Full Licensed Wire United Press Dispatches.

EAGLE POINT EAGLETS By A. C. Howlett

Last week there was quite a rush through our town for Crater Lake, the Soda Springs, etc., and among those who I happened to meet were P. O. Bonney and wife of Medford, Miss Jones, Mrs. and Miss Norris, Mr. Packer, J. K. Rowe all of Seven Oaks, Mr. Samuels and family of Medford and Mr. and Mrs. Frank Ballenger of Medford. There were, I think five wagons and they seemed like a jolly crowd and were bent on having a good time. They intended to go to the lake and then make the round trip via Pelican Bay, Lake of the Woods, Ashland, etc. Frank Swingle of Ashland who also has large interests in Eastern Oregon called last week, having his niece, Mrs. Anna Nichols and her daughter, Miss Ella Nichols of Stevenson, Cal., also another niece, Mrs. James Stewart and her three daughters of Medford, Mrs. Nichols and her daughter went on up Little Butte creek with Mr. Cubertson to visit their aunt, Mrs. James Cubertson returning Monday and taking the train for Medford. Mrs. Nichols, nee Anna Kilgore, is a native of Jackson county and has lived in Eastern Oregon and California for several years, and Mrs. Stewart is a daughter of the late George Rotery, an old pioneer stockman.

Ed F. Brown, a young man recently from San Francisco, called to enquire about the price of land. He had fallen in love with our climate and valley and talked as though he would like a home among us.

R. L. Wilson who owns an orchard west of Central Point was out last week looking for a tract of good alfalfa land. He said that his son back east had married and wanted to come to Oregon. His father told him about our climate, soil, etc., procure a tract of alfalfa land and go into the cattle business.

Mrs. Wm. Holmes has been out here for a few days visiting her sister, Mrs. S. B. Holmes and brothers, Wm. and Frank Brown.

There is to be a grand Sunday school picnic Thursday in the park and a good time is expected and the people to fill the baskets full and said something about chicken. They expect to have a nice program. Sunday afternoon Rev. Simmons and myself went up to Brownboro to his appointment for preaching but on the way he asked me to preach for him, there was a very small congregation so that I felt that there was not many disappointed if they did not hear him preach. On the road I noticed that the grasshoppers had played havoc with the orchards along the route and the alfalfa looked like it was all dead.

I see that they have the rock crusher about ready for operation but understand that it is likely to be some time before they can get the transformer placed as the company is having trouble getting them from the east.

Sunday was quite a busy day with us and just as I was ready to start for Brownboro Mr. B. L. Dodge of Medford, J. Korinek of Medford, Mr. and Mrs. B. L. Dodge of Ackrow, Ohio, and Mrs. W. K. Ingersoll of Ackrow, Ohio, came in and called for dinner and later in the afternoon Mr. and Mrs. L. K. Haack, one of our progressive farmers and Mrs. Harris, a sister W. H. Crandall, another one of our progressive farmers called to visit Mr. and Mrs. J. T. Carpenter who have rooms at the Sunny Side.

NOTICE. All blacksmith shops in Jackson and Josephine counties will be closed Saturday, August 16th, to attend the annual picnic to be given at Rogue River, Ore. By order W. E. PRICE, President.

John A. Perl Undertaker. Lady Assistant. 26 S. BARTLETT. Phone No. 47 and 47-J-3. Ambulance Service Deputy Coroner.

THE ENGLISH ROSES WILL APPEAR AT THE PAGE TONIGHT IN THEIR SINGING AND DANCING NOVELTIES

REFER STRIKE TO MEDIATION BOARD

SAN FRANCISCO, Aug. 13.—President Wm. Sproule of the Southern Pacific has issued the following statement: "Our operating officers have been in session with the board of adjustment of the Order of Railway Conductors and the Brotherhood of Railroad Trainmen at intervals since the middle of March, dealing with a large number of demands upon the company. All questions were disposed of except those pertaining to the jurisdiction of the organizations over our electric lines, those immediately under controversy being the Oakland, Alameda and Berkeley lines and the electric lines in Oregon known as the Portland, Eugene & Eastern railway. These electric lines are maintained as separate operating organizations, and while we regret and endeavor to avoid any crisis in relations with our employees we believe it impossible to meet the demands made upon us with respect to these electric properties and at the same time operate them efficiently and safely in the public interest as a satisfactory public utility. "As we have been officially notified that failure to meet these demands will bring a strike of our trainmen upon all lines west of El Paso, Texas, Ogdan, Utah and south of Portland, Oregon, we believe it to be a public duty that we invoke the national government in mediation of these difficulties in accordance with the Newlands act, which became law on the 15th of this month. In thus invoking the authority of the nation we desire to avert the evil consequences uniformly experienced from strikes, to the detriment of the railroad properties, of the public in their pursuits and properties, and in distress to the men and their families."

BUTTE FALLS

Mrs. Cross, who has been ill for the past week, is able to be around town again. C. E. Johnson spent last week in Butte Falls. Miss Nellie Smith, who has been visiting in Washington with her sister, Mrs. Coonse, returned home on Friday. Mr. and Mrs. Coonse came with her. Dr. Emerson, a former resident of Butte Falls returned Thursday from California to spend the hunting season. Mrs. Obenheim and son came home Sunday. She has been visiting in Medford with her daughter, Mrs. Coonse, since the death of her husband. Several workmen have been employed for the past three or four weeks working on the school house and grounds, installing modern water apparatus and preparing to sow grass. When their work is completed I think all will agree that we have one of the nicest school buildings in the county. One hundred and twenty excursionists came up on the train Sunday, most of whom took their lunches and went to the woods for a picnic. Almost every day more campers and hunters come in on the train and it keeps our local drayman, B. F. Morris, busy conducting them to a suitable camping ground. Mrs. Downs spent last week visiting friends south of town.

PORTER CHARLTON SAILS THURSDAY FOR ITALY

NEW YORK, Aug. 13.—Porter Charlton, who leaves tomorrow for Italy to face trial for the alleged murder of his wife, Mary Scott Castle, a San Francisco woman, is confident that he will return to the United States a free man within three months. Former Judge Paul Charlton will sail on the same steamer with his son.

FIRST SHIPMENT NORTHWEST PEACHES MADE TO EUROPE

PORTLAND, Or., Aug. 13.—Europe is going to get a taste of real peaches from the Pacific northwest. A carload shipment from Yakima is being prepared for shipment under the direction of the Northwestern Fruit Exchange of this city. The shipment will consist of a carload of Elbertas and only the best quality fruit will be included. Special packing will be necessary in order to insure arrival of the specialties in the best possible condition. While the regulation boxes will be utilized, the layers will have a wood fiber cushion to insure them against rough handling and possible damage a transit across the Atlantic.

This will be the first time that any real serious attempt has been made by fruit-shipping interests to send a big supply of Pacific northwest peaches to Europe. While other shipments have gone forward, they have been more in the nature of a trial than anything else. This will be the first time that shipment will be on a real commercial basis. The peach shipment is not being made to England because of the fizzle of a former shipment by other interests. England is not a suitable market for Pacific northwest peaches because the fruit is not generally known there. It is stated on very good authority that not more than one out of ten people in England have ever seen a peach, outside of a newspaper illustration.

The English market's peach wants are supplied exclusively by a hot-house peach the quality of which cannot be duplicated by outdoor grown stuff. Naturally such peaches sell at an extremely high price, but as the only consumers are the nobility, they can afford to pay the price.

There is every indication that considerable business in peaches will be developed by Pacific northwest interests. After the Panama canal is opened a heavy volume of business is likely because the fruit can then be shipped direct, thereby saving much time, money as well as loss in spoilage in transit over the present long-distance shipment.

Local selling interests are working on the theory that a very good business in deciduous fruits can be established with the tropical countries that know very little of the temperate zone's products at this time. This will give a new trade channel for most of the so-called soft fruits of the Pacific northwest and may eventually help to stimulate trade.

GOOD VAUDEVILLE AT PAGE THEATER TONIGHT

This afternoon and this evening an unusually good bill of vaudeville will be shown at the Page with the Eight English Roses as a liner. This feature is certain to make a big hit with Medford people. Two other strong numbers make up the week's bill. One show will be shown in the afternoon and two in the evening. The second show in the evening will commence after the circus is over so that those who wish may attend both shows.

Why Go to Colectin Sunday, the 17th.

Because you will enjoy the ride over the Siskiyou, the view of Pilot Rock and Mt. Shasta, the mineral water at Colectin springs, the cool bracing mountain air, the apple shade, the dance in the pavilion, the box ball alley, shooting gallery, the swings and band music. You will also enjoy the ride in the wide, roomy steel coaches and behind the oil burning engine, no soot, or cinders. The fare for the round trip from Medford is only \$1.10 and the train leaves that point at 8:45 a. m. arriving back in time for dinner.

W. C. T. U. SCORES PORTOLA POSTER

PORTLAND, Ore., Aug. 13.—Highly indignant at what she terms an insult to the woman hood of Oregon, Mrs. Ada Wallace Urah, president of the Portland W. C. T. U. has today protested to Senator Lane at Washington against the picture used in a poster advertising the Portola festival in San Francisco this fall, in which is depicted the form of a handsome maiden, in dancing pose, with neither limbs partially bared. Copies of the protest were also sent to branches of the W. C. T. U. in California, and the heads of several railroads using the poster for exploitation purposes. "The poster is an outrage on decency," declared Mrs. Urah today. "The east thinks we are wild and woolly enough, without having this additional impression thrust upon us."

HOW CAMILLE DE VERLAC BECAME FAMOUS FOR THE BEAUTY OF HER HANDS AND ARMS

Free Prescription That Can Be Prepared at Home. Camille de Verlac, famous for the beauty of her hands and arms, in a recent interview says: "If every woman knew about the prescription that has caused all this talk about my hands and arms they could make their hands and arms just as beautiful as mine. I am glad to have the opportunity to give my recipe free to the world. It will help every woman to improve her personal appearance."

"Certainly, only too glad to have you do it." Turning to a desk, she wrote on a slip of paper and handed it to me. Here it is: "Go to any drug store, get a one-ounce bottle of Kulux compound. Pour the entire contents into a two-ounce bottle, add quarter ounce witch hazel, then fill with water. Apply night and morning. This prescription gives the skin a velvety softness and obliterates all defects such as freckles, tan, sun spots, roughness and redness. A single application works a marvelous transformation." It can be applied to the neck and shoulders with equally gratifying results. It is absolutely harmless and will positively not stimulate or produce a growth of hair. It is deliciously cool and soothing and is not affected by perspiration. It will not rub off.

Clergyman's Son Had Tuberculosis; Now Well

People who have Consumption are often filled with bright hopes of recovery, only to realize that improvement is but temporary. Consumption is dreaded by everyone. Those who had it and used Eckman's Alternative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following: "Gentlemen: Prior to Feb. 1908, I was located in Rochester, N. Y., suffering with Latrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 125 pounds. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alternative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite. The first few months I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alternative." (Signed) E. H. COWLES. "Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial." (Signed) REV. J. J. COWLES, Pastor Presbyterian Church, Eckman's Alternative is effective in Rheumatism, Anemia, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisonous salts or habit-forming drugs. Ask for booklet telling of recovery, and write to Eckman Laboratory, Philadelphia, Pa. For more evidence. For sale by all leading druggists.

NAT GOODWIN SAILS WITH WIFE NUMBER 5

NEW YORK, Aug. 13.—Accompanied by the latest Mrs. Goodwin No. 5 in the series, Nat Goodwin, the actor, is a passenger today on the steamer Rotterdam. Goodwin said he was going to Baden Baden for the baths and declared that his marriage to his present wife marked the final chapter in his matrimonial experiences.

THE STRUGGLE In Two Parts

In the days of our forefathers, Spoons and Forks were strictly utensils. Spoons of one sort or the other, were generally used—but Forks are so modern that few possessed them in the days of the American colonies, and the majority did not know their use. That Spoons and Forks should possess beauty of line or have artistic merit in design was not in those days a matter of concern. SPOONS AND FORKS are now considered an important factor in one's table appointments and great care should be given to the selection of a pattern. This is as it should be. Our patterns are the work of skilled designers and are offered in sufficient variety to satisfy every taste and in weights to meet every demand. We desire to show you a beautiful stock from which to make your selection. I carry the Gorham, Reed & Barton, Fair Fork, 1847 Rogers' Bros. Every piece guaranteed. MARTIN J. REDDY The Jeweler Near P. O.

REPORT OF THE CONDITION OF JACKSON COUNTY BANK
