ONLY FEW HOURS NEEDED TO LAND ARMY IN MEXICO

SAN FRANCISCO, Cal., July 23.—That it would take only a few hours to place American troops on Mexican soil, provided the United States finds it necessary to cross the border to protect its citizens in the moribund republic, was the declaration here today of Departmental Adjutant J. L. Hines, U. S. A. He said: "The second division, under command of Major General Tasker H. Bliss, has been stationed at Galveston since last fall, and it is believed in readiness to march across the border on a few hours' notice. It would not take long to mobilize the third army division, under command of Major General Arthur Murray at the Presidio here. The third division comprises the seventh and eighth brigades. The seventh brigade is made up of the sixth, twelfth and sixteenth infantry regiments. The sixth and sixteenth regiments are stationed here and the twelfth is at Monterey. The eighth brigade is composed of the fourteenth, twentieth and twenty-first regiments, of which the fourteenth is at Portland, the twentieth at Salt Lake and the twenty-first at Vancouver, Wash. "Great progress has been made in the methods of mobilizing an army since the Spanish-American war. At that time an individual telegraphic order had to be sent out from the war department at Washington to the forty or fifty different army posts in various parts of the country, but all was changed. Now the department simply telegraphs to the division commander to mobilize his division at a certain point, and he does so."

THINKS RAILROAD SURE TO BE BUILT

"I am sure that the promoters of the Grants Pass-Crescent City railroad mean business," states William Hart Hamilton, owner of the Hamilton orchards at Eagle Point, who arrived from San Francisco Tuesday to visit his ranch. "While in San Francisco I had occasion to look up the project and its builders and found them high-class men and amply able financially to carry out the project. I believe that they mean business. The railroad will be a great thing for the entire valley, as it will be but a question of time when Medford will build a connection if the company doesn't."

Mr. Hamilton is highly pleased with the fruit prospects and the outlook for the future here.

FAMOUS IN A DAY FOR THE BEAUTY OF HER HANDS AND ARMS

Free Prescription That Does Its Work Over Night—You Can Prepare It at Your Own Home

"It's my own discovery and it takes just one night to get such marvelous results," answers Camille de Verlae, when her friend asked her about the marvelous change in the appearance of her hands and arms. "You can do the same thing if you take my advice," she says. "I feel it my duty to tell every woman what this wonderful prescription did for me. Just think of it! It did all this in one night."

It affords me a world of pleasure to tell anyone else just how such remarkable results were brought about. I give you, absolutely free, the identical prescription which has made me so happy by beautifying my hands and arms. You can form no idea of the marvelous change it will make in just one application. The prescription, which can be prepared at your own home, is as follows:

Go to any drug store and get an ounce bottle of KuluX Compound. Pour the entire contents into a two-ounce bottle, add a quarter ounce of witch hazel and fill with water. Mix this at home. Apply night and morning. The first application will delight you. It gives the skin a velvety softness, obliterates all discolorations such as tan, sun spots, freckles and coarse pores, roughness and, in fact, every blemish the skin is heir to. It also produces a marvelous effect on the face, neck and shoulders. It is deliciously cool and soothing and is not affected by perspiration. It will rub off.

If the neck is discolored from being exposed to the sun or from wearing high collars, this prescription will immediately relieve that condition. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work; no matter what exposure the skin has had to sun and wind, this prescription will work a wonderful transformation. Thousands of women are using this prescription with just the same results that I have had."

USED FRANK TO SAVE TURNER'S LIFE

WASHINGTON, July 23.—Answer to Senator Bristow's charges that he had used his telegraph frank in sending private telegrams was made in the senate today by Senator Ashurst of Arizona. After reading a number of private messages Bristow alleged he sent, Ashurst said that if he had misused his frank it was only to secure advice regarding the election of a United States Judge in Arizona. Ashurst admitted using his frank extensively, saying he had asked fifty-five Arizona newspapers to secure a popular mandate for the federal judgeship. He also said he had spent \$100 of the public's money in telegrams sent to save the life of John Kenneth Turner, the author, while he was imprisoned in Mexico. Ashurst offered to repay "without the slightest humiliation" anything that might be due from him.

NAVY PROMISED MORE CHAPLAINS

SAN DIEGO, Cal., July 23.—"We will have more chaplains in the United States navy or bust a trace," was the declaration of Secretary of the Navy Joseph Daniels today when interviewed by a committee from the San Diego Floating society of the Christian Endeavor, an organization working for the spiritual welfare of American seamen.

The committee, composed of City Clerk Allen H. Wright and J. H. Walker, formerly an enlisted seaman, now a director in the society, called the secretary's attention to the fact that there is only one chaplain in the Pacific fleet, stationed on the flagship.

Secretary Daniels assured the committee of his hearty co-operation.

"You can rest assured," he said, "that the spiritual welfare of the men will be taken care of under the administration. We will either do that or quit advertising."

By "advertising," Secretary Daniels referred to the brilliantly colored posters which assert that the spiritual and physical welfare of the men will be looked after and that divine services will be held aboard each ship every Sunday. This, the committee charged, is not done.

JUDGE SEEKS TO DISBAR WELLS

SEATTLE, Wash., July 23.—Judge Humphries, who granted the injunction preventing Mayor Cottrell from suppressing the Seattle Times, under the riot act on Saturday, has today taken action against Attorney Hulet M. Wells, a member of the socialist party, and candidate for mayor at the last election, in an effort to have him disbarred.

Previous to the riots in which the socialist halls were sacked, Judge Humphries had dismissed a charge against Colonel A. J. Blithen, editor of the Times on which he had been indicted for libeling Wells, and the socialist, to give publicity to the affair, took a stenographic report of the hearing and reproduced it at a local theater in a play entitled: "The Colonel and His Friends." In this play Judge Humphries is styled Judge Humpty Dumpty. It will be given again Sunday. Humphries has appointed a committee to investigate whether Wells belongs to a society which has for its object the destruction of the American government," and if so, to proceed against him.
