LANE TELLS OF
LOBBYISTS WHO
OPPOSE TARIFF

Oregon Senator Points out Wool and Silk Interests Representatives—Money spent by Interests in Presenting Views Defeats Own Ends.

Lane Interested in Wheat, Oats, Barley, Flax and Potatoes and Fighting Free List for Them.

WASHINGTON, June 4.—During the examination of Senator Isaac Stephenson of Wisconsin at the "insidious lobby" hearing today, Senator Reed of Missouri attempted to "josh" Stephenson regarding Pauline Wayne, former President Taft's cow. Asked why he took Pauline back, Senator Stephenson said with a slow drawl: "Well, Taft wanted to live in a hotel and that's no place for a cow."

WASHINGTON, June 4.—Subpoenas for fifty manufacturers and others alleged to have been active in fighting the Underwood tariff bill were issued here today by the senate sub-committee of the judiciary investigating committee, which is probing the president's "insidious lobby" charge. Among those reported to have been subpoenaed are Henry Oxnard and Frank Lowrey, who are fighting free sugar; Buford Lynch, working in connection with patent medicines and Frank Gorman and Allan Irvine, manufacturers' agents. Senator Overman of North Carolina, chairman of the committee, stated that he expected to complete the testimony of senators before tomorrow.

Lane Bawls Out Lobbyists.

Senator Lane of Oregon was the first witness today. Asked what lobbyists had called on him, Lane pointed to S. W. McClure, secretary of the Wool Growers' association, who was seated in the rear of the room, saying:

"That's one of them. What is your name anyhow?"

McClure stammered his name, and Lane continued: "You were much alarmed at the idea of wool going on the free list."

Lane named Frank Cheney, a silk manufacturer, as one of his most persistent callers. Cheney probably will be subpoenaed.

Defeating Own Ends.

"Much money is spent by the interests in presenting congress with insidious and dishonest views of the effect of the tariff," continued Lane. "But because of their selfishness in sitting tight to attain their individual ends, the manufacturers have defeated their own purpose."

Senator McCumber asked Lane what legislation he was interested in. "Wheat, oats, barley, flax and potatoes, which are disastrously affected by the new tariff bill," continued Lane. "I haven't sought to influence any senator but if I knew of a senator I could influence I would hunt him up as fast as I could leave this chair."

ARMS IMPORTED
BY ULSTERITES

LONDON, June 4.—In the house of commons today, Augustine Birrell, secretary for Ireland, admitted that British customs officials yesterday seized 500 rifles at Belfast. The weapons were evidently of Italian manufacture. They had been shipped to unknown Ulster leaders in boxes marked "electrical fixtures."

It is feared by the government that many rifles have been successfully delivered to the Ulster men, and that a bloody outbreak is likely should home rule be proclaimed in Ireland.

WEST OR KAY
AT BIG GOOD
ROADS MEETING

Governor Will Come if He Does not Go to Utah and Treasurer Wires He Can Be Depended Upon—Many to Be Here from California.

Indications for Record Banquet Friday Evening to Start Something in the Good Roads Line for Oregon.

SALEM, Ore., June 4, 1913. Medford Commercial Club, Medford, Ore.

I will see to it that some members of the state highway board attend the good roads meeting Friday night. If neither of other two members go I will come.

T. B. KAY.

The above telegram was received Wednesday from T. B. Kay, state treasurer, who with Governor West and Secretary Olcott, comprise the state highway commission. If Governor West does not go to Salt Lake, he will be present.

Major Bowley, state highway engineer, has already signified his intention of attending the good roads meeting here Friday and a large delegation, including the California state highway engineer, Siskiyou county highway commissioner and the county commissioners will also be present, as well as officials and citizens from Southern Oregon towns.

Arrangements are being made to banquet at least 100 persons, possibly 200. Tickets can be secured from the secretary of the Commercial club. As it is necessary to arrange in advance, all persons coming are requested to notify the secretary at once.

Attorneys are preparing petitions for circulation to the county court to call an election for a road bond issue, and the movement will be launched at the meeting.

A program has been prepared for the banquet and patriotic citizens of Medford are requested to be on deck and make the occasion a hummer.

ONLY 15 NATIONS
FAIL TO ACCEPT
FAIR INVITATIONS

WASHINGTON, June 4.—Only fifteen countries have failed so far to make conclusive response to the invitation extended through the state department to participate in the Panama Pacific exposition to be held in San Francisco in 1915. Twenty-four governments have accepted the invitation.

Among the more important governments which have failed to respond are Germany, Great Britain, Italy, Austria-Hungary and Spain. Germany is awaiting developments regarding the tariff before answering definitely and Great Britain is holding off to learn the exhibition space available.

The countries which have already accepted are Argentina, Bolivia, Brazil, Canada, Chile, China, Costa Rica, Cuba, Denmark, Dominica, Ecuador, France, Guatemala, Haiti, Honduras, Japan, Mexico, Netherlands, Nicaragua, Panama, Peru, Portugal, Salvador and Uruguay.

Up to date only two countries—Panama and Salvador—have accepted the invitation, also extended through the state department, to attend the exposition in San Diego, to be held at the same time as the San Francisco exposition.

\$25,000 WEDDING GIFT FOR
BREWER BUSCH'S DAUGHTER

CHICAGO, June 4.—Miss Lillian Magnus, the grand daughter of Adolphus Busch, the millionaire St. Louis brewer, will be married here tonight to Sydney Berg. She received a check for \$25,000 from Busch.

MOTHER JONES, FRESH FROM
WEST VIRGINIA STRIKE FIELDS

When the senatorial investigation of the action of Governors Glasscock and Hatfield in connection with the striking coal miners of their state begins, Mother Jones, now aged 81, believes, revelations which will startle the country will be made. She is now in Washington urging Senator John W. Kern, the democratic leader of the upper chamber, to push the inquiry to the limit.

GRAND JURY FAILS
TO BACK UP RAID
MADE BY WEST

THE DALLIES, Ore., June 4.—The tense situation created by Governor West ordering state special agents to raid two alleged resorts here, afterward sending 11 militiamen to guard the prisoners taken, until Sheriff Chrisman consented to receive them in the county jail, is ended today by the grand jury refusing to indict May Sullivan and Gladys Desmond, reputed landladies of the resorts. Charles Carroll, also arrested in the raid, was indicted on a simple vagrancy charge. The 13 women held as witnesses have been released.

The militiamen sent here by the governor were recalled on the promise of Sheriff Chrisman that he will see that the places raided are kept closed.

INDICT CITY RECORDER
FOR POCKETING FEES

THE DALLIES, Ore., June 4.—On the charge of having feloniously converted to his own use the sum of \$884, belonging to the city, George F. Ross, city recorder, is under indictment by the grand jury today.

It is charged that Ross, during a period of almost two years, had either refused or neglected to turn over to the city treasurer money to this amount collected in fines and license fees.

AMERICAN OFFICER
DECORATED BY SULTAN

CONSTANTINOPLE, June 4.—In recognition of his services to the Mohammedans in the Philippines, Major John P. Finley, U. S. A., today is decorated by the Sultan of Turkey with the order of Medjidieh.

Major Finley came to Constantinople to see if the sultan and the shiek-ul-Islam could not prevail upon the Mohammedan brethren of the Moro province in the Philippines to cease their constant uprisings.

ENJOINS STATE
FROM AIDING
RECLAMATION

McMahon of Salem Again Plays Part of Obstructionist by Seeking to Prevent Construction of Columbia Southern Irrigation Project.

Man Who Prevented Building of Crater Lake Highway Again Stopping Wheels of Progress.

SALEM, Ore., June 4.—L. H. McMahon, attorney, has today filed a suit in the circuit court here asking that State Treasurer Kay and Secretary of State Olcott be restrained from expending \$450,000 for reclamation in the Columbia Southern project on the ground that the law appropriating this amount is unconstitutional.

He bases his claim of unconstitutionality on the allegation that the law is "special" or "local" in character, and that the legislature was prohibited from passing laws of this nature.

Governor West has stated that he may not attend the convention of western governors at Salt Lake, of which he is president, so that he may remain in the state to assist in combating McMahon's move.

McMahon won notoriety as an obstructionist by enjoining the Crater Lake highway appropriation four years ago when he restrained the expenditure of \$100,000 appropriated to make the lake accessible, upon the same grounds he seeks this injunction. His position was sustained by Judge Galloway and by the supreme court, while held that Crater Lake was a "local affair" although a national park and scenic wonder.

BULGAR CABINET
RESIGNS OFFICE

LONDON, June 4.—Dispatches received here today tell of the resignation late last night of the Bulgarian cabinet. If the report is true it is believed that a possible Greek-Bulgarian clash will be averted by Dr. Daneff, the Bulgarian peace delegate, who is expected to form a new ministry.

SOCIALIST EDITOR
FACES PRISON TERM

PATERSON, N. J., June 4.—Alexander Scott, editor of the Weekly Issue, a socialist publication, stands convicted here today of aiding and abetting hostilities to the city government in connection with the strike of Paterson silk workers. He will be sentenced Friday. The jury recommended mercy.

The maximum penalty which may be imposed on Scott is 15 years' imprisonment or a \$2,000 fine. In the editorial complained of Scott referred to Chief of Police Blinson as the "boss strikebreaker and chief Cossack," and to the police generally as "brass buttoned anarchists."

JOHNSON REFUSES TO
SAVE HUMAN TIGER

SACRAMENTO, Cal., June 4.—It was learned today from reliable sources that Jacob Oppenheimer, the "human tiger," condemned to be hanged Friday at Folsom for assaulting a fellow prisoner, will be executed, and that Governor Johnson will not interfere.

Although the governor will not discuss the case, it is known that every preparation for the hanging has been made and that Oppenheimer will go to his death on the appointed day.

PLAINTIFF IN NEW YORK
SOCIETY DIVORCE SCANDAL

The suit of Mrs. Abigail Hancock Bishop for absolute divorce against her husband, J. C. Bishop, a millionaire banker and member of New York and Newport society, is the biggest society divorce case since the last Mrs. Vanderbilt went into court because her husband had transferred his affections. Mrs. Bishop named Mrs. J. Temple Gwathmey, wife of the former president of the New York Cotton Exchange, as the principal correspondent. There were others of less importance. But the case will rest largely on what can be proved about Mrs. Gwathmey—who, by the way, is as important in society as the Bishops—and the defendant.

MIKE MURPHY
FAMOUS OLYMPIC
TRAINER IS DEAD

PHILADELPHIA, June 4.—Mike Murphy, the famous Olympic trainer who was athletic director of the University of Pennsylvania, died at his home here this afternoon of acute stomach trouble.

Murphy had been ailing for years, a serious decline setting in while he was at Reno, Nev., to witness the Jeffries-Johnson fight. He recovered sufficiently, however, to be able to take charge of the American athletes sent to Stockholm to participate in the Olympic games, but that task taxed his strength so much that upon his return to America he was only a shadow.

Murphy probably was the greatest trainer of field and track athletes the world has known. The records of some of the men he handled still stand. Alvin Kraenzlein, the great hurdler, was developed by Murphy, and some of his marks have never been equalled. Tommy Conneff, the wonderful long distance man; Bernard Wefers and Arthur Duffy, marvelous sprinters, and John Flanagan, one of the world's greatest weight men, and countless other modern athletes of the first flight, received their training from Murphy.

Murphy had charge of the American athletes sent to the international games in Paris in 1900, and was in charge of the American Olympic teams sent to London and Stockholm in 1908 and in 1912.

HUNGARIAN CABINET
RESIGNS FROM OFFICE

BUDAPEST, June 4.—Announcement of the resignation of the Hungarian cabinet was made at the opening of the chamber of deputies today by Premier Von Lukacs. The acquittal of Deputy De Sacs in a criminal libel suit in which the premier was accused of corruption in connection with some contracts with the Bank of Hungary was responsible for the defeat of the cabinet.

100 TO 1 SHOT
WINNER GREAT
ENGLISH DERBY

Aboyer, Rank Outsider Victor by Disqualification of Favorite Crayamour for Bumping at Finish Line—Louvols Second—Big Crowd.

Suffragette Who Attempts to Destroy Chances of King George's Colt Is Fatally Injured.

EPSOM, England, June 4.—An attempt by suffragettes today to destroy all chance of King George's colt Ammer winning the derby came near ending in death. A woman was fatally injured when she ran upon the course at Tottenham Corner and grasped Ammer's bridle. The colt reared high and then, with his jockey, Herbert Jones, fell flat upon the woman's body. She was terribly crushed and mutilated by the horse's hoofs. Jones, the jockey, was hurried to a hospital. His condition is serious. The colt was not badly injured.

The woman was identified as Miss Elizabeth Davidson, 35 years of age. For several minutes after the occurrence she gave no sign of life, and a report spread that she was dead. After doctors reached her side, however, she showed signs of animation and was at once rushed to a hospital.

EPSOM, England, June 4.—Running second in a terrific drive, A. Cunliffe's Aboyer, a rank outsider at 100 to 1, today won the derby, the blue ribbon of the English turf, only because C. Bower Ismay's Craganour, the favorite at 6 to 4, was disqualified at the finish line. W. Raphael's Louvols, at 10 to 1, was second. The time for the mile and a half was 2:37 3-5. Great Sport was third and Nimbus fourth.

The race was for 3-year-old colts and fillies, the former carrying 126 pounds and the latter 123. It was worth about \$35,000 to the winner. Fifteen horses started.

Disqualified for Bumping. Craganour, ridden by Johnny Reiff, the American jockey, led in the homestretch by a scant head. As they neared the wire both Aboyer and Louvols crept up, and as the three leaders flashed across the finish line Craganour was a scant length ahead of Aboyer and Louvols' nose strained at Aboyer's neck.

G. Aumont's Nimbus, 10 to 1, and W. Hall Walker's Great Sport, 20 to 1, finished neck and neck in fourth and fifth places. At first the judges placed Nimbus third owing to Craganour's disqualification, but later reconsidered and Great Sport was given third money, with Nimbus fourth.

Aboyer Leads Field.

PANAMA CANAL
READY FOR SHIPS

REGINA, Sask., June 4.—"For 18 months the Panama canal has been ready for the passage of warships, should emergency have arisen great enough to require the immediate presence of warships on the Pacific coast," is the startling statement made today by James Arthurs, a sub-engineer of the canal, who is visiting here.

"To send them through would have been a risky undertaking," said Arthurs, "but it could be done. With 24 hours' notice the canal could be flooded enough for any of our dreadnoughts to pass through. With this card up their sleeves, federal officials have regarded conditions on the Pacific coast with complacency."

MANY MOTHERS
SEEK PENSIONS
FROM COUNTY

Twenty-two Women Apply to County Judge for Aid Under New Law Which Goes Into Effect Today—Amount Totals \$510 a Month.

Dependent Mothers Receive \$10 a Month for First Child and \$7.50 Monthly for Each Additional One.

Twenty-two widows with children have made application for pensions under the law passed by the recent session of the legislature which has today become effective to County Judge Tou Velle who is making an investigation of their circumstances with a view to allowing the payment of the pensions.

Under the law each dependent widow with children will receive \$10 a month for the first child and \$7.50 monthly for each additional child. Widows whose husbands are dead, permanently incapacitated or confined in state institutions are equally eligible to receive pensions.

Many other have announced their intention of applying.

The claims of the twenty-two, if allowed would put up a total of over \$510 per month. The largest applicant is Rose R. Singler, widow of the late Sheriff Singler who asks \$62.50.

The applicants who have filed to date and the amounts requested are as follows:

Maggie Evans, Medford	\$42.50
Lucy May Davis, Medford	25.00
Mary E. Sayne, Medford	25.00

MADERISTS WIN
BLOODY BATTLE
WITH FEDERALS

BROWNSVILLE, Tex., June 4.—Following a twenty-four hour battle, the federal garrison at Matamoros, Mexico, at five o'clock this morning surrendered to General Lucio Blanco, the Maderista commander. Blanco immediately opened the port of entry and invited American physicians to cross the boundary and attend the wounded.

Surgeons returning from the front report heavy losses on both sides but no definite estimates were obtainable. Many bodies were found in the electric light plant, the federal stronghold, defended by ground mines and live wires. The constitutionalists occupied the customs house.

ROSE IS MAYOR
OF LOS ANGELES

LOS ANGELES, Cal., June 4.—By a majority of 9246 votes Henry L. Rose is elected mayor of Los Angeles today over John W. Shenk. Rose's vote, according to figures completed late today by the city clerk, was 46,045, while Shenk polled 37,919.

Rose issued a statement today in which he declared his election means the "overthrow of the invisible government that has plundered the city and stamping out of private graft." Rose and the new administration will assume office July 7.
