WILSON LAUGHS AT NARROW ESCAPE FROM AUTO WRECK

WINDSOR, Vt., July 11.—President Wilson narrowly escaped serious injury today in an automobile wreck near here. His chauffeur was forced to drive off the road down an embankment into a yard, and run against a house to avoid a collision with another car, traveling in the opposite direction.

An automobile in which secret service men, guarding the president, were riding, was also forced down the embankment in the same manner.

The president was severely bumped but laughed about the experience.

President Wilson was returning from a game of golf at Hanover, a short distance from Windsor, when the accident occurred.

A car was seen approaching from the opposite direction on a narrow bridge. All three cars were going at a fair speed. There was no chance for the approaching car to swerve from its course on the narrow bridge to the roadway.

The president's chauffeur, taking in the situation, made for the embankment, which is not high. The momentum of the machine made it impossible to stop until the car ran across the yard and against the house.

Bonds were easy. The market closed dull.

WEST TAKES HAND IN CANNERY STRIKE FORCES ARBITRATION

PORTLAND, Ore., July 11.—Governor Oswald West took a hand in the strike of women at the Oregon Packing company today. The strike has been in progress for some time.

The governor mounted a tar barrel and talked to the crowd which had collected about the cannery factory and engaged in repartee with the strike leaders, winning his full share of applause for quick answers.

After speaking to the crowd for several minutes the governor climbed down from the barrel and became one of the audience.

Aroused by the remark of one of the leaders named Burns, that the packing plant would be shut down, the governor sprang forward exclaiming:

"You have the right of peaceable gathering. You have the right of free speech. But when you try to close any plant there'll be Hell to pay and I won't quit until it is settled, if I have to work singlehanded."

The governor declared that the power of his office would be concentrated on keeping peace and order, no matter what the cost.

Following the governor's speech, a meeting of the strikers was held and it was decided that the workers, the members of the Industrial Welfare commission and the owners of the plant would meet tomorrow to arbitrate the matter.

He is an old prospector, upon whom Bauerwerts tried to shift the blame for the death of the two women. Bauerwerts' last words were: "I hope this will be the last hanging in California."

FAMILY OF SIX KILLED IN AUTO TRAIN COLLISION

LOS ANGELES, Cal., July 11.—Six members of the family of Carl Huffman of Caruthersville, Mo., including Huffman and his wife, were instantly killed today when a Southern Pacific train crashed into the automobile in which they were driving, at a crossing on the Mission road, near San Gabriel.

Joyce Huffman, the little girl who escaped, was being dragged rapidly toward a culvert by the locomotive, when she was seized by Dardendo Dapia, a Mexican, who rolled with her into a ditch, sustaining serious injuries, but undoubtedly saving the child from being ground to death on the culvert ridges.

MULHALL SAYS THREATENED BY BIG BUSINESS

Confessed Lobbyist Complains to Probe Committee That He Has Been Warned to Leave Washington Reading of Letters to Remove Lid.

From \$12,000 to \$25,000 Raised Annually by Woolen Trust to Maintain Tariff Lobby.

WASHINGTON, July 11.—Intended intimidation by "big business" is alleged by Martin Mulhall, of Baltimore, who complained to Senator Lee S. Overman, of North Carolina, chairman of the senate "insidious lobby" probe that he had been warned to leave the city. Representatives of the National Association of Manufacturers ridiculed Mulhall's allegations. It was expected that Mulhall would be called to the stand today. Twenty thousand letters will be read into the record. Mulhall's testimony is expected to remove the lid from the entire labor situation throughout the country. Secretary Marvin, of the National Woolen Manufacturers' association submitted to the committee a summary of expenditures and receipts of the association for fifteen years. It shows amounts ranging from \$12,000 to \$20,000 were contributed or raised by annual dues. No cash, Marvin said, went directly to influence legislation. Marvin's objection to publication of the statement was overruled. Marvin admitted that a special fund of \$25,000 was raised in 1911, when the democratic house planned a revision of the tariff. He said he did not know how the money was spent. The lobby committee this afternoon excused James Kirby, Jr., president of the National Association of Manufacturers, until Monday to permit him to go to Dayton, Ohio, on personal business.

WILD CONFUSION AMONG COMMONS BY SUFFRAGETTES

LONDON, July 11.—The House of Commons was thrown into wild confusion today by a sensational suffragette demonstration, a part of which was intended to frighten the commons into the belief that members were threatened with a pistol. Solicitor General Simons was making a speech at the time. Two male suffragettes, believed to be responsible for the demonstration, were arrested.

Two men were seated in the visitors' gallery when one suddenly shouted: "Justice for women," and fired what other spectators and members believed to be a real pistol. The other man hurled suffragette literature upon the members, and threw mouse traps, each bearing the figure of a cat, on top.

Officials overpowered the men and when the "pistol" was seized it was found to be a child's toy, and that a percussion cap had been fired. The two men were identified as H. C. Bennett and Evan Shaw.

LIVERPOOL, July 11.—As Fire George was passing through the streets here today, a delegation of suffragettes attempted to break through the lines and hand his Majesty a petition. The attempt failed. Later the women, armed with pickers, inaugurated a window-smashing campaign.
