CHIEF OF UNITED MINERS, INDICTED IN WEST VIRGINIA

John P. White, chief of the United Mine Workers, has been indicted by a federal grand jury in West Virginia for conspiracy under the Sherman act. This is one of the first, if not the first, occasions on which labor leaders have been indicted under the act which has heretofore been used exclusively against trusts and combinations of employers.

The Commercial club is in receipt of the following inquiry: Brussels, Belgium, May 30, 1913. My Dear Sir:

Will you kindly send some of your literature relating to farming, fruit-raising and dairying to this address: Mehmed Emin, Capitaine de Corvette en retraite, Arnanant Keny, Constantinople, Turkey.

He is a gentleman of means with whom I have traveled lately and he wishes to go to America, to buy a farm.

He thought of going to New Jersey and had never heard of Oregon, until I told him about it and landed it so highly that he thinks he might settle out there.

If he goes he will take his wife and two children, a boy of about twelve, a girl of about fifteen and I think they will be a valuable addition to your community.

Yours very truly, J. S. PARKE, Colonel, U. S. Army.

SENATOR SMITH SAYS HE'S LOBBIED ALL LIFE

WASHINGTON, June 17.—Senator William Alden Smith of Michigan was the principal witness today before the senate lobby investigating committee. Smith said he had been lobbying all his life and liked it. He said he got much information in that way.

Smith advised the annexation of Cuba and bitterly attacked the Underwood tariff measure.

At the afternoon session of the lobby investigating committee Senator Overman read various samples of correspondence from Truman Palmer's files. One letter, which was sent to all best sugar men, asked subscriptions for the purchase of a powerful Chicago morning paper.

"because it is extensively quoted and the weekly which it publishes circulates widely among farmers of the middle west." The letter said a former Michigan congressman and a former speaker favored this plan.

Another letter read by Overman explained the resignation of Henry Oxnard from the United States sugar producers' association, saying that his \$10,000 salary would be continued as he "could do better work outside."

KELLY TO PROSECUTE FISH LAW VIOLATORS

Prosecuting Attorney E. E. Kelly left Tuesday for Grants Pass where he will prosecute the fishermen caught violating the law. He announced that if the usual result of Josephine game prosecutions obtained, and juries refused to convict with the evidence before them, he would contest the validity of the law opening the river, as applied to Josephine county. He states that the title of the law closes the river to commercial fishing while the net opens a ten mile stretch and the conflict between the title and contents invalidates that portion of the law.

Can't Help But Admire Babies

Every Woman Cuddles Loving Gaze at the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to the charm and sweetness of a pretty child, and more so today than ever before since the advent of Mother's Friend.

This is a most wonderful external help to the muscles and tendons. It penetrates the tissues, makes them pliant to readily yield to nature's demand for expansion, so there is no longer a period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend prepares the system for the coming event, and its use brings comfort, rest and release during the term. This has a most marked influence upon the baby, since it thus inherits a splendid growing system of nerves and digestive function.

And particularly to young mothers is this famous remedy of inestimable value. It enables her to preserve her health and strength, and she remains a pretty mother by having avoided all the suffering and danger that would otherwise accompany such an occasion. Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a sure preventive for cramping of the breasts.

You will find this splendid remedy on sale at all drug stores at \$1.00 a bottle, and is highly recommended for the purpose. Write Dr. J. C. Williams, 134 Lamar Road, Atlanta, Ga., and they will mail you, sealed, a very instructive book for expectant mothers.

MERCHANTS PLAN PICNIC FOR AUGUST

Hearty co-operation in all lines with the Fourth of July committee was pledged by the Merchants' association at their monthly banquet at the Nash hotel Monday evening. The merchants will do their share in making the Fourth celebration the greatest ever.

Routine business was transacted.

STOPS BLACK BEAR FROM CHICKEN ROOST

When A. F. Stennett, who lives on East Eleventh and Vancouver, got up Tuesday morning he saw a small black bear climbing over his rear fence into his chicken yard. Grabbing a piece of plank, he struck the bear a blow that knocked it off the fence and rolled it over. Then he saw the bear had a collar and a piece of chain attached.

Inquiry revealed the fact that the animal belonged to Rollo St. James, and had broken away during the night. The bear is a five months old cub, which Mr. St. James purchased from James Snell of Butte Falls, who killed the mother and captured the three cubs.
