Given Warm Greeting
President Wilson paid a warm tribute to the veterans of Gettysburg and added:

"These venerable men crowding here to this famous field have set us a great example of devotion and utter sacrifice. They were willing to die that the nation might live. But their task is done. Their day is turned into evening. They look to us to perfect what they established. Their work is handed on to us to be done in another way but not in another spirit. Our day is not over—it is on us in full tide. Does the nation stand still? Is what fifty years have wrought since these days of battle finished, rounded out, completed? Here is a great people, great with every force that has ever beaten in the lifeblood of mankind. It is secure. There is no one within its borders, there is no power among the nations to make it afraid. It is secure in everything except the satisfaction that its life is right and adjusted to the uttermost standards of righteousness and humanity.

Sacrifice Not Closed
"The days of sacrifice and of cleansing are not closed. We have harder things to do than were done in the heroic days of the war, because they are harder to see clearly, require more vision, a calmer balance of judgment and a more candid searching of the very springs of right."

"I have been chosen leader of the nation. Whom do I command? The ghostly hosts who fought upon these battlefields long ago, and are gone? These gallant gentlemen, stricken in years, whose fighting days are over, their glory won? I have in my mind another host, whom these men set free of civil strife in order that they might work out in days of peace and settled order the life of a great nation. That host is the people themselves, great and small, without class or difference of any kind, race or origin and undivided in interest, if we have but the vision to guide and direct them and order their lives aright in what we do.

Not Live in Past
"I would not have you live even today wholly in the past but would wish to stand with you in the light that streams upon us now out of that great day gone by. Here is a nation God has builded by our hands. What shall we do with it? Who stands ready to act again and always in spirit this day of reunion, hope and patriotic fervor? The day of our country's life has but broadened into morning. Do not put your uniforms by. Put the harness of the present on. Lift your eyes to the great facts of life yet to be conquered in the interest of righteous peace and of that prosperity which lies at the hearts of the people and

NATION'S LIFE BUT BROADENED INTO MORNING

President Wilson Makes Eloquent Speech to Veterans at Gettysburg—Country Secure in All Things Save Satisfaction of Life.

Great Facts of Life yet to Be Conquered in the Interest of Righteous Peace—Appeals for Co-operation.

GETTYSBURG, Pa., July 4.—"Here is a nation God has builded by our hands. What shall we do with it? Who stands ready to act again and always in the spirit of this day of reunion, hope and patriotic fervor? The day of our country's life has but broadened into morning."

This was the keynote here today of a speech by Woodrow Wilson, the first southern born president of the United States to celebrate on the historic field of Gettysburg the centennial of that union which three-fifty years ago, was glued in blood.

Speaking with evident earnestness the president addressed the thousands of survivors of the great conflict of long ago, and as his rounded periods reached their cars veterans of the Blue and the Gray wept openly and unashamed.

Welcomed by rebel yells and union cheers, the president alighted from the train here today amid a thunder of cannon, his presence marking the climax of the week's celebration of the Gettysburg anniversary. His reception was most enthusiastic, hundreds of the veterans having been up since daybreak to do him honor. Immediately an alighting from the train cavalry escorted the chief executive to a big tent off the Emmetsburg road where, promptly at 11 o'clock, the day's exercises began.

President Wilson paid a warm tribute to the veterans of Gettysburg and added:

FAIR LILLIAN GETS \$105,000 A YEAR

NEW YORK, July 4.—"I should worry about the price of bacon and eggs for the next year or so."
This was the declaration of Lillian Russell, the actress, just before she sailed for Europe today on her annual vacation. Miss Russell, who in private life is Mrs. A. P. Moore, wife of a Pittsburgh newspaper man, signed a contract before leaving with John Cort, the theatrical magnate, calling for \$105,000 for next season. Moore accompanied his wife abroad. He said he saw no reason to worry, either.
