GARRISON INSPECTS FORTS OF COAST

SAN FRANCISCO, Cal., July 30.—Secretary of War Lindley M. Garrison was the guest of honor here today at luncheon tendered by Major General Arthur Murray, commanding the western division, U. S. A., after the which the exposition site was visited.

POLICE GIVE UP PANKHURST HUNT

LONDON, July 30.—The police made no attempt today to find Mrs. Emmeline Pankhurst, the militant suffragette leader, who has disappeared from her flat here. It is known, however, that she is with friends on the outskirts of the city.

KANE'S CREEK

The recent heavy rains did considerable damage to both hay and grain with quite a bit of loss to the fruit crop.

WILLOW SPRINGS TWIGLETS

Mr. and Mrs. Beebe and family called on Mr. and Mrs. John Sisty Sunday afternoon.

CONCERNING THE WEATHER.

TO that somewhat abundant and aggravating tribe known as "Knockers," attention is called to weather conditions, east of the Rockies, as set forth in the day's press dispatches.

Last night Medford residents, comfortable beneath blankets, awoke upon a summer's day ideal and perfect, with just enough of heat to make it seem as summer.

The temperatures of the summer months in the Rogue river valley would be interesting and instructive reading most any place east of the Rockies just now.

Clover Recommended to Rebuild Worn Out Soils

The trouble with soils when they cease to produce as they did when new is not that the elements of plant food are actually exhausted from the soil, but the necessary forces for the liberation are exhausted.

field crops grow so poorly as not to pay. Owing to these characteristics, and to the fact that its bacteria are capable of living and prospering on the roots of alfalfa, it is perhaps the best possible plan with which to precede alfalfa, in sections where there is difficulty in securing a successful growth of that plant.

Says Blight Is Tuberculosis of the Roots

The following, showing the dense ignorance prevailing in eastern districts regarding fruit diseases, is taken from a recent issue of the Ceina, Ohio, Standard, and illustrates how the orchardist is still an easy victim of the horticultural quack and vender of worthless nostrums, despite the researches, and publication of the U. S. department of agriculture. The article follows:

G. K. Geisler of New York has been successful in getting together a fluid which when applied to the roots, will drive every vestige of blight and scale from the system of the trees by making the tree absorb more sap.

WRECKED VESSEL'S CREW MISSING

VICTORIA, B. C., July 30.—Captain Holstrom and four men of the crew of thirty-four of the fishing schooner Welding, of Seattle which was wrecked on Frederick's Island last Wednesday, are reported missing here today.

SPECIAL AT STAR

The Star theatre offers for tonight and tomorrow a special program, all the photoplays being headliners, featuring "A Dixie Mother," a wonderful story of a mother's devotion which saves her son from a dishonored grave, restores his courage and causes him to die like a hero.

Stung by the scorn of his warrior father, and lashed by the screech of his sweetheart, Dick, a weakling and his mother's darling, enlists in the army. The exploding shells and the scenes of death all around him completely unnerve him, and he runs away, shot in the back by an officer who witnessed his cowardice.

The other numbers on the program are "Forgive Us Our Trespasses," a wonderful story of the wire and rail that will make you sit up straight in your seat, and you would rather be there than in that division superintendent's place.

The bill closes with "Rastus and the Gamecock," one of those extremely funny Keystone comedies. This picture was made for laughing purposes only.

Draperies

We carry a very complete line of draperies, lace curtains, fixtures, etc., and do all classes of upholstering. A special man to look after this work exclusively, and will give the best service as is possible to get in even the largest cities.

The drunkard will have none of me.

The heavy drinker says "no" when my name is mentioned. The man who craves rough---strong---whiskey passes me by. All this is as it should be---as I myself would wish it. I am not for them.

Why Not Do This

You who are spoiling your temper and your health just now with the mercury fooling around the 100 mark, why not have a little bungalow as a summer home on the ocean shore where you can have the revivifying effects of the sea breeze to blow the cobwebs from your brain and microbes from your system.

Buy an ocean frontage lot now and build your home. You will then be ready when the transportation facilities are better. We can sell a lot facing the ocean near the famous "Pebble Beach," for \$250, and one block back from the beach for \$75.00. There are only a few of these and the price will be advanced shortly. We have other desirable property however in the Lauff and other additions. For terms, prices and other information, call on or write E. L. Kendall CHESTNUT CITY, CALIFORNIA
