thousands of miles to secure his negatives of scenery both in America and in foreign countries. In addition to views of American and European scenery, he has two or three astronomical lectures which are among the very best. Edgar L. Larkin, director of the Lowe Observatory says: "I was not aware that California had a man within her borders capable of presenting science in such an interesting way. The audience was captivated; the evening was a revelation." Prof. Baumgardt will be with us two evenings and one of these he will give "An Evening with the Stars" and one evening with illustrations of some country in Europe. Each evening an illustrated prologue will be given of "See America First."

Foreign Singers.

The Tyrolean-Alpine Singers, from the Tyrolean Alps, especially for our Chautauquas. A beautifully costumed company; original solos, duos, quartets and choruses. Instrumental music with Tyrolean instruments, American, German, Tyrolean and Bavarian folk songs. No musical organization ever had such an ovation, as was given this troupe in 1911 and 1912. The audiences were phenomenal at every point and the people enthusiastic. Two programs.

Panama-Pacific International Exposition Lecture. One evening will be devoted to a lecture magnificently illustrated, with dissolving views and moving pictures depicting not only the scenic environment, picturesque site, palatial buildings, plans and ideals, but also in vivid scenes to pass before the very important event in the history and making of the exposition up to this date. This certainly should be a matter of interest to every thinking man, woman and child in Southern Oregon and Northern California.

Sierra Quartet.

Sierra Mixed Quartette of Oakland, California, is an organization of quality and has proven itself a success before many audiences, including chautauquas and conventions. Each member is a soloist of acknowledged professional standing, and their names will be found on the musical programs of the most important events in the state of California. Its repertoire ranges from the best operatic and classical selections to the various kinds and classes of ballads and folk songs of all nations, and the well known songs from the various musical productions. The Pacific Grove Assembly say they never have had anything better. Two days.

Miss Maude Willis, interpreter of Masterpieces. Miss Willis is a young

RONEY BOYS AT NATATORIUM TONIGHT

One of the Roney Boys in Highland Costume.

woman of most striking personal appearance. She makes a most beautifully winsome and attractive figure on the platform. You are charmed with her personality. You laugh with her at some little episode of life's sunshine—your nerves grow tense at some related tragedy—your eyes grow dim with tears at some little tender touch of sentiment. Each character as she reads, seems to step out of the nowhere and stand before you a living, breathing, human being. Miss Willis is in the class with the three or four best lady readers in America. Two programs.

Sam Jones' Son-in-Law.

In securing Walt Holcomb a son-in-law of the late Sam Jones, we have something decidedly new and attractive. One of his subjects is the "Horse Race." Here is what Dr. Wilbur L. Davidson, who was at the time of his death, the best known chautauqua man in the country, having had for many years from ten to fifteen assemblies each year, says of him after seeing the "races." "Holcomb's delivery is impassioned and dramatic. He can hold any crowd he faces. He has appeared at the best chautauquas in America, and has been recalled to many of them several years in succession. His 'Horse Race' lecture outdraws a country fair and is a perfect platform gem. It is so 'different' and therein lies its strength. It is with genuine satisfaction that we recommend this unique personality, whose name will greatly enrich any program." Two programs.

Another new attraction is that of Ng Poon Chew. He is the managing editor of the Chinese daily paper the Chung Sai Yat Po, of San Francisco, the first Chinese daily published in America. He came to America a mere lad over thirty years ago and has obtained all his English education in this country. During the last twenty years he has devoted all his efforts to educate and improve the conditions of his people. He has lectured before all manner of audiences all over the United States during the last fifteen years. Immediately before the Chinese revolution, Ng Poon Chew visited China and spent nearly a year traveling over the greater portion of the country. The San Francisco Call says, "As a humorist an Oriental Mark Twain has developed in the keenly clever and highly educated person of Ng Poon Chew. Chinese editor and some times lecturer before all manner of assemblies." One lecture.

Schools. Bible Work—Dr. Wm. Parsons of Eugene. Literature—Dr. F. Berthold of the O. A. C. We confidently expect that Prof. Larimore will have charge of the Boys' and Girls' clubs. He is the man who has no superior in his line of work. Economic Problems—Dr. Gilbert of the U. of O. W. C. T. U. Methods. Other departments will be announced later, as also other speakers. The general favorite, Prof. Dick Posey, has promised to be on our program if he is not in Europe. Special days are being planned. The program will be thoroughly enjoyable.

SEEK TO SLAUGHTER CALIFORNIA SONG BIRDS

SACRAMENTO, Cal., May 7.—California songbirds had better get busy with all the melody of which they are capable, for they are concerned in the preservation of their species. Otherwise they are doomed to meet a speedy end as people filling. "The birds up our way don't sing anyway, so they might as well be killed off," was the statement of Assemblyman Nelson of Humboldt, in opposing a stricter game law. His sentiments were echoed by many other members.

RONEY BOYS IN CONCERT AT NAT THIS EVENING

Tonight at the Nat Henry R. Roney and his famous "Roney Boys" will be heard at the Natatorium on their concert tour covering thirty states. They render a musical program of rare excellence appearing in costume. Mr. Roney, who is an old friend of T. H. E. Hathaway of Medford, was a famous organist until he lost his leg in an accident some years ago, since then he has devoted himself to training musical prodigees, which he gathers from all sections of the country.

Last month the Roney Boys appeared at Los Angeles and President George F. Bovard of the University of Southern California, writes as follows concerning the concert:

"I had been led to believe it would be a concert worth while and yet we were not prepared for the very great surprise in the high quality of music given and the splendid rendition of the same. I believe it to be the unanimous opinion of the faculty and students of the University of Southern California that in addition to the delightful entertainment the lessons learned from the exhibition of what can be done with young boys are of immense value to us all. I need not remind you that our faculty and students showed their appreciation by the very strict attention throughout the entire concert. I deeply regret that you feel that this year must be your last year in that particular work. I congratulate you most heartily upon what you have been able to do. I am sure that a hall several times larger than the assembly hall of the University of Southern California could be filled, were it announced that Roney's Boys were to appear again."

CHAMBERLAIN OFFERS WOOL AMENDMENT

WASHINGTON, May 7.—Senator Chamberlain today offered an amendment to the wool schedule placing all manufactured wool on the free list. "If the desire of the democrats is to save the consumer money my amendment offers an opportunity for a real saving," he said, "for the saving on free wool to the consumer is infinitesimal compared with what it would be with free manufactured wool." He declared he is not in favor of the removal of duty from either, but if wool is to be free, manufactures should also be free.

As the bill approaches its day for passage in the house, the senate is completing plans for its consideration. Many republican senators have drafted amendments. Senator Sherman, of Illinois, has one to provide that no provisions of the income tax shall apply to any insurance company or association which conducts its business solely upon mutual plan and only for the benefit of its policy holders or members.

With Medford trade is Medford made.

ACKNOWLEDGE IT

Medford Has to Bow to the Inevitable —Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Medford given below, you must come to this conclusion: A remedy which proved so beneficial years ago with the kidneys, can naturally be expected to perform the same work in similar cases. Read this:

Mrs. J. H. Baussum, Central Ave., Medford, Ore., says: "I was so bad with kidney trouble that I could not do my housework. My back was weak and painful and in the morning when I got up I was lame and sore. The kidney secretions were unnatural and my health steadily ran down until I was hardly able to get about. While in that condition, I read about Doan's Kidney Pills and got a box. I felt better from the time I commenced using them and it was not long before I was cured. I am in a position to recommend Doan's Kidney Pills to anyone afflicted with kidney complaint." (Statement given September 14, 1907.)

When Mrs. Baussum was interviewed several years later, she said: "My former endorsement of Doan's Kidney Pills still holds good. Since this remedy cured me I have had no further attacks of kidney complaint and I have enjoyed good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

BLEASE OFFERS \$500 FOR PART OF A NEGRO

COLUMBIA, S. C., May 7.—A reward of \$500 "for enough of it to be recognized," is offered here today by Governor Cole Blease for the body of Richard Austin, a negro who shot and killed two white men and fatally wounded a third near Hampton last Wednesday.

ARMY DRAFT BY PRESIDENT HUERTA

MEXICO CITY, May 7.—Beginning June 1 an army draft is authorized here today in a decree issued by President Huerta. It applies whenever voluntary enlistments are inadequate to fill vacancies in the ranks.

WHEW! Here's Old Summer Again

It is easy enough to put the kibosh on the thermometer and to laugh at the sun's warmest efforts if YOU ARE DRESSED RIGHT

And it is easier still to be dressed right. Come in and talk it over, we are stocked up with cool, summery togs and with each purchase we wrap up comfort and satisfaction.
