Occupying the center of the spacious auditorium was a mouster model of Nonh's Ark, stranded on an artificial Mount Ararat, Beside every stall in the ark stood a pair of animals, birds, snakes or huge beetles or bugs of papier mache. And one thing that Old Man Noah did not have on his good ship was a feature of the modern ark here, was a dancing pavilion and various stalls where parched throats might be allevited.

Among the visitors tondy was Queen Mother Alexandra, who is one of the patrons of the hospital. The Duchess of Marlborough and Lady Violet Charteris, the principal lenders of the enterprise, were supported by eight duchesses, eight marchimesses, thirty-seven countesses, five viscountesses and twenty baronesses. Leading West End tradesmen who had goods on sale had to pay heavily for securing titled saleswomen. The fair will continue tomorrow.
