OKLAHOMA RANCH REAL WILD WEST SHOW IN TOWN

This sure is "Circus Day" and a real wild west show is in town. The troupe arrived in town this morning while the town was in peaceful slumber.

These players enter the arena at every performance and can never tell whether or not they will ever come out alive for at any time the machines are at will to topple over and maybe kill a player or a driver.

The prairie schooner is shown crossing the plains drawn by oxen in the days of '49 and camping for the evening when just as they are getting ready to have supper they are attacked by the Indians and there held up by a band of road agents and Indians.

There are many other acts which take place in the show which are too numerous to mention such as the horse thief, illustrating what happens to a horse thief when caught stealing horses or cattle in a western country.

There will be one more show this evening at 8:15 doors will open at 7 p. m.

COUNTY FAIR PREMIUM LIST JUST ISSUED

The premium list for the Jackson County Fair and Pear show September 9 to 13 has been issued and can be had by applying to the secretary S. I. Brown.

The feature of the show and feature of the country at the present time was well represented in the parade. That was the wonderful, dare devil game of auto polo.

The fun making clovers were to be found at any part of the street scene and last but not least was that which you will find following every circus aggregation, the callopo, playing all the latest popular songs of the day.

The matinee performance was given at the regular time and opened with the band marching while the company followed on horseback.

The first act presented was fancy and trick roping by the cowboys and cowgirls in which act Mr. Homer Wilson makes the wonderful catches of eight horses running abreast with one rope and four horses running in different directions with two.

Otto Kline, the world's champion trick and fancy rider having won his title at the stampede at Calgary, Canada, in 1912, is doing some wonderful stunts upon the horse while going at its fastest speed.

Jack Goldberg is very clever and fast in the act of the pony express, jumping from one horse to another without stopping to mount the steed.

The bulldozing of long horned steers is done very well by Lane Jordan, an act which at any time Mr. Jordan is likely to be killed.

Then the bucking bronchos saddled and rode by the broncho busters with rolled barley, bran, shorts, flour and hay at the new feed store, 327 South Front street, near corner Front and Eleventh. Lowest prices for cash.
