JAPS DEFEAT LAW BY INCORPORATING

SACRAMENTO, Cal., July 25.—Hoping to defeat the intent of the Webb anti alien law by forming incorporations and later transferring stock, Japanese land companies are being incorporated at the rate of twenty per day.

EAGLE POINT EAGLETS

Last Sunday J. B. Jackson, wife and son, Carl, Mr. Boltz the traveling superintendent for the P. & E. railway and family, Mr. Carl Von der Hellen, G. H. Wamsley, son Claude, and daughter, Miss Mahie, Miss Gales King and Mrs. W. Gray of Medford were guests at the first table at the Sunny Side and I did not get the names of those who came in later as I had to go to Table Rock that afternoon to attend Sunday school and to preach at night.

Born on Saturday, July 19, to Mr. and Mrs. Charles Cincade a boy, and I am sorry to say that the mother is in a very critical condition.

Died, July 19, at his home in Eagle Point, Elmer J. Cooley, aged 64 years. The deceased came from New York State about five years ago and bought a ten acre tract of land near Eagle Point and made his home on it until within the past year he has been living in town and up to the time he was taken sick acted as marshal of our town and janitor of our school house. He made many friends here, was a man of strict integrity. Some four years ago he united with the Congregational church, and later united with the Baptist church of this place and always had the confidence and esteem of the members. The remains were interred in the Central Point cemetery on Tuesday, the 23d, religious services were conducted by the Rev. J. L. Simmons. Quite a number of his old friends followed the remains to their last resting place. His son Elmer J. Cooley arrived from the northern part of the state of New York on Saturday before his death to comfort him in his last hours. He leaves a wife, two sons and two daughters to mourn his loss.

After assisting in the Sabbath school at Table Rock Sunday afternoon and preaching Sunday night and spending the night with my old friend Captain Neaton, Monday morning, after giving him a receipt for my subscription to the Daily Mail Tribune I started on around to see what I could do in the way of securing new subscribers, and renewals for the paper and after spending the day riding from house to house and renewing acquaintance with old friends and forming new ones, I found myself at the home of my old friend, John Bigham in Sams Valley and there I met Mrs. Bigham's sister, Mrs. J. O. Hedger and her husband of Portland, Mrs. Hedger was raised in part in this valley and was known by your correspondent and many others years ago. Mr. and Mrs. Hedger are on their way to San Francisco and stopped off to make a visit. The next day, today, I stopped at several places and among them was Mr. Scott's where I met with his wife and spent a half hour with her at their beautiful home on the Fort Klamath road. Meandering my way through the fine farms I reached just before noon the Arrowhead orchard and there met Mr. L. Harry Wilcox and his mother and while there he gave me a subscription for the Daily Mail Tribune.

Passing on I stopped at the Palmer orchard for dinner and there met Mr. J. Samuels the foreman and he assisted me in finding my men. I fed my horse and took dinner and after dinner looked after the subscribers to the Daily Mail Tribune, took a new subscription and after spending a short time visiting with the men went on my way feeling refreshed and here I want to say that I have seldom met a more quiet and gentlemanly set of men than I found there. But I see that I am getting my letter too long again but will say that I reached home tired and hungry about 5:00 p. m.

The time before last when I wrote I promised to say something about my trip to Wolf creek to visit Rev. M. C. Davis who was badly hurt in a mix-up with a dog and his motorcycle. Leaving Grants Pass on the morning train I reached Wolf creek on time and found him waiting for me at the depot with a rig to take me to his home where we arrived on time and found Mrs. Davis and the children all well. On the way we passed by, not through, fields of growing grain and orchards, although that is not an orchard country but a mining district, but along the creek bottoms they raise considerable grain and hay and where they can irrigate they raise large crops. In this region is located the noted "Ribble Mines" and the "Green Back Mine" two of the oldest mines in Southern Oregon and in addition to that they have some very rich placer mines. The two mines spoken of have been tied up by litigation and that has been a great hindrance to the development of the country.

I found Mr. Davis was able to go around without his crutch or cane but had to walk on his heel but was improving quite rapidly. There is not much to be seen from the car window along the route except a few small towns and occasionally a farm or orchard for the route runs through the high mountains.

There was a young man here last week looking for a location for a camp meeting to be conducted under the supervision of the church of God (the Nazarenes) but as the mayor, Wm. Von der Hellen, was away from home, to Newport, that has charge of the tract on which he wanted to place the tents, the move was not carried out.

Mrs. Katie Welch and her daughter-in-law, Mrs. Niel Welch were visitors at the Sunny Side last week. Robert Lewis and daughter Miss Beatrice E. Lewis of Persist came out last week, went to Central Point and on their return spent the night here. Mr. Lewis, the readers of the Mail Tribune will remember, was burned out last winter and he was around gathering up things to use in housekeeping.

Mrs. Della Nichols and two daughters started for Fort Klamath last Saturday to work for our daughter, Mrs. E. E. Hoyt in the Hoyt Hotel.

Claude Wamsley started back to his home in Texas last Tuesday, he has been here for a short time visiting his father, sister and a host of friends.

W. T. Dozier who has taken the place of Clay Cole, as engineer on the P. & E. railroad has taken rooms for himself and wife at the Sunny Side.

Mrs. Clancy Florey, wife of our deputy assessor came out last week to visit her parents, Mr. and Mrs. Frank Lewis and parents-in-law, Mr. and Mrs. A. J. Florey.

Monday evening, July 28, there will be held in this city a Spinterte convention, a sequel to the old maid's convention held in this city recently. The convention will be composed of the members of the Rogue river valley band and some of the most prominent men in the city. The proceeds will go to the band and the Y. M. C. A. It is sure to be a great success for it is under the management of the most efficient and skillful men in the valley. It will be a laugh all the way through and if you desire to see spintertes from all parts of the world come here Monday night. Some of the performers will sing in their native tongue and there will be songs and recitations in Spanish, German, French, Italian. The gowns will be exquisite and right up-to-date. Spintertes are the most fashionable people that ever grace the streets with their presence and the ladies who expect to go away to study the fashions before buying their clothes, are especially asked to be here for no place else can they see such wonderful gowns. Every one is invited to come and there is no reason why there should not be a crowded house. The admission is 25c and 35c. Do not forget the date Monday, July 28, in Central Hall.
