The new edition contains 781 pages, 60 halftones and 10 lithographic plates and a greater variety of information of value to the agriculturist than any previous issue. Some of the more interesting chapters deal with progress made in experimenting with new fruits brought from other countries, and recent discoveries in prevention of damage from insect enemies of agricultural products and how to best combat these influences.

LAUNCHES PLAN FOR MANUFACTURE OF ALFALFA MEAL

An alfalfa meal mill for the Rogue river valley is being promoted by George E. Boos, who states that he stands ready to make a substantial investment in such an enterprise, providing he meets proper encouragement.

Alfalfa meal is recognized as the most economical and best flesh producing product for livestock. It sells for \$30 a ton at Medford. Mr. Boos shows how it can be manufactured here at a comparatively small investment and sold for a substantial profit at much less than market prices now prevailing.

It is proposed to incorporate a company for \$15,000 capital stock payable in two annual installments, 60 per cent to be spent for equipment of mill and machinery, the other 40 per cent to be paid for in alfalfa or other stock food at prevailing prices.

The annual alfalfa crop of the valley is estimated at 14,500 tons.

FOUR MEDFORD BOYS TO TAKE LONG HIKE

James Vance, Robert Kinleyside, Earl and Roland Hubbard will start from Medford next week on a 350-mile walk towards the ocean. They will take four burros along to pack their supplies and provisions, and expect to be gone about six weeks. All four boys are members of the Seventh Company Coast Artillery Corps and immediately upon their return will leave with their company for Fort Stevens to participate in the maneuvers there. These boys will walk across the Siskiyou mountains thence down the Klamath river, then up the coast to the Rogue river, thence cutting across the mountains to the marble caves in Josephine county.

This trip will take them through some of the roughest and wildest country on the coast and one that is seldom attempted owing to the extreme ruggedness of the territory to be traversed and the obstacles which one must necessarily cope with.

ARANT'S PAY STOPS BUT HE HANGS ON

KLAMATH FALLS, Ore., July 11.—W. F. Arant is still in charge of Crater Lake National park, although he has been notified by the secretary of the interior that his pay stopped on June 30. Notice has been served on Arant that the attorney general held the position of park superintendent not under civil service, and that the secretary of the interior had the right to remove him without showing cause. Arant, however, proposes to hold onto the office until the matter has been determined by the supreme court of the United States and seek an injunction restraining the secretary from removing him until the matter can be legally determined.

Some of the needed improvements in the park cannot now be made. Steel and Arant have both served notice on the park postmaster not to deliver mail addressed to the superintendent of the park, and as a consequence the orders of the interior department are not delivered. Arant continues to live at the headquarters of the superintendent while Steel lives at the hotel owned and operated by the Crater Lake company, with which Steel was formerly connected.

VIOLET TEMPERAMENTAL NIGGER IN WOODPILE

SAN FRANCISCO, Cal., July 11.—"Violet is temperamental, but I think there is a nigger in the woodpile."

This was the comment here today of J. Clarence Harvey, to a terse cablegram, received from his wife, Violet Gerish Colby, the musical prima donna, who has been lost in Europe for six weeks. Harvey flooded the wires with inquiries before he received this reply:

"Am in London; inquiries very annoying."

"Sweet Violet should remember," added Harvey, "that it is natural for a husband to be slightly interested in his wife. Something is wrong. Harvey is the star of the "Passing Show" company.

GIRL OF FOURTEEN AFTER SWIMMING RECORD

Mildred Wyman, a Boston girl of fourteen, is training to break the quarter-mile swimming record for women, now held by Fannie Durack of Australia. What is more, she seems likely to succeed. Several months ago she traveled the distance within thirty seconds of the standard figures, and she has improved considerably since.

DEMURRAGE RATE CUT TO \$1 A DAY

SALEM, Ore., July 11.—Regulations prescribing demurrage for railroads and shippers have been issued by the State Railroad commission, and according to them the railroads failing to move cars within the minimum time fixed will be penalized \$2 a day. Another new feature is that railroads must notify the shipper through the mails of the arrival of his car provided he requests it. Forty-eight hours' free unloading time is allowed in loading and unloading cars, and demurrage is \$1 a day, as against the old rate of \$2. Demurrage for railroads failing to furnish cars within the time agreed is \$2 a day and for cars furnished and not used, the demurrage is \$2 a day with no time allowance. Another new rule is on providing that a daily record of distribution of cars shall be kept by railroads, subject to the inspection of shippers.

CONGRESS TO EXPOSE INSIDE OF M'NAMARA OPERATIONS

WASHINGTON, July 11.—All the wars fought between labor and capital, all the efforts both made to secure legislation and the tangled skein woven about their relations in the last ten years will be investigated by congress, the senate lobby committee decided in an executive session tonight.

Samuel Gompers, president of the American Federation of Labor will appear before the committee on July twenty-fifth and a subpoena was issued tonight for John Mitchell, vice president of the federation.

The committee also subpoenaed George Pope and K. P. Bird, general manager of the National Association of Manufacturers.

TRAINMEN NOT ASKED TO VISIT WILSON SAYS CHIEF

NEW YORK, July 11.—A surprise was sprung today in connection with the threatened strike of trainmen and conductors on eastern railroads, when President Garretson, of the Order of Railway Conductors and President Lee, of the Brotherhood of Railway Trainmen, denied that representatives of the employees, who are asking an increase in wages, had been invited to go to Washington and confer next Monday with President Wilson. Lee and Garretson reiterated their statement that overtures must come from the other side, and that no counter proposition in reply to the demands of the men had been made.

Albert Phillips, a member of the firemen's arbitration committee intimated this afternoon that it was possible that the firemen might be involved in the dispute between the trainmen and the railroads. He alleged that the railroads were not fulfilling their agreements with the firemen.

TOO MUCH FOURTH GETS OFFICER IN BAD

BREMERTON, Wash., July 11.—An investigation of the failure of the cruiser Chattanooga, the tug Fortune and a submarine, to obey orders and visit South Bend, Wash., after the Fourth of July celebration at Houquiam, is being made here today by Admiral Reynolds. Instead of going to South Bend, the little squadron stopped at Raymond, where the channel is narrow and the presence of the cruiser is alleged to have blocked the way of the British steamer Ikata whose captain now seeks \$200 demurrage from the government on account of the delay. The citizens of South Bend who had made considerable preparation to entertain the officers and men, demanded an inquiry.

Frederick Warde is to do "King Lear" in a 20-minute vaudeville act.

AMERICANS WIN FROM GERMANS

NOTTINGHAM, England, July 11.—Harold H. Hackett, of Philadelphia, and Maurice E. McLaughlin, of San Francisco, today defeated Heinrich Kleinbroth and Wilhelm Rabs, the German team, in the tennis doubles here in the competition for the Davis cup. The Americans won, 6-4, 2-6, 6-3 and 8-6.

At Folkestone, the Canadian team of R. B. Powell and R. P. Schweeney, defeated A. G. Watson and Duviolier, the Belgian representatives, 6-2, 6-2, 6-2.

The Americans will now meet the Canadians, the winners to play the Englishmen in the challenge round.

ALASKA GOLD SEEKERS RUSH TO SUSHANNA RIVER

CORDOVA, Alaska, July 11.—Old timers and as many newcomers as could gather an outfit are stampeding today to Sushanna river, fifty miles in land from the White river, from Blackburn and Kennecott, following the report that two prospectors had taken out \$900 in a day.

WELCH LIKELY TO GO TO AUSTRALIA

VANCOUVER, B. C., July 11.—After his contest with "Young Philadelphia Jack O'Brien," which is to take place at the Brighthouse arena on the afternoon of Saturday, July 19, Freddie Welch will probably go to Australia. This is of course providing that he is not successful in getting on a match with Willie Ritchie for the world's title. Welch had an offer by wire yesterday from "Snowey" Baker, the successor of Hugh McIntosh to go to Australia and take part in three contests. The offer came through Charley Harvey, the New York boxing commissioner, who is the American representative of Baker. They want Welch to box Matt Wells, Hughie Mehegan and Harry Stone. The latter, who is a New York boy, has just defeated Johnny Summers for the welterweight championship. Stone is a light youngster, however, and can easily do the lightweight limit. The British champion wired to Harvey putting a figure upon his services, but stated that he would not go if successful in getting a match with Ritchie.
