BUNCO ARTISTS FIRM IN GRAFT CHARGES

SAN FRANCISCO, Cal., June 26.—"Chito" Rovigo, the young Italian prominent in the \$300,000 bunco ring here, was played on the witness stand today for further cross examination in the graft trials of Detectives MacPhee and Taylor. The efforts of the defense to trip up the witness and expose discrepancies in his long story of police corruption only resulted in an exposure by Rovigo of conditions in St. Louis quite similar to those which existed here. Rovigo dragged in the names of many men who he says operated bunco graft at the St. Louis headquarters. He said it cost him \$1700 to effect his release in St. Louis and even after being bled for this sum he says his would-be friends attempted to betray him.

ALASKA FOREST RESERVE SWEEP BY FIRES

The department has jurisdiction over Oregon, Washington and Alaska. Advertisers state that the forest along Turnagain Arm of Cook's Inlet is burning, and that a million feet of logs belonging to the Alaska Northern-railroad company have been destroyed.

Three big fires in the national forest reserve have been controlled, it is stated but fires on the public domain outside the reserves are still burning. Service employes and field men of the general land office are helping fight the flames.

SAN FRANCISCO, Cal., June 26.—The supreme grove of the United Order of Druids had issued against it here today a citation ordering it to show cause in the superior court why its members should not be punished and fined for contempt of court.

When the California grove won the suit Judge Van Nostrand forbade the supreme grove the foundation of further organization in California. The supreme grove, disobeying this order, has issued a call for a convention in California July 4 for founding a new branch of the parent organization.

PORTLAND MAN SUICIDE; LEAVES MOTHER NOTE

SEATTLE, Wash., June 26.—Search is being made in Elliott Bay today for the body of Archie Pettys of Portland, who is believed, committed suicide by jumping from the Colman dock here.

A letter was found on the dock late Wednesday night by the steward of the steamer Puget, which indicated that Pettys had ended his life. The letter reads as follows: "I am tired of life, so have made up my mind to drown myself. When my body is found please send it to my relatives. Please notify my folks when you find these, my last words." (Signed) ARCHIE PETTYS.

On the reverse side of the paper was written: "Dear Mother and Father: Please forgive me for what I am doing. I can't help it."

STEELE ON WAY TO CRATER LAKE; OUTLOOK BRIGHT

Will G. Steele, of Portland, whose appointment as superintendent of Crater Lake park was recently made by President Wilson and confirmed by the senate, arrived in Medford Thursday, en route to his post as Superintendent Steele will leave Friday morning over the P. & E. for the scenic spot, and will assume charge next Tuesday, July 1. His appointment was opposed, without avail, by Klamath Falls democrats, and the final outcome is welcomed in this city.

The coming season at the park will be opened July 10, according to present plans, and a force of men are at work putting the roads there to in shape. Superintendent Steele will begin at once preparing for the reception of visitors and getting things in shape.

The 1913 season, with Medford auto connections and special railroad rates, gives promise of being the most successful from a tourist standpoint, and the accommodations will be increased. It is expected that autos will be able to make the trip by July 1. In September motorists of note at home and abroad will visit the lake.

NO GUBERNATORIAL BEE BUZZES SAYS M'NAB

SAN FRANCISCO, Cal., June 26.—Former United States District Attorney John L. McNab declared today that he is not going to be a candidate for governor of California or for any other office. His declaration came when he was informed that Representative Webb, of North Carolina, talking before the house judiciary had asserted that McNab is a candidate for governor and was "playing politics when he made a dramatic resignation and charged the attorney general with delaying important cases."

"I am not, have not been, and do not expect to be, a candidate for governor, or any position," said McNab. "I am going back to the private practice of law."

Your confidence is what Studebaker seeks to keep

Possessing this confidence, we have never tried to produce a cheap wagon. We could, but we don't dare try the experiment. Our constant aim has been to produce the best wagon.

And in living up to this highest standard, we have won and hold—the confidence and good-will of hundreds of thousands of farmers all over the world.

Studebaker wagons are built to last, to do a day's work every day, to stand up under stress and strain and to make the name Studebaker stand for all that is best in vehicles.

Don't accept any other wagon represented to be just as good as a Studebaker. The substitute may be cheaper, but it isn't up to Studebaker standards, and you can't afford to buy it.

For business or pleasure, there is a Studebaker vehicle suited to your requirements. Farm wagons, trucks, business wagons, surreys, buggies, runabouts, pony carriages—each the best of its kind. Harness also—of the same high Studebaker standard.
