

### EXTRA RANGERS TO FIGHT FOREST FIRES IN JACKSON COUNTY

Although the recent rains soaked everything quite thoroughly the present warm weather and high winds have combined to dry everything out again quite as thoroughly. The opening of the hunting season with its consequent carelessness on the part of hunters and campers makes it necessary to take extra precaution to prevent large forest fires by discovering small ones. To this end the state of Oregon will put on four deputy state fire wardens August 1.

George Lowd will patrol the country from Rogue River north to the head of Pleasant creek and Graves creek, and from Table Rock west to the county line. Mr. Lowd's address is Rogue River, Oregon. Anyone discovering forest fires in his district will confer a favor by notifying him at that place.

**The Patrolmen**

D. W. Sturgess will patrol from Beagle north to the head of the east and west forks of Evans creek. Mr. Sturgess can be notified at Beagle, Oregon.

W. G. Kenny will patrol from Anderson creek north to Rogue River, and from the foothills west of the valley to Applegate river. He can be notified at Jacksonville.

J. W. Kershaw will patrol from Little Butte creek south to the Dead Indian road, along Frog creek. Notice of fire sent to Wellen, Oregon, will be given to Mr. Kershaw.

These men are all authorized to issue permits to burn brush, slashing, etc.

**What to do**

In case you discover a fire and cannot locate any of the fire wardens without delay please notify Supervising Warden B. I. Shannon by phone, collect, at number 236, Medford.

To assist these state patrolmen the Jackson County Fire Patrol association has a force of twenty-four men patrolling the entire county. Each man has been assigned to a particular district. The association has headquarters at Butte Falls, telephone 3-F11. They will pay all telephone calls notifying them of forest fires.

**County Well Covered**

The state, association and forest service have so arranged their patrol districts that there is no duplication of patrol; thus each district will be looked after in a thorough manner. So no matter where you live, hunt or camp, you will find a fire warden near you whom you can notify in case of fire.

It is hoped that everyone, while in the woods, will be careful where they empty pipe ashes, throw cigars, cigarettes, and matches, and particularly careful not to leave camp fires unextinguished. There is a law against leaving camp fires before they are entirely out; also against building them beside logs, stumps, and in any sort of litter without first clearing the ground all around sufficient to keep it from spreading.

With the hearty co-operation of everyone Jackson county should have the smallest fire loss in the state this season.

### SPECIAL SHOW AT PAGE SATURDAY AND SUNDAY

A special attraction has been arranged for the Page theatre Saturday evenings. Lamb, Bates & Clark company will present an up-to-date vaudeville sketch entitled "We Three," a comedy drama running twenty-five minutes.

Sunday evening the same vaudeville company will present "A Ringer for Dugar," a laughable comedy. A highly interesting change of pictures will be presented each evening.

### WILD ANIMAL SENSATION

The Isls has an extraordinary bill for Friday and Saturday, "Alone in the Jungle," Selig's wild animal sensation heads the bill. This is an unusual photoplay where leopards play a most important part. It is full of thrills and shows scenes that will interest every one. It is a photoplay without a parallel. Three other photoplays makes one of the many high class programs that this popular play house has been furnishing to their patrons.

These pictures will be shown Friday and Saturday, afternoons and evenings.

### KING OF SIAM REJECTS 600 WIVES KEEPS BUT ONE

LONDON, Aug. 1.—Dispatches from Bangkok, capital of Siam, carry the report that the present king will shatter all traditions of his ancestors and have only one wife. Left a legacy of 600 widows and the right as heir to the throne to have as many wives as his father before him had, the present king, who was educated at Oxford, England, will not indulge in that doubtful pleasure of having more than one helpmeet. Siam, the dispatches tell, is experiencing a radical change in government and social life. The young king has inaugurated at least one custom that is making a great hit with his subjects in building theatres in several large cities of his kingdom, which are being run by the government. No attempt will be made to make money on the project, the cost of admissions being kept at a figure which will assure the permanency of the drama. The king has adapted a number of English and French plays and operas to Siam. One of the king's theatrical companies is now rehearsing a siamese translation of one of George Bernard Shaw's plays. Later on the king intends to open negotiations with several French and American moving picture concerns with the idea of establishing a moving picture theatre circuit through his kingdom. The king believes the moving picture shows, if given under his personal supervision, will do more than anything else toward educating his subjects.

John Drew is to appear in London next season in "Much Ado About Nothing."

### MOST SPECTACULAR PRODUCTION EVER SEEN IN MEDFORD

The dramatic spectacle, "Everywoman," which Henry W. Savage will offer at the Page tonight, represents the very last word in amusement. Patrons are requested to be in their seats early, as no one will be seated between acts. The play is designed to please the most exacting, offer diversion to the most jaded taste. There is nothing about it to remind the spectator of any other dramatic or musical production he has seen. It proves a delight both for the eye and the ear. It is a feast for the lover of luxury, beautiful gowns upon the forms of fair women, artistic designs in costumes and draperies, sumptuous stage settings, evidencing a wizardry of light and color effects, the highest achievement of the specialist. For the lover of excellent music there is an orchestra of symphonic capabilities to render a score composed by George Whitefield Chadwick, one of the foremost American composers—one whose works are not only played in his own country, but by the best orchestras abroad. For the admirer of fine acting, Mr. Savage has assembled a cast with fully a score of names which are well and favorably known to everyone who follows the annals of the stage. The leading female role is played by a beautiful young woman, Adele Blood, who is said to visualize this difficult character. Her beauty enhances the value of her performance, for the "Everywoman" of the play must be beautiful. Rarely if ever has there been found such a combination of beauty and talent as Miss Blood possesses, for she is a wonderfully talented actress.

### MITCHELL FUSION CHOICE FOR MAYOR NEW YORK CITY

NEW YORK, Aug. 1.—Following reports that the republican party is dissatisfied with nomination on a fusion ticket of John P. Mitchell, collector of the port of New York, for mayor of this city, it was announced today that District Attorney Charles S. Whitman will run on an independent ticket.

Mitchell received forty-five votes against forty-three for Whitman. The fusion committee of 107 selected Mitchell at 2:20 o'clock this morning after an all-night wrangle.

**Cooler Weather Predicted.**

PORTLAND, Ore., Aug. 1.—Oregon: Fair tonight and Saturday, continued warm east portion; cooler interior western portion Saturday; westerly winds.

**Alfonso Leaves England**

LONDON, Aug. 1.—King Alfonso and Queen Victoria of Spain ended their week's visit in England today and departed for their summer home at San Sebastian.

Whether in comedy or sombre tragedy her methods are skillful, clean-cut and sure, and she displays an intelligence which has won for her such enviable eulogiums from the best American critics.

Others in the cast are Nestor Lennox, Mrs. Clay Clement, Marion Dentler, Lydia Crane, Lea Latore, Ruby Rothour, Betty Marsden, John Thomas, Maurice Drew, John McKee, Luke Loring and T. Jerome Lawler. The company includes over 150 people and moves from city to city by special train.

### UNCLE SAM TO AID IN MOVING CROP WITH CASH

WASHINGTON, Aug. 1.—Twenty-five to fifty million dollars of government funds will be deposited in the national banks of the south and west immediately by Secretary McAdoo to facilitate the crop movement.

Federal, state, and municipal hands and prime commercial paper will be accepted as security for money on which the banks will pay two per cent interest.

This is the first time in history that the government has accepted prime mercantile paper as security. This privilege is granted, McAdoo announced, to make these special deposits available to banks on security readily within reach.

It was not announced what amounts would be delegated to Oregon if any, but the Pacific states in general will probably secure from five to ten million dollars. The main amount of government funds will be given to the great corn and grain producing states of the middle west where in spite of recent unfavorable weather there will be one of the largest crops in recent years.

This new move by Secretary McAdoo has met with general commendation on all sides and it is believed to establish a precedent which will eventually bring the government into such close financial relations with national banks that whether the currency reform contemplated is brought about at this session or not, the likelihood of such panics as have visited the United States in recent years will be greatly lessened.
