SEATTLE RIOT FOLLOWED BY POLICE REGIME

Mayor Cotterill Takes Full Control of City Government, Closes all Saloons and Orders Publication of Newspaper Suppressed.

Seattle Times Blamed for Causing Riot—Injunction Sought and Secured Preventing Censorship.

SEATTLE, Wash., July 19.—Mayor Cotterill has the situation in hand here this afternoon and so far is holding up the publication of the Seattle Times, which he demanded suppressed unless censored by him to prevent the publication of articles which might incite the sailors and soldiers to further rioting tonight. Sheriff Cuddehe served an injunction granted by Judge Humphries to prevent the mayor from interfering with the Times, but Cuddehe notified the city's executive that he would not enforce the injunction until the mayor had been advised as to how far he could go by the corporation counsel. The reason for not enforcing the injunction being that it was made returnable next Wednesday, thus nullifying the order of suppression of the Times for Saturday and Sunday without censor.

The police are still in charge at the Times office and no paper has been issued. The mayor, Chief of Police Bannick and Assistant Corporation Counsel Bradford are now in consultation with Judge Humphries.

Mayor Takes Charge
SEATTLE, Wash., July 19.—Investigation of charges that last night's riots in which sailors from the Pacific reserve fleet and soldiers from Puget Sound forts wrecked four saloons and 1. W. W. halls here, was the result of conspiracy is being made by Mayor Cotterill here today. If the charges are found to have foundation he may ask for a federal investigation.

The mayor held a long conference with Secretary of the Navy Daniels and Governor Lister and today issued a proclamation that under the section of the city charter providing for emergency action, he had assumed control of the police department. He at once issued orders to the police to close all saloons in the city during Saturday and to prevent all street meetings except those conducted by religious organizations.

Seattle Times Suppressed
Concerning the censorship over the Seattle Times, which published the report of Secretary Daniels' alleged speech before the Rainier club, Thursday night on the "red flag," the mayor's written order says:

"Inasmuch as the exaggerated, false and perverted publications which have been made by the Seattle Times, and particularly the issue of Friday evening, July 18, 1913, included a plain and willful inciting of the riot which followed, and indicated on the part of those responsible for that publication, knowledge of the lawless and riotous, you are hereby notified to stop the sale or distribution within the city of Seattle of the Seattle Daily Times during the day (Saturday), July 19, 1913, and tomorrow (Sunday), July 20, 1913, unless the proprietors of such paper shall have first submitted to me the entire proofs of any proposed issue, and it shall have been found certified to you, by me, as containing nothing calculated to incite

ELKS PROMISED RECORD CROWD

A record crowd is in prospect for the Elks excursion to Coletstin Sunday. The cars will be on the track by 7:30 o'clock, so that no time will be lost in starting. An interesting and exciting program has been arranged and a day of real pleasure is guaranteed to all who seek the shady groves of Coletstin. The Elks have secured all the concessions and taken the calaboose for delinquents.

AWFUL TALES OF ATROCITIES BY BULGARIANS

Blood-Curdling Stories of Murder, Rape, Massacre, Looting and Sacking at Seres Made by King of Greece Confirmed by Austrians.

Impossible to Estimate the Number of Men, Women and Children Slain Property loss Exceeds \$20,000,000.

ATHENS, July 19.—Blood-curdling stories of murder, rape, massacre, looting and sacking at Seres and vicinity, alleged against Bulgarian troops by King Constantine of Greece, were verified here today by the Austrian consul at Salonica. Almost unbelievable stories were told by the Austrian. His own wife, he said, was dishonored by Bulgarian officers in the presence of scores of soldiers and hundreds of inhabitants, the latter being ruthlessly slain later by the troops.

A special investigating body sent to Seres to investigate conditions there also confirms the allegations of King Constantine. It brought back the names of notables who were executed, crucified, hacked to pieces and mutilated and left dying on the streets. On the evening of the last day of the massacre, a company of soldiers, led by a lieutenant, found eighty women and girls concealed in a warehouse. The girls were dishonored and oil was poured over the bodies of the women. Then they were locked in the building and the structure fired. Their corpses were found by the investigators.

Another specific instance given was that of twenty officials and wealthy residents of Seres who had gathered in a public hall. They were found by Bulgarian troops, it is alleged, and were bayoneted, carried to a trench and covered partly with earth. Several of the victims were alive when put in the trench. One, horribly slashed, lived and told the investigators of the outrage.

The investigators assert that it is impossible to estimate the number of men, women and children slain, but that the list will run well into the thousands. The property damage is fixed at \$20,000,000. Scores of churches were sacked and tapestry, jewels and silverware taken.

ASKS SENATE TO FURNISH PROTECTION FOR AMERICANS

WASHINGTON, July 19.—Senator A. B. Fall, republican of New Mexico, introduced in the senate today the plank of the democratic national platform adopted at Baltimore last year which declares that "The constitutional rights of American citizens should protect them on our borders and go with them throughout the world. Every American citizen residing or having property in any foreign country is entitled to and should be given full protection of the American government, both for himself and his property."

The resolution, while it did not specifically mention Mexico, obviously referred to the present situation in that country.

Senator Kern of Indiana, democratic leader, objected to consideration of the resolution, "because it was offered under suspicious circumstances."

The matter went over without further comment.

FREDDIE WELSH WINS DECISION OVER O'BRIEN

VANCOUVER, B. C., July 19.—Freddie Welsh was awarded the decision over "Young Philadelphia" Jack O'Brien at the end of their fifteen-round fight here this afternoon.

RUSSIA HALTS TURKEY'S RAID ON ADRIANOPLE

Sultan's Cavalry Reaches Outskirts of Fortress—Czar Serves Notice on Porte—Greeks and Roumanians to Advance to Sofia.

Roumanian Cavalry Reported to Have Captured the Entire Ninth Division of Bulgarian Army.

VIENNA, July 19.—It was unofficially reported here tonight that Russia had formally notified Turkey that further advance of the sultan's troops on Adrianople would not be permitted.

LONDON, July 19.—A detachment of Turkish cavalry has reached the outskirts of Adrianople, according to dispatches received here today from Constantinople. Latest advices from the Balkans indicate that the Greeks and Roumanians intend to advance to the gates of Sofia before dictating peace terms.

The Hungarian legion here credits reports that the king of Bulgaria has fled.

BUCHAREST, July 19.—It was reported here tonight that Roumanian cavalry had captured the entire ninth division of the Bulgarian army, including twelve field guns.

DYNAMITERS AGAIN AT WORK IN ROGUE RIVER

\$200 REWARD
Two hundred dollars (\$200) will be paid by the undersigned for information leading to the arrest and conviction of any person or persons killing, or attempting to kill, destroy or injure fish with dynamite or other explosives in Rogue river or its tributaries. In addition thereto, upon conviction, the informer is entitled to one-half of the fine imposed, which ranges from \$200 to \$3000.

ROGUE RIVER FISH PROTECTION ASSOCIATION.
By W. F. Isaacs, President.
L. Bundy, Secretary.

STATE BOARD OF FISH AND GAME COMMISSIONERS.
R. E. Clanton, Master Fish Warden.

Fish hogs and vandals are again dynamiting fish in Rogue river. Fine chinooks and steel heads with scarcely a mark upon them, are floating down stream dead, vertebra disjointed and bladders burst by explosions.

The dead fish were first noticed at Bybee's bridge Friday morning, indicating that the dynamiting occurred in the upper river. Dead fish were also reported at Curry riffle and Happy Camp.

Last year thousands of fine fish were wantonly slain. An appeal has been made for extra wardens and rewards offered for information.

FRIDAY HOTTEST DAY OF YEAR IN MEDFORD

Friday was the hottest day of the year in Medford, with the thermometer reaching 100 degrees. The relative humidity was only 22, so no suffering occurred. Saturday a haze hid the sun until noon, but in the afternoon it made up for lost time and the thermometer is likely to again top the century mark. This is the time of year the hottest spell may be expected.

CHAIRMAN OF TWO CONGRESSIONAL LOBBY INVESTIGATION COMMITTEES STRUGGLING FOR POSSESSION OF COL. MULHALL

ESPEE ENJOINS STATE COMMISSION FROM INTERFERING

SAN FRANCISCO, Cal., July 19.—A bill in equity was filed in the United States district court today by the Southern Pacific to enjoin the California railroad commission from asserting jurisdiction over certain equipment trust certificates, which the Southern Pacific proposes to issue in New York, for the purpose of acquiring rolling stock, which the company believes is necessary in its inter-state and intra-state business.

Company officials announced that a similar suit would be filed against the Arizona corporation commission to enjoin it from asserting jurisdiction over an issue of twenty two year notes aggregating \$30,000,000, which the company expects to issue for capital expenditures in the states through which it operates.

The suits will bring to a point the question of whether the individual states can take jurisdiction over the financial affairs of a railroad doing an inter-state business. The Southern Pacific officials declare that if each state undertakes to regulate the finances of the road, it cannot work out a general plan which will satisfy all.

MAYOR ALBEE STOPS SPEAKING ACCOUNT RIOTS

PORTLAND, Ore., July 19.—Following last night's riots in the Plaza block, set aside by Mayor Albee for open air meetings, in which a number of alleged members of the I. W. W. and socialists attempted to take a prisoner from Sheriff Tom Word and his force of deputies, the sheriff stated today that all open air speaking in the city of Portland, both in the streets and in the parks must cease. He will meet Mayor Albee and Chief of Police Clark this afternoon and seek their co-operation.

"I have an appointment with the mayor for this afternoon," said Word, "and at that time I shall ask him to revise his recent order prohibiting speaking on the streets to include those held in the parks, particularly in the court house square. The riot last night was the inevitable outcome of allowing the agitators to speak in the open air and I believe that they must be restricted to halls if we are not to have further trouble."

U. S. GRANT JR. WEDS FAMOUS BEAUTY TONIGHT

SAN DIEGO, Cal., July 19.—It was announced here today that the wedding of U. S. Grant, Jr., and Mrs. America Workman Will, the famous Southern California beauty, will take place here this evening in the Grant Hotel.

Mrs. Will came here three weeks ago from her home in Los Angeles to prepare for the wedding. It was announced that the wedding is to be strictly a private affair and that only about ten guests have been invited. Judge George Puterbaugh of the San Diego police court, an old friend of the Grant family, will perform the ceremony.

After the ceremony, the party will have a wedding dinner at the Grant Hotel. The bride and groom will leave at once for a long honeymoon.

Mrs. Will intimated that they would go first to Australia and then to South Africa for an indefinite stay.

HEAT WAVE HITS ATLANTIC RESORTS

CHICAGO, July 19.—The heat wave which has been torturing the middle western states, moved eastward today. Temperatures around the 100 mark were reported this afternoon from many summer resorts along the Atlantic coast.

In the middle west and northwest temperatures average slightly below normal for this season. In Kansas and Missouri the maximum ranged between 85 and 90 degrees. In Chicago at noon it was 81. Cooler weather is predicted for tomorrow.

PETERSON BROUGHT HERE FROM PORTLAND

Deputy Sheriff Wilson returned to Medford from Portland Saturday, having in custody J. D. Peterson, charged with securing a \$50 set of harness from the Medford Harness company under false pretenses. Peterson represented around town that he had purchased an interest in the West Side livery stable. He left Tuesday evening with a carload of horses and was arrested on wire. Numerous bills were contracted about the city by Peterson, all of which he agreed to pay if released.

BRITAIN CALLS MINISTER HOME FROM MEXICO

Italy Also Recalls Representative—Complaints of Action During Bombardment Alleged Cause—Many Killed When Rebels Use Dynamite.

Special Concessions Given Fifty Thousand Prospective Japanese Settlers at Request of the Mikado.

MEXICO CITY, July 19.—Many persons are believed to have been killed and scores injured as the result of the dynamiting of a federal troop train at Lampazas, Nueve Leon, by rebel soldiers, according to dispatches received here today. Details are lacking.

It was learned authoritatively here today that England recalled Minister Stronge as a result of complaints of his actions during the bombardment of Mexico City by General Diaz's rebels. He will be succeeded by Minister Carden. It also was learned that Italy has recalled her minister but no reason is assigned for the transfer.

General Diaz is scheduled to leave for Japan tonight and an extraordinary demonstration will be held in his honor.

Special concessions have been given fifty thousand prospective Japanese settlers at Morelos and in adjacent states. It is said the special concessions were made at the request of the Mikado.

\$350,000 FIRE LOSS SUSTAINED AT SHERIDAN

SHERIDAN, Or., July 19.—A fire which practically destroyed the business section of Sheridan, doing a damage estimated at from \$350,000 to \$400,000, was extinguished early today after raging for hours. Fire apparatus from the surrounding towns of McMinnville, Carlton and Willamina were sent here to aid in putting out the flames. No one was killed or injured.

About thirty buildings on the south side of the Yamhill river were destroyed. The only thing that probably saved the entire town from destruction was the fact that the north side of the river is separated from the stricken district by about 250 feet of trees and water.

STOCK REACTION DUE TO PROFIT TAKING

NEW YORK, July 19.—Profit-taking in the stock market today caused a general reaction from yesterday's high level. After opening at about last night's level, most of the important stocks eased off fractionally. The oil stocks were under heavy pressure again, California Petroleum dropping to a new low record at 19. American Tobacco fell 4 1/2. Canadian Pacific and Amalgamated Copper 1. New Haven jumped two points and Colorado fuel 1. On reports of dividends to be declared, Mexican Petroleum rebounded 2 1/2. Bonds were steady.

The market closed firm.

GEORGIA BANK ORDERED CLOSED; SHORTAGE \$30,000.

WASHINGTON, July 19.—Acting Comptroller of the Currency Kane announced today that the First National Bank of Lafayette, Ga., had been ordered closed. A shortage of more than \$30,000 exists in the accounts of the institute it is stated.

WILSON'S RULE IS DENOUNCED BY CUMMINS

Action of President in Tariff Bill Termed Executive Coercion—Caucus Called not Only Invisible but Intangible Government.

Iowa Senator to Oppose Underwood Bill as a Whole—Prefers Tyrant to Present System.

WASHINGTON, July 19.—Speaking in the senate today, Senator A. B. Cummins of Iowa protested against what he termed "executive coercion" in the framing of a tariff law by congress. He said in part: "Many bankers believe that the legislative department of the government should hold executive power; but it is yet to be proposed in a free government that a single executive should hold legislative authority over a great people, yet are drifting in that direction."

"I doubt if there is a man in the United States bold enough to assert that the legislative branch of the government should be abolished and that the people should elect, at stated intervals, a dictator who would make and execute the laws. Yet it would be far better to make this change than to tolerate a practice of executive coercion."

"It ought to humiliate all men when they look around and find that the people generally understood this surrender of our rights and privileges, but I observe it with a certain degree of satisfaction."

"It is very human to deride any body of men who, lacking the courage to assert themselves, are whipped by a master hand into submission."

Senator Cummins denounced the democratic caucus, which, he declared, constituted "not only invisible, but inaudible, government," whose operation "denied the most sacred rights of the people." He announced that he intended to oppose the Underwood tariff bill as a whole.

SENATE DEBATE ON WOMENS' VOTE FOLLOWS TARIFF

WASHINGTON, July 19.—Senator Ashurst of Arizona announced today that he would make a motion in the senate to consider the woman suffrage amendment to the federal constitution as soon as the tariff bill is out of the way.

"The amendment may be debated for three or four months from time to time," he said. "The advantage in letting the matter go slowly is the fact that the elections are approaching and every member of congress will hesitate before voting openly against such a measure. Supposing the vote comes as late as next March, how many experienced politicians would go on record against equal suffrage just before entering the primary campaign in their home districts?"

Senator Ashurst is a member of the woman suffrage committee and has charge of the proposed amendment in the senate.

AMERICA TO PLAY ENGLAND FOR CUP

LONDON July 19.—America won today the right to play England for the Dwight E. Davis tennis cup, when the American team defeated Canada, in the final round of the preliminary doubles matches at Wimbledon.

Maurice E. McLoughlin of San Francisco and Harold H. Hackett beat R. B. Powell and H. P. Schwengers of Canada in straight sets, taking the first two sets by the identical score of six games to three. The third set was a fierce battle, but the Americans finally won, 12-10.
