FLY CASTING CLUB FOR ROGUE RIVER FAVORED BY ANGLERS

A fly casting club for Medford and the Rogue River valley is being discussed by local anglers. Records made by the Portland fly casters have aroused interest and a belief that local fishermen can more than hold their own with those of the metropolis when it comes to casting a fly.

"I think we have a dozen or more anglers who can compare favorably with records made by the Portland club," said Toggery Hill Isaacs, president of the Rogue River Fish Protection Association. "None of the boys has ever cast in a tournament or ever tried to see how far he places the fly, but the sort of casting we get angling for steelheads develops the proper muscles and we might have a champion amongst us. I would like to see such a club to keep ourselves in shape through the winter and spring, when there is no fishing. Bear creek offers a suitable pond for the casting."

"By all means have a fly casting club," says Judge E. E. Kelly, an enthusiastic angler. "We can develop a team, challenge the state, win the championship and thereby advertise our angling."

"I heartily favor the suggestion," said Attorney A. E. Reames, an ardent angler. "We can fix up casting ponds either on Bear creek or at the Country club. It would prove an agreeable recreation for the anglers in the closed season."

ADVENTISTS PREPARE ANNUAL CONFERENCE

The Seventh Day Adventists annual conference and camp meeting convenes in Medford July 17 and continues ten days. Among the ministers that will attend besides those laboring in the Southern Oregon conference are the following: W. A. Spicer of Washington, D. C., secretary of the foreign mission board of the general conference; Mende MacGuire, secretary of the young people's department of the general conference; C. W. Flaiz of Walla Walla, Wash., president of the North Pacific Union Conference, and W. F. Martin, secretary of the Religious Liberty Bureau of the Northwest.

FIRST PEACHES OF SEASON AT MARKET

The first peaches offered in the public market this season were on sale Thursday. They were early Alexanders, grown by E. J. Bratney, two miles south of Medford. The supply of Royal Anne cherries still holds out and a great quantity of berries are being disposed of.

BOGGS STILL ON TRAIL OF COUNCILMAN MILLAR

Upon request of Attorney O. C. Boggs, who acted as prosecutor in the Millar trial, Judge Calkins has postponed the filing of his decision reversing the rulings of Municipal Judge Ebert until Attorney Boggs can be heard. The latter contends that the failure by Recorder Foss to file the complaint ten days before the hearing invalidates the appeal.

STEELHEAD FISHING SEASON OPENS ON THE ROGUE

The steelhead fishing season has opened. Ed Brown, Pug Isaacs, Court Hall and Bob Burgess caught seven steelheads Wednesday and Owen Dunlap, Doctor Seely and Mate Hiden got six, all of average size. The river is still a foot high for good fishing, but another week and fishing will be at its height.

WALL STREET LOSES ITS GRIP.

DAVID GIBSON, editor of Bank Notes, a financial magazine in the last issue of that publication exposes the attempt of Wall Street to precipitate a panic of greater magnitude than the recent panics of 1893 and 1907 and shows how the panic was checked by the treasury department's official announcement that it was prepared to loan the country banks \$500,000,000 in emergency currency under the Aldrich-Vreeland act.

Ever since the inauguration of the new administration and the legislation aimed at special privilege by it, there has been a feeling of apprehension all over the country.

Wall Street was expected to punish the country and the administration for its temerity, and Wall Street may still be expected to sulk and do its utmost to create discontent among the masses by creating a period of stagnation, but the dawn of a new day is at hand.

With a new currency law in operation which will remove the Wall Street control of the money situation, panics will become only a nightmare of the past and honest policies of reform may be inaugurated without fear of reprisals by the anarchical domination of Wall Street.

The American producer is acquiring a curved spine from paying dividends on capital created out of nothing more substantial than water by those who make up the power of Wall Street and the sooner an honest valuation is had of American railroads and other inflated quaso-public institutions that are muleting the public for dividends on fictitious capital, the sooner will we arrive at a condition of sound prosperity and opportunity.

When the stock inflator is made to answer with the forger and other criminals, honest capital will seek investment more eagerly under the law's assurance that he who sells him any dilted property shall be made to answer as other felons.

MUSICAL PROGRAM PAGE VAUDEVILLE

The vaudeville bill this week is chiefly musical, and we may say a very enjoyable one.

Alisky's Hawaiian Serenaders was the favorite number on the program. They are really good singers and have been together long enough to phrase their music in perfect unity. The volcano scene was very effective. The native dance, the palm trees with the mountains in the distance, all formed a very realistic scene.

Miss Belle Oliver, in her rag-time songs and impersonations, was thoroughly enjoyed by the entire audience as the frequent encores attested.

Gogan and Cox were conspicuous by their absence. They jumped their contract and went on through. However, Medford did not lose anything. They were very ably substituted by Miss Duncan and Mr. Johnson, who put in an extra single turn each.

Princess Kalama, as she is known to the company, was very taking in her weird Hawaiian dance. We were just as much pleased with her as though she had been a real reigning princess, in fact, we are inclined to think that the sure-enough royalty might do well to interest themselves in bright vaudeville turns.

Harry James, in his group of baritone songs, scarcely did himself justice. Mr. James is really an artistic singer and the possessor of a good voice, but last night he was suffering with such a severe cold that his middle and upper voice was entirely out of commission. Mr. James is a thorough musician as well as a singer, having been Schumann-Helms' accompanist one season. We are in hopes to hear him under at least normal conditions.

The vaudeville bill as a whole is well worth hearing. The house was crowded last night and we presume tonight's audience will be a large one. It should be for the Hawaiians alone are well worth the price of admission.

ED ANDREWS.

KAISER CONSENTS TO MARRIAGE OF PAGE

LONDON, July 10.—King George today sent to Emperor William of Germany, his consent to the marriage of one of his pages to one of the assistant dressers of the German empress. The romance is a sequel to the recent marriage of the Kaiser's daughter, Princess Luise, which King George attended. One of his pages fell in love with the empress's dressmaker, and proposed. He was accepted but had to first wait until he went back to his home and obtained permission of his king to marry. The girl had to get the Kaiser's consent, which she did. The marriage will take place in Berlin. It will be the first marriage between a servant of the English royal house and one of another royal household in the present reign. There were nine during King Edward's reign.

Japanese Statesman Dead.
TOKIO, July 10.—Viscount Hayashi, a prominent Japanese statesman, died at his home here today.

SPECIAL TRAIN FOR ASHLAND EXCURSION

A hundred excursion tickets to Ashland have been sold by the Commercial club for Medford day at the Chautauqua. The special train will have been provided by A. S. Rosenmorrow and leave the uptown depot at Ashland at 10:30 P. M. Round trip will be 55 cents.

Train accommodations for 200 have been provided by A. S. Rosenbaum, general manager for Harriman lines in Medford, and it is expected that this number of Medfordites will show their goodwill to Ashland by going on the excursion, in addition to those that go by autos.

OWNER OF IMMENSE MARBLE QUARRY HERE

John V. Wilson, of Los Angeles, president of the American Carrara Marble company, has been visiting D. S. Wilson, of 596 Beatty street, and other relatives. The company, which is capitalized at \$3,000,000, owns an extensive marble deposit in Nevada, which is 2½ miles long by half a mile wide and 100 feet elevation above the desert. Extensive work is under way to quarry the marble, of which there are twenty-five different shades. The stone is said to be the finest of its kind, and the deposit the most extensive in America.

Mr. Wilson left today for his summer home in Ohio, much pleased with Medford and the valley.

DANISH GIRLS LEARN TRADES WITH BOYS

COPENHAGEN, July 10.—The Danish premier, Klaus Bernstorn, today publicly gave his consent to his daughter marrying a young Jutland joiner whom she met while learning that trade. The premier believes all girls as well as boys should learn a trade and for four years his daughter worked in a shop next to the Jutland joiner who will take her as wife. She has been granted a license to go into business and with funds supplied by her father will set up a business partnership with her husband-to-be.

TOLO MERCHANT FORCES PURCHASERS TO SETTLE

Sam and Ollie Cristoff, brothers, who have been working in the Tolo district, were arrested by the officers at Grants Pass Wednesday on complaint of Max Jacoby, Tolo merchant, who alleged that the young men had obtained goods to the value of \$12 from him on false pretenses. The men had offered a draft in payment for the goods, but as he was unable to cash it, they had agreed to go out and get the cash on it and return to the store at once and settle. Instead, the men came to Grants Pass, where they were overtaken by the merchant. Here the Cristoffs settled not only the bill against them, but the costs in the case, amounting in all to \$17.50.

MRS. CONRAD TO BE CLUB SECRETARY IF WARE RESIGNS

Because the finance committee of the Commercial club refused to O. K. bills for \$18 for clerical assistants employed by him, Secretary A. K. Ware threatens to resign, unless the club passes the bills over the protest of the committee.

The finance committee asserts that Mr. Ware was employed to do all the clerical work for the club and in his application for the position agreed to do it all for \$100 a month, and on this understanding accepted the position. Consequently, if Mr. Ware employed assistants, it was at his own expense.

Mr. Ware states that because of the rush of work, he found it impossible to keep the books posted and employed Messrs. Rader and Root to do it. "I feel that I was justified," said Mr. Ware, "in engaging assistants. If the club refuses to pay a charge of this kind, I may resign." He further claims to have been handicapped in his work by those who opposed his selection.

Under the bylaws of the club, the secretary is elected by the directors, and not by the club, but Mr. Ware intends to appeal to the club direct. The directors will probably elect Mrs. Hal Conrad as secretary, in case of a vacancy. She served satisfactorily in the position before and her selection would harmonize the various factions.

NEW FOOTS CREEK DISTRICT REJECTED

The county court, after a day spent listening to arguments pro and con, Wednesday declared to create a new school district under the proposed boundaries, at Foots Creek. The proposed district included a part of the Woodville district, which has already bonded itself, and the court held that it would work an unnecessary hardship upon the district to remove part of its assessable property. Delegations from both Rogue River and Foots Creek were present and participated in the discussion.

It is probable that a new district will be created for Foots Creek, with different boundaries than those requested.

VAUDEVILLE FEATURE ON STAR THEATER BILL

The management of the Star has secured for tonight and tomorrow only, Du Bois and Young, an excellent vaudeville act. This act is added to the picture program of four reels, of the best pictures to be obtained, at no increase in price, the policy of the new manager being to add from time to time something different in the amusement line and give their patrons the advantage of the best programs to be secured.

The picture program is good, featuring a very clever Thanhouser film entitled "The Caged Bird."

Novelty Picture at the Isis.

(The Dance of Ages.)
This picture is a wonderful creation which slips along the corridors of time in such an artistic and fascinating way that it is a distinct innovation in the motion picture field. On the table before us appear dainty tiny figures who flit before our gaze. They dip back in the annals of time to the prehistoric dance of primitive man who creeps from his cave and delights his mate with his barbaric movements to the sound of her drum-tune. Then the dance of the "Priest of Ra" before an Egyptian temple 1200 years B. C. and so on up to the present day rag. This picture is a novelty and no one should miss seeing it. Four other pictures of high quality conclude the bill. These pictures will be shown Thursday only.

Notice to the Stockholders of The Sterling Gold Quartz Mining and Milling Co.

Notice is hereby given that there will be held an adjourned meeting of the stockholders of the above named company, July 19, 1913, at 8 o'clock P. M., at the office of the president, W. H. Canon, room 29, Jackson County Bank Bldg., for the purpose of reorganizing the company and transferring of property to the new company, J. L. DEMMER, Secretary.

KLAMATH BANKS FIGHT TO SECURE COUNTY DEPOSITS

KLAMATH FALLS, July 10.—A special mandamus proceeding, in which the First National Bank of this city is the plaintiff and J. W. Seimens, county treasurer, the defendant, has been started in the supreme court of Oregon by the plaintiff's attorneys, J. C. Rutenie and Kuykendall & Ferguson.

The distribution of the county funds among the various banks of the county is the issue at stake and a writ of mandamus compelling Seimens to recognize the First National Bank as a county depository has been issued by Chief Justice McBride of the supreme court and another directing him to appear before the supreme court on July 25 and show cause why he does not designate the First National Bank as one of the depositories for the county funds as well as his own bank, the First Trust and Savings Bank.

When Seimens succeeded C. H. Daggett as county treasurer last spring he soon withdrew, from the First National of this city and the Bonanza and Merrill banks, what county funds were in them and placed these funds in his own bank. The First National made application for designation as one of the depositories, but Seimens, believing the matter was up to his own discretion, took no action on the application.

At the last session of the Oregon legislature an act was passed providing that the county treasurer shall, on June 1 of each year, designate such banks as have become eligible, as depositories for the county funds. The First National started suit against Seimens on the ground that the acceptance of the application for designation was mandatory on the county treasurer since it had complied with the requirements of the law.

TO CRATER LAKE

Who wants to be the first to reach Crater Lake in 1913. Our regular stage route will begin July 14th, leaving Medford at 7:45 a. m. via Derby.

Auto stage will leave Derby, Mondays, Wednesdays and Fridays. Leave Crater Lake, Tuesdays, Thursdays and Saturdays. The auto stage will come direct from Crater Lake to Medford on Saturdays, and leave on Mondays from Medford at 7:45. We will make a special trip Saturday, July 12th. On the way up we will take in Mill creek falls, electrical power works, Rogue River rapids and Natural Bridge. Sunday, July 13th, the forenoon can be devoted to seeing Crater Lake. Leave Crater Lake at 2 p. m., take dinner at Prospect and reach Medford at 10:30 p. m. If you want to be the first there put in your application immediately with the Hall Taxi company.

A photo will be made of the first party reaching Crater Lake this year, and published in one of the leading Portland papers. We only need two more to make this special trip but can take four more.

HALL TAXI CO.

PARISIAN SAGE FOR THE HAIR

Unightly—matted—colorless—straggly hair makes—luffy—soft—abundant and radiant with life at once. Use Parisian Sage. It comes in 50c bottles.

The first application removes dandruff, stops itching scalp, cleanses the hair, takes away the dryness and brittleness, increases the beauty of the hair, making it wavy and lustrous.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle is Woman's Greatest Happiness.
One of the most important matters about which women concern themselves in their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

SHORT CROP OF PEARS IN EUROPE ASSERTS DENNIS

W. Dennis & Sons, the English fruit commission men, write as follows concerning fruit prospects:

We note that Medford expects a big crop of pears. For your guidance we may say there is a very short crop of pears all over Europe yet, and particularly in France and this country, and if arrangements could be made for the Rogue river pears to be pre-cooled before they were packed we think there will be a fine opportunity for them this year in Europe.

We note that the northwestern apple crop will not be in excess of 65 per cent of last year's crop; well, that will in all probability be found to be sufficient, as last year's crop was too big to make it remunerative. John Dennis has left England and expects to be in Medford about August 2nd.
