## DANIEL MELSA, VIOLINIST OF TWENTY, A GENIUS

NEW YORK, May 29.—Daniel Melsa, the boy violinist, for he is now under twenty years of age, has been taken in charge by rich Jews of New York, including Otto H. Kahn of the great banking firm of Kuhn, Loeb & Co.; Mrs. Samuel Untermyer, wife of the Pujo money trust committee counsel, and others, who believe he will develop into a great musician. He is an orphan of the pogrom, when the Jews of Russia were cut down like cattle. After the pogrom of 1905 in Poland the mother and son were hunting for the bodies of the father and sister, who had disappeared.

The father was never heard of again, but about a week after their disappearance the mutilated body of the sister was found in a deserted cemetery, where it had been headlessly cast by her slayers.

As they were leaving the cemetery with the bullet-torn remains of the child a strong force of Cossacks suddenly surrounded them, still frenzied by scenes of massacre and bent on further slaughter. Not knowing what else to do in the face of such deadly peril, young Melsa took his cherished violin from the bag which he always carried and began to play with the inspiration of a great crisis.

The yelling Cossacks immediately subsided into silence and a hush of rapt attention fell upon all. Then the leader dismissed his men and told the young Orpheus and his mother to go in peace; the hand of the Lord was on the boy and no harm should come to him or his.

**JOHN DAVIS MEETS THIRD BAD ACCIDENT**

The third of a series of near fatal accidents Thursday layed John Davis of the Griffin Creek district up with a sprained back and severe bruises, the result of having a large tree, just felled, roll over him. A year ago Davis was bitten by a wild cat, blood poisoning set in and he nearly lost his arm. Six months later a calf Davis was leading, ran away, the rope becoming wrapped about him, dragging him along, breaking a leg.

Davis was chopping wood in the forest back of his place, some six miles from Medford Thursday morning with his two sons. One of the boys felled a large tree on the hill above, which rolled down the hill toward the father. The latter attempted to run out of the way, his foot caught in a stump, and the tree crashed over him, striking his back and bruising him badly. Dr. Porter was summoned from Medford and reports the patient not seriously, though painfully, injured.

DETROIT, May 23.—A. B. Garretson was tonight re-elected president of the Order of Railway Conductors.

Her screams brought Mr. Conway, a neighbor, to the scene armed with an axe and he, accompanied by his own dog, attacked the bulldog and killed it. The child's head was badly gashed and Mrs. Purdin's arm lacerated.

## S. P. STOCK OWNED BY U. P. TO BE SOLD

NEW YORK, May 29.—Speaking of plans for the unmerging of the Southern Pacific and Union Pacific railroads, in accord with the supreme court's order, Judge Robert Lovett, chairman of the executive board of the Union Pacific, said:

"We have decided on two alternate plans, details of which are not settled. We propose to offer the Southern Pacific stock held by the Union Pacific for public subscription in a way similar to that in which New York bonds were disposed of, and to invite bids at such prices and amounts as bidders desire, the minimum price to be fixed hereafter.

"As an alternative we propose to deposit stock in the hands of some bank as a trustee, with voting power and against the issue of its certificates. Such certificates, while having no voting power, would entitle the holder to dividends and be exchangeable by the holder for the stock itself upon the statement by the holder that he is not a stockholder in the Union Pacific. As this would result in disfranchisement of stock while held by a trustee and as long as held by any Union Pacific stockholders, it is proposed in this case that certificates be offered shareholders of the Union Pacific alone at such prices as its directors may hereafter determine. I intend to submit both plans to the court."
