WELSH BREAKS HAND; CALLS OFF RITCHIE BATTLE

SEATTLE, Wash., Aug. 18.—Chet McIntyre, promoting the Ritchie-Welsh championship fight, which was called off owing to an injury to Welsh's hand, today wired terms to "Frenchie" Vaise, lightweight champion of Canada, for a bout with Ritchie Labor day. Before the day is over Vaise's manager, Tommy Swift, will either have accepted or refused the offer. The terms appeared to be agreeable to Vaise this morning. He is now confined to his home in Renton with the grip, but his physician states that he would be able to get into condition in time to meet Ritchie Labor day. Vaise and Ritchie have met once before, boxing a two-round exhibition during the champion's vaudeville engagement in Seattle. Ritchie's speed and cleverness were far too great for Vaise at that time. Since then, however, Vaise has improved wonderfully, in the meantime having won the lightweight championship of Canada in a fifteen-round go with Joe Bayley. Vaise probably will be allowed to weigh in at 135 pounds this time. The bout is to be fifteen rounds and will be staged at Brighthouse. It appears certain that the terms will be accepted, as it is generally believed the Frenchman would be glad to get a chance at the title.

HOOD RIVER TO ADVERTISE APPLE

PORTLAND, Ore., Aug. 18.—Hood River will have the honor of being practically the first section of the country to send forward a brand of apples that will be advertised under the projected campaign. The formation of the Hood River Fruit Growers' Exchange by some of the leading producers of the world famous section, will start the ball rolling in the advertising campaign, which has for its dual object the securing of a better market for producers and the obtaining of better fruit by consumers. The Hood River Fruit Growers' Exchange, which will be watched over by A. I. Mason, one of the best known apple men of the Pacific Northwest, has allied itself with the Northwestern Fruit Exchange of this city and will market its output of Spitzenberg and Yellow Newtown apples under the latter's brand. While the organization of the Hood River Fruit Growers' Exchange is as yet composed of few growers because it was started after most of the fruit had been contracted to other parties, the promoters say that many have already signified their intention of shipping under its auspices next season.

ESPEE SEEKS TO BLOCK POWER OF R. R. COMMISSION

SAN FRANCISCO, Cal., Aug. 18.—An important test case involving the authority of the California state railroad commission to authorize or refuse to authorize note issues by railroads was begun before United States Judge William C. Van Fleet here today. The Southern Pacific sought to enjoin the commission, the attorney general and the district attorney of San Francisco from contemplated criminal proceedings against the company in case it issued \$6,000,000 first or car trust notes without first securing permission from the commission. The state authorities combatted this move by filing a motion to dismiss the application for the injunction. Max Thelen, attorney for the railroad commission, presented the argument in behalf of the state before Judge Van Fleet. A motion for dismissal was based on these three propositions—first, that a court of equity has no jurisdiction to enjoin a federal court; second, that a federal court has no jurisdiction to exercise authority over this case because it is in effect an action against the state of California; and third, that the Southern Pacific has a speedy and adequate remedy at law, being privileged to carry the commission's ruling directly to the state supreme court for review. The Southern Pacific intends buying rolling stock and other equipment for state and interstate use with the proposed \$6,000,000 issue of notes.

WEEK'S PEAR SHIPMENT SHOWS FIFTY CARS

Something over fifty cars of Bartlett pears left Medford the past week and nearly every one had been bought in advance at prices ranging from \$1.75 to \$2.00. Many other cars have been ordered so the shipments of the next few days will exceed those of the past week. Many orchardists, especially those who have large orchards have not nearly completed the first picking of pears, in which only the largest are taken off, so the entire Bartlett crop is likely to exceed the estimation of 250 cars. The Producers Fruit company sold two cars of Bartlett's at \$2.00 per box f. o. b. Medford Saturday. One of these is to go to Philadelphia and one to Washington, D. C. The Washington purchaser is one of the most prominent fruit buyers of his city and has for his patrons the officials of the government, so President Wilson is likely to be served with Medford pears.

ECHOES FROM PHOENIX

Phoenix Happenings Always Interest Our Readers. After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Phoenix resident leaves no room for doubt on this point. Mrs. J. Waterman, Phoenix, Oregon, says: "I have no hesitation in recommending Doan's Kidney Pills as I have had ample proof of their merit. Over-exertion or being on my feet for any length of time, caused my back to ache and sent sharp pains through my loins. Frequent headaches and spells of dizziness also bothered me. I knew that my kidneys were at fault and hearing Doan's Kidney Pills highly recommended, I procured a supply. I began using them and they relieved the difficulties which had so long distressed me." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
