

STENOGRAPHERS BILLS, MILLAR TRIAL PAID BY COUNCIL

An echo of the recent near famous Millar trial was heard in the city council Tuesday evening when \$42 in stenographers' bills was ordered paid after being held up for two months.

Mayor Elfert announced the appointment of Mrs. G. F. King as a member of the library board to take the place made vacant by the resignation of Mrs. B. Paul Theiss, on account of ill health.

A supplementary report was filed from Expert Wann, bringing the expediting of the city books down to date. Numerous changes in book-keeping methods are suggested and the city shown in good financial condition.

A petition from the liquor dealers for a reduction in licenses during dull times was referred to a committee of the whole, after motions by Millar to reduce to \$600 a year and then to \$300 had met no success.

The finance committee was authorized to purchase a compressor and needed equipment for the fire whistle.

Clark & Henery was awarded the contract for paving the alley in the Garnett-Correy block and Schell & Schell for the intersections of Grape and Fir streets and the railroad track.

G. A. R. VETERANS IN SESSION AT NEWBERG

NEWBERG, Ore., June 18.—Newberg is crowded today with veterans of the Union Army of the Civil war from all over Oregon, thousands arriving yesterday for the G. A. R. reunion in this historic town.

The gathering will last until Thursday night, and already competition for the 1914 reunion is keen. Newberg aspires to have it again and Tillamook veterans are working to secure it for the coast town.

PORTLAND, Ore., June 18.—Forecast: Oregon: Showers tonight or Thursday; south to west winds.

PROSPECTS BRIGHT FOR LEAN VS. FAT BASEBALL GAME

Prospects are bright for the benefit game to be played at the ball grounds at 5 o'clock Thursday between the Pats and the Leans to raise funds for the Fourth of July celebration.

Numerous changes in the lineups of the two teams are reported. It is expected each side will play at least thirty men, as the game will probably be called by darkness and few of the players are good for more than a couple of innings. Storms will close at 5 o'clock to permit everyone to attend.

S. S. Smith announces his refusal to catch, evidently afraid to face Putnam's curves. He will play center. P. J. O'Gara has been added to the lean team and Dr. C. R. Ray to the fats.

Considerable weight was added to the fat lineup this morning by the signing of a new backstop, Hon. J. A. Westerlund, being the new recruit. Mr. Westerlund is one of the swiftest catchers in southern Oregon and a fine figure for a nervous pitcher to have at. There was at first some anxiety over the inability of the sporting goods dealers to supply a chest protector for the new recruit, but the Medford Furniture company is having straps fitted to an Ostermooer mattress, and it now can be authoritatively announced that the Jackson county solon will positively appear behind the bat for the Falstaffs.

Another complication was injected into the game by the substitution of Westerlund. O'wney Patton argued that when Westerlund came to bat that if he stood in the regular batters' box the lean pitcher would either have to walk him or confine his efforts at strikes to the small space above and below the pantry. This will probably be settled by adopting three different sizes of batters' box—the regulation box, an extra one for Westerlund and a young one for Gus Newberry.

While the fats were out rustling their big backstop the leans were also on the job and dug up one of the niftiest little infielders that ever flirted with a daisy cutter around the second bag. In the person of B. F. Mulkey. During his four years

FLORENCE MOORE

In the prosecutor's office, B. F. covered more territory than any prosecutor in the league. In addition to this, he is there with a flow of words that will put most any aggregation of fats in a trance.

At a late hour this afternoon odds of 3 to 1 were being offered on the lean boys, with but few takers.

A rumor floated over from Jacksonville this morning to the effect that all the windows were broken out of the rear of the courthouse, where Judge Tou Velle had been getting the kinks out of his starboard arm.

E. E. Kelly, who was in Grants Pass when the lean lineup was made up, on his return this morning immediately filed a protest on his assignment to the centerfield garden of the leans.

Although I am a vegetarian," stated Kelly, "I can't stand for that position, and unless a more suitable place can be had I intend to go on a pork chop diet and qualify for a position—the box preferred—on the fats."

"As a matter of fact, I am the only man in the valley qualified to receive Putnam's delivery. When George gets to shooting across his celebrated Royal Coachman, Gray Hackle and Professor delivery it requires someone behind the bat that knows the habits of these birds to take 'em on the wing."

Joe Jackson of the Naps, if he keeps up his present gait, will establish a remarkable record in hitting for extra bases. Poling out two-baggers and three-baggers seems to be Joe's daily stunt.

FLORENCE MOORE A BALL PLAYER

Florence Moore, the eccentric comedienne who scored such a sensational triumph in the musical comedy, "Hanky Panky," when it appears at the Page theater Friday night, has a reputation of being one of the greatest sports among the girls on the stage. There is little connected with the sporting game, from baseball to boxing, with which she is not familiar, and not only does she take interest in sports, but she mixes right in and butts into man's game herself.

Florence is probably the only girl in the country who possesses the unique distinction of playing on her husband's baseball team. The latter is Billy Montgomery, her partner in the show, and together they have a farm in Bridgeville, a village in Delaware, where they, through the high standing in theatricals, are "the main works." Both are crazy baseball fans, and two summers ago, when "down on the farm," during their vacation, they felt the lack of baseball keenly, for that was too far in the woods for even a bush league team. As a result Billy Montgomery organized a club from among the village boys, bought them uniforms and complete outfits and called them the "M. & M.'s," for "Montgomery and Moore." He pitched on the club and got a man for every position but first base. He couldn't land a player, so his clever wife, who has a man's sense of humor and a man's love of sports, volunteered to play the sack, even going so far as to don the uniform provided for the regular man.

Florence played in eight games that summer, the club winning six of them, all with teams from neighboring villages, and the comedienne star was of course a great attraction.

SEVERE EARTHQUAKE ISLE OF MARTINIQUE

ST. PIERRE, Island of Martinique, June 18.—A severe earthquake shook this island today, causing great terror. It is said rumblings have been heard proceeding from Mount Pelee, which erupted a few years ago, resulting in great loss of life. No casualties or damage from today's disturbance have been reported.

REFERENDUM ON COMPENSATION ACT

The Workmen's Compensation act passed by the last legislature was among the measures referred Representative Carlin has received the following concerning it from the secretary of state:

Mr. John H. Carlin,
Medford, Oregon.

Dear Sir:
Responding to yours of the 14th, respectfully have to advise that referendum petition ordering that H. B. 27, (Workmen's Compensation Act) be referred to the people at the special election November 4, 1913, for their approval or rejection was received and filed in the office of the secretary of state May 31, 1913. The revisions of this measure are therefore in abeyance until such election and thereafter unless it shall be approved by a majority of the votes cast thereon at said election.

Yours very truly,
BEN W. OLCOTT.

SUGAR COMBINE.

(Continued from page 1.)

and to fill the five vacancies. He is certain that Fordney will be appointed but did not mention any other names. His advice is that we have many business men and manufacturing concerns write to the speaker, and without mentioning or suggesting names, urge that real protectionists be placed on the ways and means committee. You have such a raft of friends among prominent business men that if you were to devote a little time to writing and seeing them the result surely would be worth while."

The same letter added: "Of course I do not calculate that we can control the committee, in case they bring in a Philippine tariff reduction bill, but the more strength we develop there, the stronger we will be in the house and senate."

The writer urged Palmer to have the "Waverly people" see Senator Dolliver of Iowa and attempt to bring pressure to bear on him.

One letter written by Oxnard to Palmer announced that he intended to bring pressure to bear on "Uncle Joe" through Congressman Littauer of New York, "Cannon's political manager."

MRS. BAKER WINS HOMESTEAD CASE

Messrs. Mulkey and Cherry were officially notified today that the general land office has sustained the appeal of Mary A. Baker from the decision of the local land office which denied her application for patent after a contest instituted by the government, aided by one Gribble a local forest ranger, who had camped upon Mrs. Baker's trail the years of her residence on the homestead.

The general land office very justly regards Mrs. Baker's residence and cultivation bona fide and satisfactory and the many friends of this claimant will be glad to learn that she gets the Butte Falls homestead she has earned.

OFFERED \$2000 BRIBE TO SECURE LICENSE

LOS ANGELES, Cal., June 18.—E. W. Thompson, an eastern brewery salesman, was indicted today by the county grand jury on charge of offering a \$2500 bribe to the Los Angeles commissioners of police.

The indictment charges that Thompson offered a bribe to Mayor George Alexander, Police Commissioners J. V. Akey and G. W. McDill and C. E. McKeag, secretary of the commission.

Thompson is said to have sent his wife to McKeag with a letter containing the check and a promise of \$1000 more if he was granted a liquor license.

PROHIBITIONISTS DROP CALIFORNIA CAMPAIGN

SAN FRANCISCO, Cal., June 18. Believing that the time is inappropriate for an initiative campaign for statewide prohibition, and that such a campaign would mean certain defeat at this time the forces of the Anti-Saloon League adopted resolutions that effect in convention here today.

The convention emphatically endorsed a continued campaign for national prohibition by a constitutional amendment.

HAPPY WOMEN

Plenty of Them in Medford and Good Reason for It.

Would any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. When she finds freedom. Many readers will profit by the following:

Mrs. Jane Sevey, 1623 Ninth St., Medford, Oregon, says: "I first used Doan's Kidney Pills while living in Idaho. I had suffered a great deal from kidney trouble, and nothing seemed to help me. I had intense pains in my back, hips and kidneys, when I started using Doan's Kidney Pills, but was soon relieved and finally cured by this remedy."

The above statement must carry conviction to the mind of every reader. Don't stomp ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Sevey had—the remedy backed by home testimony. 50c 14 stores. Foster-Milburn Co., Props., Buffalo, N. Y.

"When Your Back Is Lame—Remember the Name."

Siskiyou Heights

Now is the time to make selection of lots and tracts in this magnificent residence district.
