

### M'NAB UTTERS MORE THREATS OF BROADSIDES

Charges Already Filed Mild as to Those Coming States Federal Attorney—Waits Until Resignation Is Accepted to Make Others.

SAN FRANCISCO, Cal., June 24.—Before Judge Robert Bean of Portland, in the United States district court here today, District Attorney John L. McNab, who resigned last Saturday because he had been ordered by Attorney General McReynolds to postpone action in the white slavery case against Maury L. Diggs and F. Drew Caminetti of Sacramento and the anti-trust case against the Western Fuel company, reiterated his defiance of orders from Washington. The case against the Western Fuel company came up today to be set on the federal calendar.

McNab's Statement  
When the clerk called the case, McNab arose.  
"I have been ordered by the attorney general," said he, "to postpone indefinitely the prosecution of two of the defendants in this case—Robert Bruce and Sydney Smith. Two grand juries have determined that these men are as guilty as the other six under indictment. I have refused absolutely to prostitute my office by yielding to appeals in behalf of these defendants or to give them preference over their fellows. I resigned my office rather than to follow instructions which would make a mockery of justice. I will not be a party to this travesty."

Judge Bean then set the cases for July 15.  
When the Diggs-Caminetti cases were called McNab moved a continuance of two weeks.  
"I have refused to delay these cases also," he said, "but will consent to two weeks delay so as not to hamper the work of my successor."

The Diggs-Caminetti cases were then set for July 8.  
SAN FRANCISCO, Cal., June 24.—"My charges against Attorney General McReynolds in the Diggs-Caminetti and Western Fuel company cases are very mild," said United States District Attorney John L. McNab here today. "When I hear from Washington as to my resignation I will wind up this affair with the attorney general by a double broadside that will settle the whole thing."

This cryptic threat by McNab was today's earliest development in the scandal which has set the whole country by the ears from San Francisco to Washington. McNab, whose every minute is taken up with conferences regarding his break with Attorney General McReynolds, would not at this time enter further into the nature of the additional charges he plans to bring against President

### HOW UNCLE IKE VISITS WHITE HOUSE

WASHINGTON, June 24.—An emaciated, spavined, disreputable looking horse, drawing a ramshackle, out-of-date, rickety and much abused "sea going" hack stopped at the door of the White House today. A round shouldered, aged negro "cable," his "plug" hat dented and rusty, and his once black raiment, now green with age, looked anxiously through the glass doors at the entrance to the executive offices and waited. An old man emerged. Though neatly dressed he didn't look like the usual White House caller. He chewed tobacco and wore scraggly whiskers. He shuffled to the carriage. The negro "cable" opened the door and the tall figure hunched into the ramshackle vehicle. The negro waved his whip with a show of pride and the emaciate horse shuffled down the gravel drive into Pennsylvania avenue.

"Who was that?" inquired a visitor of one of the policemen. "Uncle Ike" Stephenson, of Wisconsin, the richest man in the United States senate," answered the policeman.

### 11,000 GARMENT WORKERS STRIKE AT CINCINNATI

CINCINNATI, Ohio, June 24.—Eleven thousand garment workers here and in Covington, Ky., across the Ohio river from Cincinnati, are expected to strike today, although the heads of the International Garmentworkers' union as yet have to agree upon a course to be adopted in connection with the demand of the operatives for shorter hours. International Secretary Larger ordered several hundred strikers, who walked out Saturday night on the advice of I. W. W. organizers, to resume work yesterday. President Rickert of the garmentworkers' international organization, ordered today that the strike continue. Rickert is on his way to Cincinnati to take personal charge of the situation.

### BOY BANDITS SENT TO HOSPITAL

OAKLAND, Cal., June 24.—Carrying out plans to become bold wild west desperadoes, four East Oakland schoolboys, Harold Kribbs, 13, Larry Frost, 14, Lafayette White and Godfrey Reed, wound up here today with two in the hospital and two in the detention home. The authorities allege their escapades ranged from burglary to attempted jailbreaking and manslaughter.

After the arrest of the boys at Niles, Cal., they got in a fight in jail, in which Kribbs was shot through the back and Reed lost a piece of his ear.  
The boys broke from their cells, smashed a constable's desk and secured a revolver. As they could not get out of the jail, it is alleged they determined to lay in wait for the constable and kill him as he entered, but in the meantime got in a fight as to who should be chief of the band, and Kribbs was shot by Frost. Another bullet hit Reed's ear. Kribbs' wounds are serious but he is expected to recover.

### BUNCO MAN ACCUSES TWO MORE POLICEMEN

SAN FRANCISCO, Cal., June 24.—Two more officers, Tom Curtis and Frank McConnell, formerly on the police bunco retail here, were named today by Mike Gallo, chief hunceman, testifying in the conspiracy trial of Arthur McPhee and Charles Taylor, as having received money for protection, though he said he personally had not paid it to them.  
"Chito" Rovigo, the youthful bunco operator brought from St. Louis to testify against MacPhee and Taylor, has told his story to District Attorney Fickert. He involved each of the eight men indicted with the acceptance from him of bribe money. Rovigo is the only one of the bunco gang who claims to have paid money directly to MacPhee and Taylor. He says they were brought to him by Frank Esola and introduced as new men on the bunco detail. At the time he paid them \$335, he says, Rovigo is eager to take the stand and tell all he knows.

### CANADIAN TOWN STRUCK BY TORNADO

ESTEVAN, Sask., June 24.—This town is recovering today from a cyclone which struck here about 7:30 o'clock last evening. Several buildings were badly damaged and a number of plate glass windows were broken by the flying debris. After the spectators had left the ball grounds where a baseball game was in progress between Estevan and Weyburn, the bleachers were totally destroyed by the wind. Many persons were compelled to lie flat on the ground in a drenching rain to avoid being carried off their feet. One man received a bad gash on the head by flying glass. The damage is estimated at \$20,000.

### HOUSE TO HEAR ARGUMENTS ON KAHN'S MOTION

Resolutions Concerning Caminetti Case Come up Before Judiciary Committee Thursday—General Investigation Sought by Authors.

WASHINGTON, June 24.—Chairman Clayton of the house judiciary committee announced today that on Thursday that body would hear arguments on Kahn's Caminetti resolution. The Hinebaugh resolution, which was originally referred to the judiciary committee, was later sent to the rules committee, which is expected to grant a hearing soon.

Kahn threatens to force a fight on the floor of the house if the judiciary committee attempts to pigeonhole his resolution. He said: "Under the rules a resolution requiring information becomes privileged and is subject to debate on the floor of the house if the committee to which it is referred fails to act within six days. Unless the judiciary committee acts before then I shall call up my resolution on the floor of the house."

"I am not interested in Hinebaugh's resolution because, in my opinion, before the committee can decide whether the matter merits investigation, we should have the papers in the case. My resolution seeks to uncover the evidence."

Hinebaugh expects to appear before the rules committee in support of his resolution and today intimated that he will ask the committee to summon the persons he desires to examine.

Attorney General McReynolds was reticent today on the controversy. He said: "This is not the time to issue any statement. The matter is being handled in the regular way."

### PREACHERS TRYING WOMAN ON CHARGES

PORTLAND, Ore., June 24.—A committee of rectors of the Episcopal church today is considering the charge brought by Rev. Dr. A. A. Morrison, of Trinity church, Portland, against Mrs. Marcella Clark, whom he accuses of being an "outrageous person, a mischief-maker and a nuisance in the parish."

Evidence was heard in secret session last night and the committee will decide whether or not Mrs. Clark may remain a communicant. Bishop Charles Scadding did not attend the hearing, explaining that inasmuch as he has never been notified officially of the case, he does not consider it his province to interfere.

Mrs. Clark has continued to attend church as before her quarrel with the rector, but is suing him for \$225,000 damages.

### HEAVY WEIGHT PAID \$10,000 TO REDUCE HER FAT

DENVER, Colo., June 24.—While twenty other heavyweights waited here today to testify, Mrs. Nellie Johnson, 210 pounds of all too solid fat, told the court her troubles in the trial of Mrs. Walter Cunningham, "Majorie Hamilton," for vending an anti-fat, anti-lean cure that would not work.

Among the letters produced by Mrs. Johnson and read in court were a 39 page pamphlet entitled: "Majorie Hamilton's complete quadruple system of druggles reduction, a scientific, simple method of reducing superfluous flesh and double chin."

Mrs. Johnson "fell" for the cure. Part of the instructions she got read: "You must not eat bread or biscuits or drink liquids with your meals, chew your meals thoroughly, take a bath daily and drink lemon juice. Don't envy the woman with a beautiful form. Have one. Don't order new clothes while taking my treatment; you are sure to lose flesh and then your clothes won't fit you."

Mrs. Johnson said she gave up \$10,000 for the treatment. It didn't phase her fat. She demanded her money back and got only icy silence.

### RAKER LIKELY TO PROSECUTE IN CALIFORNIA

Cabinet Considers McNab's Charges—Wilson Asks for all Papers—White Slaves Cases to Be Rushed at Once—Congressman Prosecutor.

WASHINGTON, June 24.—After a cabinet meeting at which the resignation of United States District Attorney John L. McNab, of San Francisco, was discussed for two and a half hours, it was announced today that President Wilson will issue a statement this afternoon regarding the resignation and the charges made by McNab in the Diggs-Caminetti and Western Fuel company cases.

All the cabinet members were reticent as to the discussion of the McNab affair. It is believed, however, that the president will accept McNab's resignation and will immediately announce his successor or will name a special prosecutor to act in the Diggs-Caminetti cases. It is considered certain that the president will direct that the Diggs-Caminetti cases be tried immediately.

Bryan Insistent.  
At the cabinet meeting the president insisted on complete explanations from Attorney General McReynolds and Secretary Wilson. The latter denied that he had any ulterior motive in the appeal to McReynolds to postpone the cases other than to give A. Caminetti, the new commissioner of immigration, a chance to learn his duties before he went west to attend his son's trial. McReynolds said that Wilson's explanation covered his position.

It is understood that at the cabinet meeting Secretary Bryan insisted that the administration must push the white slavery cases at once.  
Secretary Lane also discussed the situation, especially the political situation that might arise out of the scandal.

Raker May Prosecute.  
The president asked for all papers and telegrams in the case.

It is reported that Congressman Raker, of California, is considering an offer by the president of McNab's place. The report current here is that Raker will be appointed special prosecutor to prosecute Diggs and Caminetti, with an implied promise that later he will be made a United States judge.

WASHINGTON, June 24.—At a caucus of democratic senators today the tobacco schedule of the tariff bill was approved with change. The agricultural schedule was taken up this afternoon. The cattle, wheat, oats and barley sections were approved in the form in which they passed the house. A strenuous fight over free sugar is predicted.

Democratic senators opposed to free sugar agree to support Senator Shafroth's amendment to substitute a duty of approximately half a cent per pound for the provision for free sugar in 1916. Senator Walsh, of Montana, made another speech against free sugar. Senators Newlands, Ransdell, Thornton and Williams announced themselves as ready to back a movement to eliminate the provision for free sugar after three years.

Senator James, of Kentucky was expected to defend the free sugar section.

After all the schedules have been approved the question of binding senators to support the bill will be taken up.

The administration currency reform bill probably will be introduced Thursday in both houses of congress. Democratic members of the banking committee of the house discussed the bill today. On Friday the full committee will decide the question of whether public hearings on the bill will be held. The majority members of the committee are opposed to extensive hearings, and will try to expedite as much as possible the passage of the currency bill by the house.

### SEX HYGIENE IN CHICAGO SCHOOLS

CHICAGO, June 24.—Sex hygiene will be taught in the upper grades of the Chicago public schools beginning next fall. Lectures on matters relating to personal purity will be given by physicians and be made part of the regular curriculum.

The school management declared for sex hygiene instruction after Mrs. Ella Flagg Young, superintendent of schools, had given her approval.

"High school pupils need something to improve their morals," said Mrs. Young, "and sex hygiene has become essential in the higher grades. The elementary pupils need it too, but the time is not ripe for children of such immaturity to take up this study of such a serious problem."

### DEADLOCK OVER ELECTION CLERK SCHOOL BOARD

Stine Gets Votes of Mrs. Gore and Mr. Cochran, Who Refuse to Permit Chairman to Cast Vote for Crawford—Lawton Absent.

The new school board, at its first meeting Monday, developed a deadlock over the election of a clerk. Mrs. E. E. Gore, the newly elected member, took her seat. George E. Marshall, senior member was elected chairman. D. T. Lawton was absent. J. H. Cochran and Dr. E. R. Seely, the other members of the board were present and participated in the trouble.

Oris Crawford, for many years clerk of the school board, was nominated for the position. H. S. Stine was also named. Mrs. Gore and Mr. Cochran voted for Stine. Dr. Seely voted for Crawford. Mr. Marshall announced his vote for Crawford, but Mr. Cochran and Mrs. Gore held that the chairman was not entitled to a vote and refused to permit him to count it.

For an hour Mr. Marshall held out for his right to vote. Attempts to get a lawyer for an opinion failed. Finally Mr. Crawford stated that he did not wish to serve a divided board. Mrs. Gore said that a vote of thanks should be given Mr. Crawford for his long and faithful service. Mr. Crawford said he did not wish any thanks, the treatment he was receiving spoke louder than words.

The two members who voted for Stine declare him elected by a vote of two to one. Doubt regarding the validity of the election, or the right to bar the chairman from a vote, is freely expressed. The removal of Mr. Crawford has aroused a good deal of indignation among his friends.

The position of clerk pays \$250 a year salary. Mr. Stine was formerly a public school teacher and is now an insurance agent.

Chairman Marshall appointed the following committees:  
Finance—Messrs. D. T. Lawton and J. H. Cochran.  
Insurance—Messrs. Cochran and E. R. Seely.
