WOODLAND, Wash., July 14.—Hope of finding alive Mr. and Mrs. C. B. Smith of Portland who were lost in a storm a week ago on the southern slope of Mount St. Helens, has today been practically abandoned.

Four men from Portland are braving the elements and remaining at the foot of the mountain so that they will be in a position to resume the search at the earliest possible moment.

SAN DIEGO, Cal., July 14.—The X-ray gown, slit skirt, openwork stockings and all the other latest "exposures" in fashionable women's wear, which have made their appearance on the streets here, are doomed.

Declaring that some of the dresses which are being worn on the streets are "a disgrace to the wearers and a reflection upon all womanhood," two unions of the W. C. T. U. have passed resolutions against "immoral and immodest" clothing.

The specific features drawing the most violent condemnation are the slit skirt, peek-a-boo waist, the gown snug around the hips, the X-ray gown, banded skirt and lacework hosiery.

GRAVES IN FAVOR OF HETCH-HETCHY

PORTLAND, Ore., July 14.—That congress will act favorably upon the Hetch Hetchy water supply project for San Francisco was confidently predicted by Chief Forester Henry S. "As a matter of fact, all is practically over in the Hetch Hetchy situation," said Mr. Graves today. "I went before the committee and urged that the valley be utilized for the development of a water supply for the city, along with the other advocates of the plan.
