

BUD ANDERSON DEFEATS MANDOT INTWELVE ROUNDS

LOS ANGELES, Cal., May 21.—The pugilistic progress of Bud Anderson of Medford, Oregon, is interrupted today, while Joe Mandot of New Orleans is in the lightweight discard, as the result of their meeting last night at McCarrey's Vernon arena. Anderson won handily by a technical knockout in the twelfth round after he had led the fight from the first tap of the gong. Mandot was still on his feet but was palpably unable to defend himself when Referee Eytan interfered and hoisted Anderson's arm declaring him the winner.

Bud's great punishing power won him the battle. His boxing was crude and the Frenchman easily surpassed him at the long range work. Anderson, however, refused to work at a distance. After almost every close quarters and pound on the New Orleans boy's stomach with pistonlike lefts and rights. As early as the first round it was apparent that this mode of attack would seal Joe's doom.

Mandot Down in Ninth.

Mandot had a hard time to weather the ninth. He went to the mat from a short right to the jaw but came up fighting bravely. The bell stopped the terrific punishment.

Throughout the tenth and eleventh Anderson continued his body attack, and in the twelfth after beating Joe's kidneys until the Frenchman was almost ready to drop shot a hard right to the jaw which sent Joe reeling across the ring. As he leaped to finish his work Eytan interfered.

In addition to what veteran ring birds here declared to be the most terrific punch ever exhibited at Vernon by a lightweight, Anderson showed amazing strength. In spite of Mandot's clever covering and surreptitious holding he was unable to break the force of Bud's punches, which continually crashed through the southerner's guard to his battered body. The first series of these body punches, delivered in the first round, lifted Mandot clean off the canvas and caused him to wince with pain.

Went for Kidneys.

Before the third round was over Bud had begun to pay particular attention to the kidneys, and from then until the end he battered the weaker area that had appeared on Mandot's back.

In the third and twelfth rounds Mandot made desperate efforts to stay the tide. In the third he rushed Bud furiously and repeatedly, but was unable to land a single disturbing punch. His final rally, which was the last attempt of a beaten man, came in the twelfth round. Joe rushed Bud to the ropes, where he dug away with both hands. His efforts were wasted, for Anderson waited calmly until the spurge was over, and then started on his own account a rally that ended the battle.

Bud to Meet Rivers.

Unless Tom McCarrey gives in to the prayers of Eddie Graney of San Francisco that he surrender his claim on Joe Rivers for July 4, Bud probably will be matched to meet the Mexican here Independence day. Anderson is anxious for the match. He has made no plans for the immediate future.

Cal Delaney took a ten-round decision from Monte Attell in the semiwind up. Jimmy Lastro and Her Griswold went four rounds to a draw in the curtain raiser.

O'HARA OFFICIALLY CLEARED OF SCANDAL

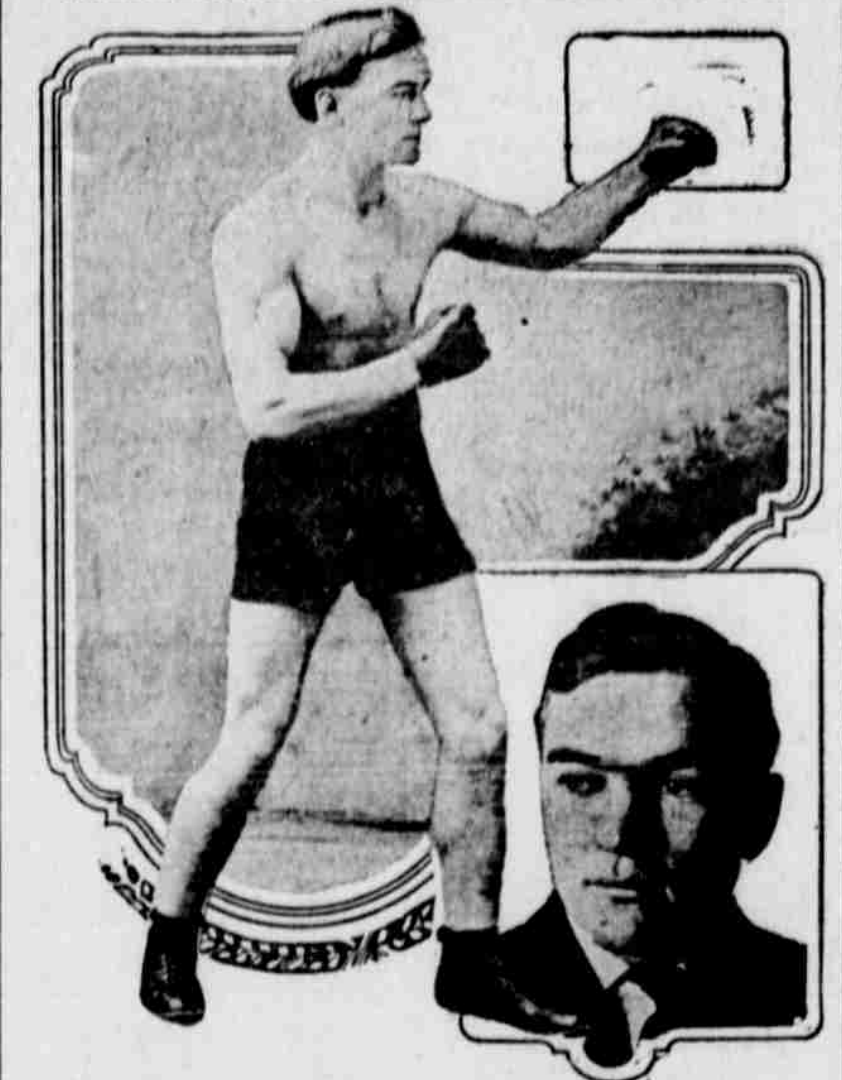

SPRINGFIELD, Ill., May 21.—Lieutenant Governor Barrett O'Hara was officially cleared of all suspicion of immorality laid against him by an affidavit of Mrs. Maude Robinson by a report today of the state senate committee under Senator Ettelson, which investigated the woman's allegations.

The Ettelson report also censured the white slavery and starvation wages committee of which O'Hara was chairman, for the methods employed in its investigations here, as a result of which Samuel Davis, who was forced to testify, procured Mrs. Robinson's affidavit through revenge. Davis was bitterly censured.

MARRIED.

Bert Chapman and Zella Morrison of upper Sams valley were married at Jacksonville May 21 by County Judge Tom Velle. Miss Lillian Chapman acted as bridesmaid and Mr. Morrison, brother of the bride, as best man.

BUD ANDERSON, "PRIDE OF MEDFORD," WHO WILL PROBABLY FIGHT RIVERS ON JULY 4.

MEDFORDITES BACK FROM CONFERENCE STATE UNIVERSITY

The fifth annual Commonwealth Conference held under the auspices of the University of Oregon last week drew a delegation of Medford people that has returned full of enthusiasm over the work of the university, the scope of the conference and the hospitality accorded them.

Representatives speakers not only from our own state but from the entire Pacific northwest were present and discussed matters of civic and educational interest. Under the general subject of how to re-adjust the curriculum and organization of the American educational system to meet the industrial, vice and social needs of the present, the two widely divergent views that are claiming the attention of educators throughout the world were well supported by Wm. F. Foster, president of Reed College, Portland, and Professor Francis, superintendent of the Los Angeles public schools.

Professor Foster advocated the pursuit of classic studies as the best possible preparation for leadership in the world of affairs, while Professor Francis, whose revolutionary ideas are being worked out in the Los Angeles school, plead for the vocational school and industrial training as leading to the highest efficiency.

Keynote Is Cooperation.

The keynote of the conference from beginning to end, was co-operation. The mass meeting at Vellard Hall, which was presided over by women was one of the most enthusiastic sessions of the conference. The undertakings of various women's clubs throughout the state were given prominence and the relation of club work to that of the state and university was made prominent. Mrs. Sarah Evans, Dr. Bertha Stuart, Mrs. Mabel Parsons and Mrs. G. W. Davidson were among those on the program.

The work of the department of Dramatic Expression was demonstrated by some beautifully staged scenes. Some midsummer night's dreams and Peer Gynt under the direction of Prof. A. F. Reddie of the university.

Three Hundred Delegates.

The delegates, numbering over three hundred were entertained at luncheon by the university. The men's Glee club and the girl's chorus who sang many times, and the young women of the university who served all helped to create the delightful college atmosphere. Mrs. Campbell, wife of President Campbell, assisted by others gave a delightful dinner at the Hotel Osburn for visiting ladies and in fact nothing was left undone that could make the welcome more complete.

The Medford delegation were composed of Dr. and Mrs. George Rebec, Mrs. Edna Davidson, Mrs. E. E. Gore and Mr. and Mrs. Porter J. Neff. Mr. Neff was one of the speakers Friday afternoon discussing the public market in a popular way which met with general approval. Medford has a large number of young people enjoying the privileges of the university all of whom seemed possessed with the booster spirit.

NEW PRESERVES FOR PROPAGATION OF GAME BIRDS

Game Warden Hubbard states that two new game preserves have been secured in the valley in which game birds can be propagated without fear of molestation.

One of the preserves is the Von der Hellen farm at Wellen, consisting of 1100 acres of creek bottom, etain, timber, brush and desert land. The ranch is the home selected now by all the Chinese pheasants in that portion of the valley and conditions are ideal.

A second preserve is formed by the Robinson, Heeson and Glein farms above Talent, consisting of approximately 1000 acres. The land was secured by the newly organized Talent Rod and Gun club and indicates the interest in the subject awakened.

Reeves, Golden, Silver and Chinese pheasants will be imported and turned loose on these tracts as will Hungarian pheasants and Bob White quail. Hunting upon them is forbidden, and the birds will be given a chance to become established and spread throughout the valley.

Other game preserves are wanted, especially one in the Willow Springs and Rogue River districts and farmers willing to co-operate are requested to notify Mr. Hubbard or Chief Deputy Warden Sam Sandry at Rogue River.

MUSICIAN AT IT WINS POPULAR FAVOR

A novel and high class feature that is attracting added patronage to the It theater is the clever work of Nick Greenway, the new musician, on the marimbaphone and Xylophone. It is not often that the music in a picture house is the occasion for applause, but each number of this gifted young man wins a generous share. Aside from furnishing a novelty Mr. Greenway is a decided musician.

GREAT CROWD SEES "MOVIES" AT NEW PAGE

The opening of the Page theater as a moving picture center Tuesday night was in its way as auspicious as the big opening the night before. Over 1000 persons saw the movies in the new playhouse. The management has announced a change in program for tonight and another for Friday. The pictures are all first-run reels. A violin and piano furnish the music.

PARIS, May 21.—The world's altitude record for an aviator with a passenger was broken at Buc today by Aviator Perron. He was aloft for two hours and twenty-five minutes, ascending 3738.

FOR SALE

I have some of the best buys in the valley. Good alfalfa ranches, good bottom land, plenty of water. Also good place to rent. Don't fail to see me before you buy.

BUD'S VICTORY DELIGHTS LOCAL FIGHT FOLLOWERS

The decisive manner in which Bud Anderson eliminated Mandot Tuesday night is the one topic for discussion among Medford fans. While the majority expected a victory there were some who risked their money on the Frenchman and but few believed the trick would be so easily accomplished.

Last night the Isis Theater and the Angle opera house were filled with followers of our Bud's fortunes and when the flash announcing the victory came in the resultant cheers awakened all the early sleepers in the countryside. Bud is stronger than ever with the fans and another reception is in order when he returns to Medford.

The returns last night were complete and rapid and each blow was read to the crowd almost before the sting of them had left the fighters.

FALLS TO DEATH OVER PRECIPICE IN YOSEMITE

YOSEMITE, Cal., May 21.—A determined search is on here today for the body of Austin R. Pohl, a California University student who slipped on a spray-drenched boulder and fell over the one hundred foot leap of Snow Creek Falls. The young man's body was caught in the torrent and hurled into the Cascades and boulders.

Indian guides with ropes and grappling hooks are searching for the body, but it is not believed it will be found until the stream dwindles in volume in the fall.

94 PER CENT OF STUDENTS PASS TO HIGH SCHOOL

Out of 210 applicants for admission to the Medford high school 198 or 94 per cent have passed according to figures just issued by County School Superintendent J. Percy Wells. Of these 34 will enter with conditions, while only 12 failed. One hundred and sixty-four receive diplomas. This is considered a very good record.

Muriel Rhodes of Medford secured the highest standing, 96.5 per cent. Margaret Manfield of Medford was second with 94.3 per cent while third place went to Belle French of Rogue River, with 94 average.

For the several schools Gold Hill and Rogue River led with the perfect record of 100 per cent. In the former place 19 were examined and all passed without conditions. In the second there were 11 to pass without conditions. Ashland and Jacksonville are not included, as examinations there take place in June.

Out of 57 who took the examination in Medford one failed and two were conditioned.

Other scholars who did well at the examination were:

Mary Holmes, Medford, 93.5.
Pearl Nowels, Gold Hill, 93.5.
Gladys Wolf, Union, 93.3.
May Newton, Gold Hill, 93.5.
Lesty Hodges, Gold Hill, 93.2.
Merrill Good, Prospect, 93.2.
Estelle Clark, Rogue River, 92.8.
Grace Rogers, Wellen, 92.4.

MASONS, NOTICE.

Work in first degree Friday night. 51*

Break Away From Blood Bondage

Drugs in Common Use Harmful as the Disease They are Supposed to Cure.

Many people are shackled to continued suffering by the drugs they use. These seem to dry up the surface but there's a stomach almost destroyed, there are ulcerated bones; locomotor ataxia, convulsions, abscesses, falling hair, impaired eyesight, deafness, and a host of other

Get Away From This Misery. Let S. S. S. Do It for You.

troubles continue to make life miserable. There is one blood remedy that you can only rely upon. It is not a "dope," not a physic, not a mineral poison but a pure, powerful medicine that cleanses your blood so completely; so washes your veins, arteries and tissues; so thoroughly lathers your body with internal healthful influence that soon you not only feel a wonderful change but your entire appearance undergoes the most welcome transformation. S. S. S. has long been

recognized as the greatest blood purifier ever known. If you have been fighting some blood trouble, some eruptive skin disease, call it eczema, lupus, psoriasis, malaria, scurvy or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.
