HERRINGTON LET OUT OF OFFICE FOR REFLECTIONS

SAN FRANCISCO, June 25.—Clayton Herrington, federal investigator of white slave cases for the department of justice, who gathered evidence in the Diggs-Caminetti cases and who called upon President Wilson to oust Attorney General McReynolds for his action in the McNab matter, was suspended from office today upon orders from Washington.

The order was signed by A. J. Bielaski, chief of the bureau of investigation of the department of justice and reads:

"Your telegram received by the president reflecting upon the integrity of the attorney general. You are hereby suspended from duty without pay pending receipt of explanation."

Before receiving the suspension Herrington dispatched the following telegram to the president:

"As a citizen of California, I charge the officials in the department of justice and department of commerce and labor, with disregard of the judgment of the courts and in violation of the law have prevented the deportation of French prostitutes from this state. I demand an investigation. On March 14th Secretary Wilson was informed of these cases."

In a public statement tonight Herrington says:

"President Wilson approves in words the way McReynolds dealt with the Diggs-Caminetti and Western Fuel cases. He disapproves in deeds by ordering the immediate trial of the defendants McReynolds tried to save. This is not only inconsistent and unjust but humiliating evasion of the responsibilities of his high station."

"McReynolds' explanation," he continued, "is even more pitiable. His excuse was that the facts were not fresh in his memory. McReynolds needs a better memory as much as President Wilson needs a better attorney general."

THE WORLD'S CHRISTIAN CONFERENCE AT PORTLAND

The second World's Christian Citizenship Conference will be held in Portland, Ore., June 29 to July 3, of this year.

Seventy-five to one hundred speakers of national and international reputation will discuss present day problems vital to the welfare of all nations, among them President Wilson.

The principal meetings will be held in the spacious Multnomah stadium, sectional conferences in nearby auditoriums.

The conference will open with a general mass meeting on the afternoon of June 29, with three sessions daily through the week except the Fourth of July.

Low fares on all the roads, good for the whole time of the conference and special rates for special days will be granted. Special rates at hotels and private residences.

Men and women are cordially invited to attend all sessions and enjoy the advantages of this rare opportunity.

Rules and Regulations

The following rules and regulations will govern the exhibits:

Exhibits must be placed on the table not later than 11 o'clock a. m. on the day designated. They will be numbered according to the respective sections, class and number for which they are entered. Prizes will be awarded by number accordingly. The names of exhibitors shall not appear on the exhibits until after the prizes have been awarded. Every exhibitor shall leave the building at 11 o'clock, when the judges shall examine the exhibits and award the prizes, and at 1 o'clock in the afternoon, or as soon as practicable, the show will be opened to the public.

Awards shall be made only to amateur growers. "Amateur" is intended to mean one who has never sold and who does not grow for sale any flowers or plants. All roses must have been grown in the open ground and must be the bona fide property and grown by the exhibitor.

The same rose or roses can not be entered for more than one prize. All roses improperly classed, named or entered, or which have added foliage, or which do not conform to the rules and regulations, will be disqualified and ruled out of the contest.

When a certain number of roses is designated in any competition there must be neither more nor less than that number entered or exhibited. The judges may decline to award a prize to any exhibit which they consider unworthy of reward, even when said exhibit is the only one in its class or section.

Scale of Points for Judging

Table with 2 columns: Item and Points. Size: 20; Color: 25; Form: 25; Stem: 5; Substance: 15; Foliage: 15; Total points: 100. Each exhibitor is requested to arrange his or her own display and to bring vases necessary.

TACOMA FIGURES 113,500 DIRECTORY GIVES 102,150

TACOMA, Wash., June 26.—Based on the unusually low estimate of 2 1/4 names of actual population, the new city directory just out, gives Tacoma a population of 102,259, multiplied by the figure generally used, the directory would show 113,500 persons here.

Rosarian Discusses Official Rose

To the Editor: While we are hoping and planning for our initial rose show on the Fourth of July, we cannot expect to have the exhibit we will have next year when with the whole season before us our rose lovers will study and plan with such enthusiastic results that Portland's heart will fairly ache with envy.

We must choose an official rose. Which shall it be? The glorious "J. B. Clark," with its great flowers of intense scarlet and vigorous upright growth. It lends itself particularly to decorative and exhibition purposes and is not so given to mildew as many of the roses in this climate. Then we have the "Lyon Rose," the only rose grown scoring 100 points in perfection. It is wonderful with its salmon and chorme yellow shades, the buds are coral red, beautifully formed and on my own bushes I have seen a distinct shade of lavender in the opening flowers.

The "Frau Karl Druschki," our "White American Beauty," is one of the best one could mention. It is a constant bloomer and its bright shining green leaves are a beautiful contrast to its splendid buds and immense flowers. Among the pink roses we have the popular "Madame Caroline Testout," the "Pink Maman Cochet," and a lovely rose, "Phariseau," with a fine bud and well formed satiny flowers that is not as popular as it deserves to be.

It will be hard to decide, as everyone has his favorite and they are all so lovely. Personally I favor the "J. B. Clark," as Tacoma has the "Lyon Rose," and Portland the "Caroline Testout." Roses are highly bud plants and very exclusive. They cannot shift for themselves and yet maintain all their superlative excellences. Thrust into the shrubbery they sink and suffer for the competitor. But the same bushes planted in rows so that they may be cultivated flourish satisfactorily. But you must not expect to have beautiful blooms and a perfect bush at the same time. A rose bush must be looked upon as a means to an end—glorious roses—and the more this object is kept in view the less you will care how the bushes look.

Prune your roses hard, down to the fourth or fifth eye, if you want perfection in blooms, and the tenth if you would rather have quality and more foliage on your bushes. Always cut to an outward pointing eye and plan for as attractive a bush as possible. Keep the center open.

Frisco Florist Praises Our Roses

San Francisco, June 24, '13. To the Editor: Looking over one of your recent issues of the Mail Tribune, (June 18) I note your article suggesting to the ladies of the Greater Medford club "the adoption of a Medford rose." A recent visitor of your place, I could not keep from noticing the profusion and endless variety of roses growing in the open and so attracting any visitor to Medford and filling him with admiration, adding so much to the beauty of your valley and homes. I happened to mention, the other day, to one of the largest nursery men on the Pacific coast, the names of roses, and I experienced a bad time in convincing him that the growth of the roses in open ground was not exaggeration, but seen by myself and in reality.

More Socialist Rant

To the Editor: A good many of your readers hope that you are not often seized with such a spasm of hysterical ineptitude as characterized your tirade against socialists and socialism a few days ago. It is a notorious fact that the Associated Press and other news agencies make a point of publishing the fact if a criminal happens to be a socialist. When Roosevelt was shot they said his would-be assassin was a socialist, and this lie was published all over the country. Let us illustrate your assumption the other way around. Probably nine-tenths of the inmates of our prisons are or have been republicans or democrats. Therefore these parties breed criminals. Lincoln was killed by a democrat and McKinley by a republican. The teachings of these parties consequently lead to criminal anarchism. Idiots—yes, but it is the same kind of stuff, I will not call it reasoning—that you gave us the other day when you asserted that all socialists sympathized with crime. I don't imagine that you will publish this for it is a little too true. J. H. LYDIARD.

DESERT MURDER PUZZLE TO THE AUTHORITIES

LOS ANGELES, Cal., June 26.—That the mysterious murder of a middle-aged woman, found dying last Sunday, in the Verdugo hills, will go down in the annals of crime as another unsolved mystery, is the feeling around police headquarters here today.

More than three hundred persons have viewed the woman's body and twenty-five or more identifications have been made, but not one of them has resulted in revealing the identity of the woman.

WASHINGTON, June 25.—A special session of the "Insidious Lobby" investigating committee will be held tonight to hear testimony of Robert B. Lovett, head of the Union Pacific executive board.

SACRAMENTO "COPS" ROILED BY BUNGO

SACRAMENTO, Cal., June 26.—Sacramento police today indignantly deny charges that "Chito" Ravings, St. Louis bunco man, made that ten confidence men are working in Sacramento. At about the same time the denial was made, H. C. Soucy, of Lemoore, Kings county, was fleeced of \$20 by two smooth strangers at the Southern Pacific station. The old trick of matching dollars was used.

"Milestones" is to go on tour next season to be played by an English company.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me.

One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

PARISIAN SAGE FOR THE HAIR

Unusually—matted—colorless—ragged hair made—fluffy—soft—abundant and radiant with life at once. Use Parisian Sage. It comes in 50c. bottles.

The first application removes dandruff, stops itching scalp, cleanses the hair, takes away the dryness and brittleness, increases the beauty of the hair, making it wavy and lustrous.

Everyone needs Parisian Sage. Charles Strang, Druggist.

Time works quick changes in the growing girl. Pig-tails and short skirts are soon forgotten in the maturer charms of the debutante.

Sometimes though you will ache for a picture of her just as she romped in from school or play. Think how she would like one too, in after years—to show her friends and possibly her children. Make the appointment while the thought is fresh in your mind. I am the photographer in your town.

A Flour You Can Bank On

When you purchase a sack of

Drifted Snow Flour

from your grocer you can rest assured that you have as good a flour as it is possible to mill. A flour that is as clean as modern scouring machines can make—and as wholesome and pure as the finest wheat will produce.

Drifted Snow Flour is sold with a guarantee. If you are not satisfied with the baking results you obtain from this flour, your grocer will pay you back the full price for the whole sack and the flour you have used will cost you nothing. It takes good flour to live up to such a guarantee—and Drifted Snow has always made good.

There is satisfaction in every sack.
