

AUTO POLO ONE OF FEATURES OF WILD WEST SHOW

The management of the Oklahoma Ranch Wild West show, which exhibits in Medford, Wednesday, August 13, announces as an especially added new feature one of the most sensational acts ever presented in a wild west arena. Auto polo, the title of this remarkable act, suggests the character of the performance, but does not give an adequate idea of its strenuousness or the tense excitement it creates.

In auto polo four racing machines are utilized—two on each side. Each machine carries a mallet man and a chauffeur. It is the mallet man who strikes the ball and endeavors to get it over the enemy's goal; but it is the chauffeur who drives the auto and who has the responsibility of keeping out of the way of the other machines.

The machines are lined up behind the goals, two on each end. As the signal shot rings out the machines dart into the arena. While one machine from each side swings around, guarding the respective goals, the others dash across the arena, each driver endeavoring to reach the leather before the "enemy"—each daring collision and possible disaster in the effort to reach the ball first and send it hurtling toward the opposition goal. Of course, it is dangerous—a collision is always imminent—and now and again, when a machine strikes an obstruction the car is thrown into the air and lands upside down; but these are things to be expected in the game. As a rule, however, the machines sweep just in time to prevent them coming in forcible contact, one of the mallet men is fortunate enough to strike the ball and send it flying into the air, only to have it stopped by the mallet man in one of the opposition cars. Then comes a struggle—the cars flying back and forth, to and fro, with the speed of a locomotive—the mallet men keen of eye and with every muscle at a tension, utilizing every opportunity to reach the ball, until by some lucky strike the "leather" is sent over the line and a goal scored.

BLACK HEART, WITH THE OKLAHOMA RANCH WILD WEST, MED FORD, WEDNESDAY, AUGUST 3

ILLEGAL NOW TO HUNT WILD DUCKS

Hunters are in for sad times under recently enacted laws. It was bad enough when the state added extra restrictions to the game laws, but when the federal government took a try it spoiled the wild bird hunting entirely.

Wild ducks and geese protected in every state in the Union under the provisions of a law recently passed by congress, and regardless of open season, it is now unlawful to kill a wild duck or goose in any state at any time of the year. The law is by far the most sweeping and drastic in the history of all game and fish laws.

Since the passage of this act the states are rendered powerless to change it. No state can make duck or goose shooting legal. Under this act the killing of a duck or a goose is a crime contrary to the federal law.

These birds are classed as migratory birds by the government and a fine of \$100 and ninety days' imprisonment are provided for the violation of the law. For a long time there has been agitation in favor of federal legislation for the protection of game fowls to prevent their complete extermination. It has been said that wild turkeys, wild geese and some of the other wild fowl have almost entirely disappeared all over the country. Wild ducks have almost become scarce.

BOOTH KELLEY TO BUILD NEW SAWMILL

EUGENE, Or., Aug. 8.—The construction of the most modern saw-mills in the northwest, to be operated exclusively by electrical power, is announced today by A. C. Dixon, manager of the Booth-Kelley Lumber company. The mill will cost approximately \$250,000, and work will be started immediately.

The announcement followed the receipt of advices that the government has issued the last of the patents covering Oregon and California land grants owned by the company, and which have been in litigation for years. The mill will have an annual cut of 30,000,000 feet.

START MOVE FOR BRITISH EXHIBIT

LONDON, Aug. 8.—Backed by Sir Robert Balfour of the Balfour-Wilkinson company, which has extensive business dealings with San Francisco, a determined movement has assumed definite form here today to have a British exhibit at the Panama Pacific 1915 exposition, despite the statement of the board of trade that the manufacturers did not care to incur the expense.

Sir Robert cabled the exposition directors that if a pavilion in which all British exhibits would be placed is offered the government, instead of breaking them up in different sections of the grounds, the British manufacturers would reconsider their decision.

PLEADS GUILTY TO DODGE WOMAN JURY

FRESNO, Cal., Aug. 8.—Arrested for engaging in a fist fight with a woman neighbor, Miss Sadie Smith pleaded guilty rather than leave her fate in the hands of a woman jury, and today has paid a \$10 fine. When the magistrate ordered that a venire of women be summoned, Miss Smith withdrew her request for a jury trial. "If I can't be tried by a jury of men," Miss Smith told the court, "I will plead guilty."

Working girls of Chicago who are now voters are going to open a campaign to eliminate from the state legislature every member who voted against the fifty-four hour bill or the minimum wage bill for women.

THE LATEST FASHION NOTE
Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot Ease, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting and aching of the feet.

SPANISH GUNS IN LIBRARY'S MUSEUM

Geo. E. Boos has presented to the Medford public library three old guns taken from the trenches of the Philippine battlefields by our soldiers during the Spanish-American war. These relics are among the first to be presented to the library and will be the nucleus of the library museum. Mr. Boos has also given a large number of copies of the Literary Digest. Gifts and donations of this kind are always appreciated by the library board and the patrons. In time, it is hoped that the museum will be a center of interest, as it will contain specimens of our native flora, collections of insects, geological specimens, etc. All this will be quite as educational as the books upon the shelves.

CHAMPION LIGHTWEIGHT WRESTLER IS HERE

Bert Kincaid of Reno, Nev., lightweight champion wrestler of the world, is here visiting Mr. and Mrs. W. S. Weston. Sunday they will make the trip to Crater Lake and on their return Mr. Kincaid will go to Seattle to join his wife, and from there they will return to their home, where he is part owner of the Thomas cafe of Reno.

After being unsuccessful in three attempts to have John Mitchell, former president of the United Mine Workers, made state labor commissioner, Governor Sulzer of New York has appointed James M. Lynch, president of the International Typographical union, to the position.

SHH! LADIES! SECRET TO DARKEN FADED GRAY HAIR---USE SAGE TEA

Sage Mixed With Sulphur Restores Natural Color and Luster to Hair

Why suffer the handicap of looking old. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance.

Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use; but listen, avoid preparations put up by

druggists as they usually use too much sulphur, which makes the hair sticky. Get "Wyeth's" which can always be depended upon to darken beautifully and is the best thing known to remove dandruff, stop scalp itching and falling hair.

By using Wyeth's Sage and Sulphur no one can possibly tell that you darkened your hair. It does it so naturally and evenly—you moisten a sponge or soft brush, drawing this through the hair, taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair disappears; after another application or two its natural color is restored and it becomes glossy and lustrous and you appear years younger.

ALIENS CAN KEEP OLD HUNTING LICENSES

SALEM, Or., Aug. 8.—Aliens who secured hunting and fishing licenses this year before a law passed by the recent legislature increasing the cost of licenses to aliens became operative, will not have to secure new licenses, according to an opinion by Attorney General Crawford today. The license under the old law for aliens was \$10, while under the new one a gun license costs \$25.

CALIFORNIA TOWN DESTROYED BY FIRE

BUTTE CITY, Cal., Aug. 8.—The entire business district of this town is in ruins today, following a fire which caused property damage estimated at \$60,000. The only store left standing in the town is that owned by W. F. Miller. The fire started last night and spread rapidly. A number of residences and other buildings also were destroyed.

Increase Your Library

At Nominal Cost By Binding Your Periodicals, Trade and Professional Papers. Old Books Made New. All Work Up-to-Date and Guaranteed

Any Kind of Binding or Rebinding to Suit Your Fancy, with Name in Gold or Color to fit Your Carpet--If You Want It.

"You did better work binding law reports for me than I secured in former years at either Duluth or Chicago."—Porter J. Neff, of the law firm of Neff & Mealey.

"The work done binding the sixteen volumes of Medical Journals for me is first-class in every respect. I am glad to assure you of all future work."—R. W. Stearns, M. D.

"I am glad to know that I can get my medical journals bound at home. The work you did binding 34 large volumes for me is highly satisfactory."—E. B. Pickel, M. D. 3

"I have received the 13 volumes of engineering periodicals you bound for me and desire to express my satisfaction with the same. I am glad such work can be done at home."—T. E. Osgood, C. E.
