The pains in my back became so acute that I could hardly endure them, and as the result of restless nights, I arose in the morning all worn out. Often I was so lame and stiff that I could not stoop and headaches and dizzy spells were common. I tried so many remedies without being helped that I became discouraged, but when Doan's Kidney Pills were recommended to me, I decided to take them as a last resort. I procured a supply at Haskins' Drug Store and after using two boxes, I could see that a great improvement had been made. I grew better from that time on and was soon free from kidney complaint."

those of California should be studied by Oregon, as conditions are now nearly similar. It costs less to build and maintain roads in either of the northern states, both because we have a moister climate and because we have better soil. The Southern Pacific maintenance cost per mile in California is far in excess of what of the recently established Langley it is in Oregon and the same is true aero-dynamic laboratory at the of wagon roads as well as steel.
