

## WILSON FAVORS BRYAN'S PLAN FOR NICARAGUA

Unqualified Approval of Secretary's Proposal to Extend a Protecting Wing Over Central America Republic Voiced by President.

WASHINGTON, July 21.—Unqualified approval of Secretary of State Bryan's plan for the United States to extend a protecting wing over Nicaragua was voiced here today by President Wilson. The president told the newspaper correspondents that while the powers might view the plan with suspicion, the United States "in the long run" must demonstrate that it does not contemplate occupation of Central America, but desires to assist in its progress.

The president said the first principle of the protectorate plan, now pending in the senate, contemplated obtaining an option to build a trans-oceanic canal. The general scheme, he said, constitutes a broader policy in all the republics of Central America. The president warned the correspondents that the Nicaraguan proposal does not mean a "general policy" in Central America. The United States, he declared, wishes to adopt particular plans best suited to the countries dealt with, adding emphatically that all plans will be submitted first to the republics for approval. The president made it plain that the United States would not adopt any plan not thoroughly acceptable to the countries involved.

President Wilson also declared that he favored Secretary Bryan's proposal that the Platt amendment, under which the United States became the virtual protector of Cuba, be inserted in the Nicaraguan treaty. This amendment empowers the United States to occupy Cuba if conditions warrant such action. It was emphatically denied by the president that any "joker" exists in the Platt law.

It is stated here today that both Honduras and Salvador have rejected Bryan's plan for a protectorate. The senate foreign relations committee generally favors the secretary of state's scheme, indicating that it will have the approval of the senate.

Senator Borah of Idaho issued a statement this afternoon on the Bryan scheme, in which he stated that it meant the "going up of the American flag all the way to the Panama canal," and that it was imperialistic and contrary to the traditions of American democracy. He said:

**Imperial Beginnings**  
"This is the beginning of a policy whose irrefutable logic is complete dominance and ownership. When we pay \$3,000,000 for a canal right which is of no earthly benefit or use to us we are paying that \$3,000,000 under cover for other reasons.

"We might as well be candid. The Central American states are vastly wealthy in natural resources, and the minute we begin establishing protectorates American citizens and capital will flow in and take possession and we will have to protect them in all the minutest details of government. It will be with us there as it is with England in India. We will be there never to depart. Or else we will simply take over these states and make them part of the United States."

## LEPER CAPTURED IN SOUTHERN CALIFORNIA

LOS ANGELES, Cal., July 21.—The village of Cucamonga, near here, was thrown into a panic today by the capture of Jose Ariza, suspected of being a leper, who escaped two weeks ago from a health officer at China.

Constable Rupp, who found Ariza living in the Mexican quarter of Cucamonga, led him through the streets by a canthook to an automobile truck, upon which the suspect was taken to an isolated hut, where he will be guarded. Officer, prisoner and truck driver sat as far apart as the truck would allow.

## BURTON CLAIMS TARIFF BILL IS FOREDOOMED

Ohio Senator Says That Measure Will Be a Complete Failure so far as Reduction in Cost of Living Is Concerned.

WASHINGTON, July 21.—Bitter denunciation of the Underwood tariff bill was voiced in the senate today by Senator Burton of Ohio in the first of a series of three speeches he predicted complete failure of the new measure, so far as reducing the cost of living is concerned.

"On this result," said Burton, "the bill must stand or fall. Unless a very material reduction in prices immediately follows the enactment of the bill it will go on record as one of the worst policies a responsible party of a representative government ever adopted."

Burton insisted that the nation must maintain protection as a national policy as long as the industrial resources of the country are not fully developed and as long as other nations are not granted free trade.

"I am unable to believe," continued Burton, "that the reductions in this bill will be permanent. The duties under the existing law must be lowered; others must be removed entirely, for we are nearing a more complete and more symmetrical development, and industries which enjoyed protection may need it in a less degree or not at all. But we will err if we take the radical steps proposed."

## ESPEE GIVEN WRECK BLAME

SAN FRANCISCO, Cal., July 21.—That responsibility for the disastrous wreck near Vallejo on the San Francisco, Napa and Calistoga railway, in which thirteen persons were killed and twenty-five were injured, should be placed on the company, as well as on three employees connected with the ill-fated electric trains, is the decision of the state railroad commission, which asserted that there were seventeen direct violations of the company's own rules on the day of the wreck.

Conductor Richmond is censured for failing to secure a clearance from the train dispatcher before leaving Vallejo. Motorman Hough is scored for failure to obtain clearance orders from Richmond. Dispatcher O'Leary is censured for violating rule requiring him to first restrict the superior train before moving the inferior train.

The company is held culpable for its failure to enforce its own rules.

## FRANCE FACES STRIKE OF BUILDING TRADES

PARIS, July 21.—A general strike of the building trades of France is being arranged to begin the day the government begins construction of the new barracks to house the additional 250,000 soldiers added to the army by the three year service bill just passed by the chamber of deputies. It is expected that serious rioting may accompany the strike.

## NO REPORT ON RIOTS REACHES WASHINGTON

WASHINGTON, July 21.—No report has been received at the navy department here as to the Seattle riots, it being stated there to inquiries today that the "affair was local" and probably no official word will reach here.

Neither the white house nor the navy department has received any protests from socialists condemning Secretary Daniels.

## RE-OCCUPATION OF ADRIANOPE NOT CONFIRMED

Bulgarian Delegates Open Preliminary Peace Negotiations at Nish, Serbia—Turkey Demands Equal Consideration.

BUCHAREST, July 21.—Official confirmation of reports that Bulgaria has accepted the conditions laid down by Roumania, and also has agreed to peace terms with Serbia and Greece was received here today.

CONSTANTINOPLE, July 21.—Turkish troops have reoccupied Luleburgaz after meeting with desperate opposition from the Bulgarian forces, according to a dispatch received at the war office here tonight. It was said that 135 Bulgarian soldiers and one officer were captured.

BELGRADE, July 21.—Bulgarian delegates this afternoon opened preliminary peace negotiations at Nish, Serbia. It is believed that an agreement for permanent peace is in sight.

LONDON, July 21.—Following a rumored reoccupation by Turkey of Adrianople, the porte today sent a formal note to the powers demanding that Turkey participate in the forthcoming Balkan peace negotiations on equal terms with the various Balkan states.

The note protests against Bulgarian atrocities, charging the Bulgars with needlessly burning the Black sea villages and with putting their inhabitants to indiscriminate slaughter.

Despite the Turkish claims, the reoccupation of Adrianople by the hosts of Islam is still unconfirmed. The reports came from Rome, Sofia, Constantinople and elsewhere. They say the Bulgarian garrison of 2000 men did not resist the Turkish advance.

## WESTERN PACIFIC PLANS EXTENSIONS

SAN FRANCISCO, Cal., July 21.—According to tentative plans announced here today by General Passenger Traffic Manager C. L. Stone, the Western Pacific railroad within six months will have branch lines in Idaho and California connecting with the main line. Just what points the new branches will touch is not known yet, but it is believed a Boise-Winnemucca is included in the plan.

"The Western Pacific has succeeded in obtaining a large sum of money," said Stone today. "This money will be spent immediately in branch roads connecting with the main line, which runs from Salt Lake to San Francisco. There has been a crying need for branch lines in Idaho and California for years. Now that we have the money, the road building will be pushed as fast as possible."

## BUD ANDERSON RESTS OUT OF HOSPITAL

LOS ANGELES, Cal., July 21.—Well on the road to recovery, Bud Anderson has today left the hospital at Santa Monica, where he parted with his appendix. He will rest for several days before attempting to make the trip to Medford, where he plans a long vacation. He probably will start for San Francisco next Friday.

## GUBERNATORIAL BEE STINGS GRANT DIMICK

OREGON CITY, Ore., July 21.—Judge Grant B. Dimick of this city, has today announced his candidacy for governor of Oregon on the republican state ticket at the next state election.

## CHAMBERLAIN PROMISES BOLT ON TARIFF BILL

Oregon Senator Says That He Wishes It Understood That He Is Free to Support What Is Right—Does Not Feel Bound to Vote for Measure.

WASHINGTON, July 21.—Senator Chamberlain of Oregon announced today that he does not feel himself bound to support the tariff bill in the form in which it has been reported by the senate finance committee.

He said: "I want it understood that as a senator I am absolutely free to support what is right in this matter but I am not bound to support this or any other measure. What I want is truth and light."

Chamberlain's declaration leaves the democrats with only 48 votes absolutely certain for the bill, but with Vice President Marshall's deciding vote this will be sufficient to carry through the administration's program.

Senator Smoot of Utah also drew a gloomy picture of American industries under the new tariff bill.

"Wages in the wool industry are three times greater than those in England and the hours shorter," Smoot said. "It will be impossible for industries here to pay these wages and exist under the proposed law."

"The New York Financial Journal states that there has been a shrinkage of three billion dollars in the value of securities in five months, or twenty-one per cent of active capitalization. This is because experience under the last democratic tariff law, taught business to be practically certain of what is coming under this law."

Smoot also referred to the alleged inconsistency of the law.

## SEATTLE REDS BLAME DANIELS AS RIOT'S CAUSE

SEATTLE, Wash., July 21.—Socialists of Seattle, after considering all sides of the riots of Friday night in which their headquarters and hall were wrecked, have united today in placing the blame on Secretary of the Navy Daniels.

They put it up to President Wilson that his cabinet officer was responsible for the disorder.

A letter laying the blame to the secretary for his ill advised speech before a private club, written by Bruce Rogers, state lecturer and approved by the members of the state executive committee has been forwarded to the president.

After pointing out that their principles are against violence and that they have never desecrated the flag, the letter says in part: "We question the practice of government officials speaking on public questions to private clubs from which the public is excluded. "Due directly to the official emittance of the secretary his words afforded just the spark needed to inflame the artificialized conflagration and at the same time had the effect of making cowards of the civil police."

## DIAMOND TO STUDY ART IN PENITENTIARY

SALEM, Or., July 21.—Ray Diamond, who has begun serving a ten years' sentence in the state penitentiary here for robbing the Glendale bank of \$2800, today stated that he intended to utilize his spare time in perfecting himself in painting and drawing. He shows considerable artistic ability.

Diamond reiterated that the excessive use of liquor and tobacco was responsible for his brief criminal career.

## FORAKER GIVEN DOUBLE CROSS SAYS MULHALL

Chief Lobbyist for Manufacturers Identifies Black List of Congressmen and Identifies Many Letters—Tells of Aid Given Friends.

WASHINGTON, July 21.—Martin M. Mulhall of Baltimore, self-styled chief lobbyist for the National Association of Manufacturers, resumed today his testimony before the senate lobby committee. At least three more days will be required, it is believed, for the witness to complete his direct story.

Former Congressman James Watson of Indiana was present at today's hearing. Mulhall has declared that Watson received aid from the National Association of Manufacturers during his gubernatorial in 1908. The witness offered but little new evidence today, merely amplifying his earlier story.

Mulhall identified an alleged blacklist prepared for the N. A. M. containing names of candidates for congress who ought to be defeated. The list included the names of Congressman Nichols and Wilson of Pennsylvania; Murdock of Kansas; Morse, Nelson, Lenroot and Cooper of Wisconsin; Haugen of Iowa; Burnett of Alabama and Champ Clark of Missouri.

Another list, labelled, "Our friends in the house," contained the name of Congressman Rainey of Illinois. Mulhall said the latter list contained several errors, as Rainey was an enemy of the N. A. M.

Some of the letters showed the N. A. M. supposedly supporting the campaign for re-election of Senator Foraker, realized early that Foraker had not had a chance and did not exert itself in his behalf, though Foraker believed all the officials of the association were working night and day in his interest.

## GRANT AND BRIDE SAIL FOR ANTIPODES

SAN DIEGO, Cal., July 21.—U. S. Grant Jr., and his bride, formerly Mrs. America Workman Will, of Los Angeles, are today on board the steamer Yale on their way to San Francisco, whence they will sail for Australia on the first lap of a tour which will take them to Africa and South America. They were married July 12 but the wedding was kept a secret until Saturday night, when it was announced at a dinner here.

Reasons for keeping the wedding a secret so long are not known. It was reported that members of Grant's family opposed the match.

The marriage was performed by Police Judge James Paterbaugh, a lifelong friend of Grant. Grant is 61 years of age and his bride 37.

## SLOW MOVEMENT ON STOCK EXCHANGE

NEW YORK, July 21.—Aside from a one point advance in Amalgamated Copper and substantial fractional gains in the United States Steel, the stock market moved narrowly in the early market. Wells Fargo Express was an exception, dropping six points to 105, the lowest price this year.

Later new points of strength developed, which helped along the general upward movement American Can was especially firm, touching 32.

## ERNEST BARRY RETAINS SCULLING CHAMPIONSHIP

LONDON, July 21.—Ernest Barry of England today retained the world's sculling championship by defeating Harry Pearce of Australia by two lengths in the 4½ mile course on the Thames.

## HUERTA'S REIGN TOTTERING TO ITS OVERTHROW

Government of Provisional President Doomed and Collapse Expected Hourly—This Is Report From Official Circles at Washington.

WASHINGTON, July 21.—The government of Provisional President Huerta of Mexico is doomed and its overthrow is expected hourly.

This information, furnished from an authoritative source, is in the hands of the United States government today, and this, it was stated by a person in authority, is the reason the Wilson administration has not recognized the present Mexican government. It could not be learned whether the information was received from American consuls in Mexico or from private sources.

Unconfirmed reports circulated here today were to the effect that American Ambassador Henry Lane Wilson has been summoned to Washington to explain quotations, in which, it is alleged, he criticized the Wilson administration because of its failure to recognize Huerta.

## DIAS' VISIT INTERESTS PEOPLE OF JAPAN

TOKIO, July 21.—The greatest interest is manifested here today over the reported intention of General Felix Diaz of Mexico to come to Tokio as a representative of the Huerta government. All the newspapers comment on the move and nearly all diplomats see an ulterior motive in Diaz' coming, but do not agree as to the motive behind the trip. Some believe that Huerta is politely sending Diaz into exile, while others predict he is coming to negotiate a Mexican-Japanese alliance.

It is rumored here that President Huerta soon will forward to Tokio a formal offer of 50,000 acres of land in Mexico, which Japan asked for colonization purposes, and it is believed possible that the conveyance of this offer is the basis for Diaz' trip.

## MRS. PANKHURST IN DURANCE VILE AGAIN

LONDON, July 21.—Mrs. Emmeline Pankhurst, the militant suffragette leader, was re-arrested under the "cat and mouse" act here today, while attempting to attend the weekly meeting of the Women's Social and Political Union. She will be taken back to Holloway jail.

Armed with umbrellas, a mob of suffragettes battled desperately with the police to prevent Mrs. Pankhurst's arrest. Six women were arrested.

After order was restored, detectives guarded the pavilion, fearing that it was possible that the suffragette leader's double might have been arrested again. It developed later, however, that it was Mrs. Pankhurst.

## WARNING TO ENFORCE LIQUOR SHIPPING LAW

SALEM, Or., July 21.—A warning to sheriffs, constables, marshals and other peace officers to see to the enforcement of the laws prohibiting the shipment of liquor from wet territory to dry territory was given out today by Governor West in the form of a proclamation.

The governor says that many complaints of this character of law violation are coming to his office from communities along the Columbia river and along the coast in Coos and Douglas counties particularly, where it is alleged liquor is being shipped by steamboat.

## ARANT EJECTED STEEL GOVERNS AT CRATER LAKE

United States Marshal Forcibly Puts out Deposed Superintendent of National Park Who Refuses to Get out and Keeps on After Ejection.

W. Frank Arant, deposed superintendent of Crater Lake National Park, upon refusal to vacate government headquarters or to turn over the office to Will G. Steel, the new superintendent, was forcibly ejected Sunday by United States Marshal Leslie M. Scott, his personal effects removed, and Will G. Steel placed in charge of the park. At last reports Mr. Arant still refused to leave the park and was trying to collect auto licenses after his ejection. He still claims to be the lawful superintendent, and it is probable that arrest will be necessary to accomplish his removal.

Marshal Scott endeavored to have Arant vacate peacefully. Arant asked to delay action until Sunday morning. Then he hastened to Klamath Falls and returned with a lawyer and five men, evidently to hold possession forcibly. Marshal Scott deputized a force of men working in the park, and when Arant refused to vacate he was forcibly put out. The lawyer advised Arant that he was entitled to the office and that any action of his complying with the government's demand would injure his case. So Arant compelled the marshal to use force.

Arant was told to unlock the desks and remove his personal effects. This he refused to do. The marshal found a woman sitting on the desk, who refused to get off, and had to be taken out. Arant's papers and personal property were then carried out. Three times Arant returned and each time was ejected.

"The office belongs to me and no one else has any right here," said Arant to W. S. Weston, the photographer, who returned Sunday evening from the lake, where he secured a fine new set of panoramic photographs, and Marshal Scott don't realize the trouble he is getting into. I am the lawful superintendent and intend to continue so." Arant demanded the auto license be paid to him.

Arant holds that the position is under civil service, although Washington has ruled against him. He is liable to arrest under several federal statutes, for refusing to turn office over to an accredited successor and for resisting an officer.

## DEMOCRATS SLIP ONE ON J. KAHN

WASHINGTON, July 21.—"Madder than a wet hen," described the state of mind here today of Representative Julius Kahn of California.

Reading over the Congressional Record, the Californian discovered the democrats had "slipped one over" in the fight by the republicans to air the DiDags-Caminetti white slave case. Although Kahn was denied the opportunity last week of denouncing on the floor Attorney General McReynolds' action in the case, he found a speech in the Record by Representative Stephens of Texas, defending the attitude of the administration.

Stephens' address was inserted under the "leave to print" privilege. It was not delivered on the floor of the house.

## STATE CASES AGAINST CAMINETTI POSTPONED

SACRAMENTO, Cal., July 21.—The cases of F. Drew Caminetti and Maury J. Diggs, charged with abandonment of their minor children, set for today, will be postponed by Judge Hughes here late today until after the men are tried on white slave charges in the federal court at San Francisco, August 5. This announcement was made by the district attorney here today.
