McDonald, of Talent district, spent a few days at Medford Thursday.

CORNERSTONE AT GETTYSBURG LAID BY BLUE AND GRAY

GETTYSBURG, Pa., July 4.—Fifty years ago today the war weary soldiers under General Robert E. Lee retreated from the three days' battlefield of Gettysburg, with no blue forces to pursue them in their falling back into Virginia. Today, as a fitting climax to the most unique peace celebration in history, those Gray veterans who retreated, and those Blue heroes who had won at terrible loss of life, joined in the ceremonies attendant upon laying the cornerstone of the Gettysburg Peace Memorial in honor of Blue and Gray who fell during that three days' battle. The memorial is a tribute to the 40,000 soldiers of both sides who fell in one of the greatest battles of history. Former President William Howard Taft was the principal speaker today. Other notable orators followed him and as the great cornerstone was laid in place the battlefield reverberated again when a salute of twenty-one big guns was fired. Tonight the 60,000 or more veterans and 150,000 visitors will witness what is expected to be the most gorgeous pyrotechnical display ever seen in this country. The fireworks will be set off on Little Round Top overlooking the battlefield. The first "piece" to be set off will be a huge American flag 200 feet long and 120 feet wide. At the same time farther down the field will be set off the figure of a blue and Gray veteran clasping hands with a dove of peace outlined in white fire above their heads. Another feature will be the reproduction of the signal code of the Union army, sixteen pieces set in red, white and blue fire. Corps badges of the G. A. R. and the U. V. C. and an American flag will be released from balloons sent up over the two "armies of peace."

FOUR MEMBERS OF SUGAR INVESTIGATING COMMITTEE ENTERTAINED BY OXNARD

Representative John E. Baker of California. Representative Finis J. Garrett of Tennessee. Representative Thomas W. Hardwick of Georgia, Chairman. Representative Asher C. Hinds of Maine.

Here are four members of the house of representatives sugar trust investigating committee who, according to a letter to C. C. Hamlin, representative of the trust in Washington, were entertained by Henry T. Oxnard, head of the beet sugar interests. This was brought out the other day when the letters taken by the senate lobby investigating committee in a raid on the office of Hamlin in Washington, were read. Aaron Groye, who had a roving commission for the beet sugar men, wrote this paragraph in a letter to Hamlin, dated Aug. 4, 1911: "We have had an interesting time. Palmer is before the committee on his third day today. He is doing well. H. T. entertained them in New York with, as I learned, good effect. The Hardwick committee report will not be ready until December, and will be less harmful than I had hoped."

LIQUORS AND DIVORCE BLAMED FOR EVILS

SEATTLE, Wash., July 4.—In the principal address of the first day's session of the National Children's Home society convention, Dr. W. H. Slingerland, special agent of the Russell Sage Foundation, attacked the industrial system of today and charged it to liquor and divorce, the chief causes for child dependency. He made a strong plea for a square deal for the child born illegitimately, and emphasized the idea that punishment, if any, should fall on the parents and not the child. "People of this age get married too late in life," declared Slingerland. "It were far better that they should marry in their twenties."

TOURIST TRAVEL WORTH \$750,000 IN YEAR 1915

"If Jackson county takes the lead, as I think she will, and bonds for good roads, I make the prediction that in 1915 she will increase her revenues sufficiently to pay for the 55 miles of highway in that one year." This was the statement of State Highway Engineer H. L. Bowley, as he left for Salem last night after conferring with the county court from which he received authorization to make a survey of the roads for improvement under the proposed bond issue. "If Ashland doesn't vote unanimously for this bond issue she is blind to her own welfare," said Major Bowley, "for while the road will benefit Medford and the entire county, it will be particularly beneficial to Ashland."

SAN FRANCISCO GETS CITIZENSHIP CONFERENCE

PORTLAND, ORE., July 4.—Plans for the third World's Christian citizenship conference in 1915 are being perfected here today with San Francisco most prominently mentioned as the probable meeting place. Telegrams inviting the conference to meet in San Francisco during the Panama Pacific exposition were received from C. C. Moore, president of the exposition and the San Francisco convention league.

KANSAS CITY SEES BIG BALLOON RACE

KANSAS CITY, Mo., July 4.—Eight balloons will ascend here this afternoon in an elimination race to determine which three shall represent the United States in an international race in France for the Gordon-Bennett trophy. The balloons will be released at 5:30 o'clock. The entrants and their pilots follow: Sofia H. William Assman. Milton Population, John Berry. Goodyear, R. H. Upson. Kansas City, H. John Watts. Dusseldorfer, G. L. Bumbargh. Drifter, Albert Holz. Overland, Roy Donaldson. Kansas City Post, H. E. Honeywell.

DECLARATION READ IN CRADLE OF LIBERTY

PHILADELPHIA, Pa., July 4.—"The Cradle of Liberty" was the scene of Philadelphia's celebration of Independence day today. Following the custom inaugurated on the first anniversary of the signing of the Declaration of Independence, Philadelphians gathered in thousands about Independence hall to hear famed orators and a program of patriotic music. Congressman William S. Vare, of Philadelphia, was today's chief speaker. Philadelphia didn't go in strong for a real safe and sane Fourth this year, the city fathers having refused to take action that would eliminate promiscuous setting off of fireworks by the public.

PAGE DOES NOT FEED AMERICAN COLONY

LONDON, July 4.—The new ambassador, Dr. Walter H. Page, did not feed the American colony today as had been the uniform practice of his wealthy predecessor, the late Whitelaw Reid, on Independence Day. Dr. Page has not yet established his home in London, and besides he feels unable to keep up with the lavish scale of hospitality that used to prevail at Dorchester house.

To Stop Scaling of Psoriasis

This Troublesome Skin Disease Promptly Checked by a very Simple Attention. Classified with eczema, psoriasis has been considered one of the most obstinate of skin diseases. A lady in Lexington, Ky., says that before she began using S. S. S. the disease broke out at frequent intervals where she thought it cured. But by getting her blood under control by the influence of S. S. S. psoriasis entirely disappeared and there was never again the slightest sign of it. Like nearly all skin diseases, psoriasis is primarily due to impaired blood.

The skin is but a network of fine blood vessels. And it is a perfectly natural consequence that any impurities in the blood that is a condition of ill health makes its first appearance in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration. Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S. This is why skin troubles vanish so readily and why they do not return. You can get S. S. S. in any drug store, but insist upon having it. Take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 182 Swift Bldg., Atlanta, Ga.
