RIVERS TO FIGHT IN LOS ANGELES

LOS ANGELES, Cal., May 19.—Joe Rivers will not fight Willie Ritchie at San Francisco on Independence Day, according to the positive statement here today by his manager, Joe Levy, after Levy had been interviewed by Eddie Graney of San Francisco, who claims to have Ritchie's consent to battle there. Levy admitted, however, that he will talk with Graney again late today.

"Tom McCarey has Rivers' and my word to fight July 4 in Los Angeles," Levy said, "and unless he releases us we will stand by our promise, even if it loses Joe a chance at the championship."

NO NEAR CRISIS WITH JAPAN
(Continued from Page 1)

expected. The tentative draft of the reply to Japan is ready and is being held by Bryan until Johnson's signature of the bill makes its despatch to Japan timely.

The disposition of the powers to keep their hands off the situation has intensely gratified the president, who feels that it is a matter "between friends."

Doubts California's Unity.

The president understands that sentiment on the anti-alien question is divided in California. He has been advised that the northern part of the state is more strongly in favor of exclusion or of checking the settlement of Asians than is the southern part of the state, and this feeling, it is believed, has made him doubt that the call for the Webb bill is so strong as appears on the face of things.

BACCALAUREATE SERMON HEARD BY HIGH SCHOOL

The Baccalaureate sermon to the graduating class of the Medford High school was delivered last evening by Rev. Olin E. Eldridge of the Methodist Episcopal church. The services were held in the large hall of the Natatorium and witnessed by a large number, the entire seating capacity being utilized.

Rev. Eldridge was assisted in the service by Rev. Boyle of the Christian church, Rev. W. F. Shields of the Presbyterian church, Dr. McCullough of the Baptist church and the Methodist church choir under the direction of Forrest Edmeades.

Dr. McCullough gave as the scripture reading a selection from the gospel of St. Matthew, known as the sermon on the mount, embracing the most beautiful and inspiring passages in the New Testament.

The musical numbers included two anthems, "Praise Ye Jehovah" (Wolcott), "Fear Not, Oh Israel" (Max Sticker) and a solo, "Come to the Land of Rest" (Philip Greeley), by Mr. Edmeades. The solo parts in the anthems were taken by Miss Iva Coffin, Mrs. Van Scoyoc, Mrs. Philbrook, H. A. Canaday and Charles Hoy. Rev. Eldridge gave an excellent address, taking self-culture as his theme and striking the keynote in his opening remarks: "The danger of the age is mediocrity." The desirableness of culture in all its phases: the social, intellectual and spiritual, was shown by historical incidents, statistics and comparisons in the three material kingdoms.

The true meaning of culture, Rev. Eldridge defined as inward development, not dependent alone upon one's position or environment in life, which often signifies but a false standard of greatness.

The necessity of traits such as common sense, tact, perseverance and enthusiasm as assets to intellect and character was brought out in a convincing manner.

The thought of the whole discourse was such as to inspire to the highest possible attainments, a thought tending to encourage and show that such attainments are quite within one's capacity.

That quality of speech which the American idiom designates as "preachy" and one invariably antagonistic to the "young idea" was conspicuously absent.

The address was helpful in every sense and appreciated by all present.

CATTLE HIGHER SWINE SLUMP

PORTLAND, May 19.—Receipts for the week have been: Cattle, 1810; calves, 113; hogs, 4312; sheep 4597; horses, 55.

The cattle market reached the pinnacle of this year's business last Monday. All existing Pacific coast open market prices for beef were broken when five loads of corn fed steers went to the killers at \$9. A few cows brought \$7.65, but offerings were scarce. The general run of prime fed bullocks sold \$8.50 to \$8.70. Good calves are steady at \$9 and bulls \$6.25 to \$6.50. The beef shortage is acute and fails to fill the constant demand from anxious buyers. \$8.75 for steers, \$7.75 for cows, \$9 for calves and \$6.50 for bulls are conservative tops in the cattle market, which is firm.

Swine prices suffered one of the severest slumps of the year on Monday and Wednesday. Total loss was 45 cents. Tops were just steady Thursday at \$5.40. A week ago hogs were selling around \$9. Receipts were enormous and market was glutted.

Sheep house had a broad business and a lower price level. A firm mutton demand absorbed the sheep and lambs offered, but the trade was uneven. Prime ewes at \$5.25, wethers \$6.25 to \$6.50 and lambs \$7 to \$7.25 are best grade sheared prices. Wool and spring stuff \$1 higher.

To the Editor:
In a time of changing and to a limited extent unsettled business conditions I note a strong tendency throughout the country to give undue prominence in the press to business failures and the sale of bankrupt stocks. In a beautiful valley such as ours with its vast resources that are untouched and entirely undeveloped our crying need is for more settlers and more capital and a more united effort toward building up the town.

It seems to me that advertising freely to the world at large through the news columns that Medford's leading merchants are financially embarrassed, that they are accused of dishonesty and are unworthy of confidence is not the way to build up the town. If a man has business trouble give him a chance to get on his feet and justify himself before making a scurrilous attack on his methods and character, that works a personal injury to him from which he can scarcely recover in a life time and that makes the name of our fair city a by-word throughout the entire state.

The petty jealousies that exist between rival cities are thus fostered and the business interests of the entire town made to suffer. If a man is on the rocks, help him off.

RAILROAD OPENS MEDFORD GATEWAY TO CRATER LAKE

Assurance was given by General Passenger Agent John M. Scott of the Southern Pacific railroad while here Sunday that the discrimination heretofore existing against the Medford gateway to Crater Lake, has been eliminated and that hereafter round trip excursion tickets will be sold via Medford to Crater Lake from Portland San Francisco and eastern points.

Notwithstanding the fact that the Crater Lake company has for several years operated an auto stage from Medford to the Lake, the Southern Pacific has refused co-operation from this side, throwing all business to the Klamath section.

The opening of the Medford gateway is due largely to the interest taken in the matter by Mr. Scott as well as the energetic campaign made by Alfred Parkhurst of the Crater Lake company.

This is the wire which the Sun said yesterday would probably carry the returns. In addition to the Anderson-Mandot fight, blow by blow, the wire will also give the results of the preliminaries which begin at 8 p. m., the special event between Monte Attell and Cal Delaney, the Willard-Smith fight at San Francisco and the Jack Britton-Eddie Murphy fight at Kenosha, Wis.

Moving pictures will also be shown and the entertainment will be perfectly proper for ladies as well as men. Doors open at 7:30 p. m.

CONTRACT LET FOR KING DRAGS

Application was made Monday to the county court for a franchise for the construction of a trolley line upon county highways. The application was taken under advisement for decision later and submitted to District Attorney Kelly for an opinion by the court.

Monday the court let a contract for the construction of 50 King drags for road work to Mitchell & Boeck. These drags will be distributed every few miles throughout the county to work roads after rains and are expected to greatly improve the high-way situation.

Complaint has been filed with County Judge Tou Velle that a portion of the county road on the south side of the Rogue west of the Gus Nichols place, has been fenced and planted to orchard. The matter will be investigated at once.

NO PLACE LIKE HOME DECLARES ROSEY, THE TOURIST

A. S. Rosenbaum, the popular manager of the Medford division of the Southern Pacific railroad has returned from an extensive tour of the country, better satisfied than ever that there is only one place worth living in, and that place the Rogue river valley.

"I have been through 27 states and visited all the great cities," says Mr. Rosenbaum, "and I have not seen any section in the same class with Southern Oregon. Why we have them all beat—in climate, in scenery, in natural resources, in attractiveness. These other places are all right to visit—but give the Rogue river valley as a place to live. We don't realize what we have, until we see what other sections are."

"I visited Washington and heard the tariff debated. John Hall McKay showed me the sights of New York and I saw the suffrage parade there. I saw the fruit sections of Florida, the southern states and California. I stepped into Canada on the north at Niagara and into Mexico at El Paso on the south. I saw the ravages of the flood in Ohio and Indiana, far worse than I imagined—and the cyclone's path of destruction in Omaha and I am thankful
