**2227 MELONS SOLD  
 AT PUBLIC MARKET  
 BEFORE 10 O'CLOCK**

Saturday was one of the heaviest days on record at the public market. At 10 o'clock 2227 melons had been sold and 270 baskets of peaches. These are an indication of other sales.

Early in the morning the market resembled a county fair. Practically every variety of product grown in the Rogue River valley was on display. Fruit and vegetables in abundance of variety and quantity covered the stalls and counters. At noon nearly all had been sold.

"There is no danger of over-production," states Market Master Runyon. "Although the planting was heavy, the demand will exceed it. We are not going to have a sufficient supply of potatoes and other staples for the late fall and winter markets. Some shipments of summer produce have already been made out of the valley. It ought to be shipped out by the carload. The truck garden and vegetable business is just in the infancy of its development."

That sufficient produce is not grown to supply local needs is shown by the fact that a purchaser was unable to obtain a crate of local muskmelons at one of the largest local groceries last Wednesday, and given a crate of California melons—at least the grocer said he could not get the local product.

**JURY LIST DRAWN  
 JOSEPHINE COUNTY**

GRANTS PASS, Ore., Aug. 23.—The jury list drawn from the September term of the circuit court, which convenes on the 8th day of the month, is as follows:

W. I. Sweetland, merchants, Grants Pass; Harry Smith, lumberman, Grants Pass; W. B. Hurst, miner, Wolf Creek; Peter Pirzer, farmer, Hugo; Burl B. Green, farmer, Merlin; W. R. Nipper, real estate, Grants Pass; David Vinyard, farmer, Williams; John Taylor, farmer, Grants Pass; B. F. Newham, farmer, Merlin; C. D. Welter, lumberman, Grants Pass; Joseph Schmitt, lumberman, Grants Pass; James Oswald, retired, Grants Pass; E. H. Lister, bookkeeper, Grants Pass; C. F. Fowler, miner, Grants Pass; T. F. Steiwig, miner, Galice; T. J. Everton, farmer, Grants Pass; Geo. W. Meek, farmer, Murphy; E. M. Light, farmer, Grants Pass; Wesley Jones, laborer, Grants Pass; G. W. Sturgeon, merchant, Grants Pass; H. A. Woodford, farmer, Merlin; Frank E. Thompson, laborer, Grants Pass; G. A. Savage, bookkeeper, Grants Pass; H. W. Hudson, farmer, Selma; O. J. Knipps, retired, Grants Pass; Jacob Meyer, carpenter, Grants Pass; E. S. Veatch, bookkeeper, Grants Pass; L. J. Perdue, engineer, Grants Pass; C. G. Weather-wax, miner, Merlin; F. V. Stevenson, farmer, Wilderville; John H. Robinson, farmer, Wilderville.

**JEROME GOES TO  
 PROSECUTE THAW**

ALBANY, N. Y., Aug. 23.—Former District Attorney Williams Travers Jerome of New York, the man who sent Harry K. Thaw to the Matteawan asylum for the criminal insane, will reach Sherbrooke, Que., Wednesday to aid in Thaw's prosecution, according to announcement made here today at Attorney General Carmody's office.

**REGULATIONS FOR HUNTING SEASONS  
 UNDER FEDERAL MIGRATORY BIRD LAW**

County Divided Into Northern and Southern Zones—Limited Open Season for Game Birds, But Protection for Song Birds.

Oregon Season for Brant, Ducks and Geese From Sept. 16 to Dec. 16—Spring Shooting Prohibited.

The eagerly-awaited regulations proposed by the United States department of agriculture, bureau of biological survey, fixing the seasons in which the shooting of migratory birds is allowed, authorized under the recently enacted Weeks-McLean migratory bird law, have just been made public by the department. They are effective as of October 1, 1913, subject to any changes that may be determined on between now and then.

In view of the widespread interest in this matter, not only on the part of sportsmen, but of lovers of wild life generally, the American Game Protective and Propagation association, which was active in the movement for the enactment of the Weeks-McLean law, has summarized the most important points involved in these regulations as follows:

**Zones Established.**  
 Generally speaking, the country is divided into two zones, northern and southern, the dividing line running wholly or in part north of latitude 40 degrees and the Ohio river. Oregon is in the northern zone.

The open seasons provided in the state of Oregon on the four classes of migratory birds that have been constituted for the purposes of these regulations are as follows:

- Class 1—Brant, ducks, geese, September 16 to December 15.
- Class 2—Rails, coots, gallinules, September 1 to November 30.
- Class 3—Woodcock, October 1 to November 30.
- Class 4—Black-breasted and golden plover, jacksnipe, greater and lesser yellowlegs, September 16 to December 15.

**Summary of Regulations.**  
 By way of summarization the following statements may be made:

- 1. Exceptions have been made in both zones for numerous reasons, but in most cases the closed seasons take the average of the existing laws of the states in the particular zones in which they are located.
- 2. There has been more cutting on the closing than the opening dates of the shooting seasons as they now exist.
- 3. In most cases three months of open shooting are allowed for water fowl, and in some cases as much as three and one-half months.
- 4. Spring shooting is absolutely prohibited.
- 5. Shooting of migratory birds between sunset and sunrise is likewise prohibited.

**BULL YOUNG KILLED**  
 (Continued from Page 1)

cut that I have used in every one of my fights. It never hurt anyone seriously before. I can't understand why it should cause any serious trouble.

Ring critics who had watched Willard in his training had agreed that the big cowboy had almost all the attributes of a champion except "a good right."

**Concussion of Brain**  
 Young suffered a cerebral hemorrhage and concussion of the brain. He was rushed to a hospital, where, in a final hope of saving his life, his skull was trephined. The operation was performed at 1 o'clock this morning.

Two minutes after Willard and Young had stepped together in the opening round, Willard's superiority was evident. Neither boxer knew much of the game, but Young was a rank novice and apparently had no assets except his enormous bulk and strength and a willing heart.

Through ten rounds the men boxed without Willard receiving a mark of battle. Young's face had been badly cut and in the eighth and ninth rounds he had taken considerable punishment. At the conclusion of these periods, however, Referee Eytan had visited his corner and had assured that the fighter's condition was satisfactory. His personal examination seemed to verify this.

**Fought Best in Tenth**  
 Young fought his best round in the tenth, landing several fair swings to Willard's face and body. His supporters were much encouraged by his showing and today they assert their man was as strong then as at the start.

The end came about the middle of the following round. Young had

6. In no case will there be less than thirty days when birds may be shot during the period of their greatest abundance.

**When Shooting Is Permitted.**  
 Birds that may be shot are divided by the new regulations into four classes. These, and the open seasons allowed on them, follow:

- 1. Water fowl, September 1 to December 15.
- 2. Rail, September 1 to November 30.
- 3. Woodcock, October 1 to November 30.
- 4. Shore birds, September 1 to December 15.

**Special Protection.**  
 A closed season until September 1, 1918, is established for band-tailed pigeons, little brown, sandhill and whooping cranes; swans, curlew, all shore birds except black-breasted and golden plover, Wilson or jack snipe, woodcock, greater and lesser yellow legs.

Wood duck in addition are given a closed season to September 1, 1918, in the following states: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Ohio, Indiana, Michigan, West Virginia and Wisconsin.

Insectivorous birds, including robins, larks, etc., are protected at all times in all states and similar protection is given the smaller shore birds and other species which have been greatly reduced in number. An open season on reed or rice birds from September 1 to October 31, inclusive, is provided for in Delaware, Maryland, District of Columbia, Virginia and South Carolina.

**Shooting on Rivers.**  
 A novel and important feature is the prohibition of hunting on the great rivers of the country except during November and December. Prohibited territory as designated by the regulations in this instance is as follows:

- 1. Mississippi river from New Orleans to Minneapolis.
  - 2. Ohio river from its mouth to Pittsburg.
  - 3. Missouri river between its mouth and Bismark, N. D.
- Under the provisions of the Weeks-McLean law three months are given from the time these regulations are made public until they are presented to the president for approval and are finally adopted. It is also provided that public hearings may be had if deemed proper, and it is assumed that these very probably will be held.

**History-Making Action.**  
 The regulations outlined above are an effective contradiction to the rumor, widespread in the northwestern states, to the effect that the Weeks-McLean law prohibits the shooting at any time of ducks and other wild fowl. Full information can be obtained by writing the department of agriculture for pamphlets 92 and 93.

adopted rushing tactics, and Willard, timing his charges, met one with a fearful right uppercut. The blow landed squarely on the point of his opponent's chin, stopping him dead in his tracks.

Young's whole frame quivered. His knees sagged, and as he sank to the canvas his body seemed to "buckle." He sat on his haunches, swaying, and finally flopped backward to the mat, unconscious. Referee Eytan at once raised Willard's arm and Young's handlers dragged him to his corner.

**Never Regained Consciousness.**  
 Dr. Seroggs, the club physician, aided Young's seconds in their attempts to revive him. He soon was joined by three other physicians. After half an hour's ineffectual work an ambulance was secured and Young was taken to the hospital, where the operation was performed.

While the fallen gladiator lay in the arena officers and seconds struggled with the crowd that pressed against the ropes. The mob's curiosity made it almost impossible for the little party bearing the great bulk of Young to force its way to the ambulance.

**THE LATEST FASHION NOTE**  
 Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Ease, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting and aching of the feet.

**COUNTY W. C. T. U.  
 HOLD 26TH ANNUAL  
 MEET AT PHOENIX**

The twenty-sixth annual convention of Jackson County Woman's Temperance Union was held at Phoenix, August 20. The meeting was called to order by acting county President Mrs. Howel at 10:30 a. m. Mrs. H. Sherman, county evangelist, led the devotional service. Three little ladies of Phoenix sang a song, the officers gave good reports of work done for the year, and each local union had excellent reports. Also a new union was reported at Peyton with eighteen members, which was organized by Mrs. Florey of Eagle Point. The different superintendents gave good reports, which showed that the county was being better organized than ever before.

The following officers were elected: Mrs. T. A. Howel, county president; Miss Susie Cope, vice president; Mrs. C. E. Deming, corresponding secretary; Mrs. Grace Holmes, recording secretary; Mrs. Nettie Grover, treasurer; Mrs. R. W. MacCallough, secretary Y. P. B. U.; Mrs. Shaver, secretary L. T. L.

Superintendents of departments were elected as follows: Christian citizenship, Miss Cope; purity, Mrs. W. H. Holmes; evangelist, Mrs. H. Sherman; Union Signal, Mrs. Hatch; lecture, Mrs. C. W. Fraley; Sunday school, Mrs. Grace Holmes; purity in art and literature, Mrs. J. Roberts; mothers' meetings, Mrs. C. P. Black; medal contest, Mrs. J. E. McDonald; flower mission, Mrs. Minnie Bryant; social and red letter, Mrs. Hattie Owings; Sabbath observance, Mrs. N. L. Townsend; S. T. J., Mrs. G. Helman.

Delegates elected to attend the state convention were: Mrs. MacCallough, Mrs. Holmes, Mrs. McDonald, Mrs. Shaver and Mrs. Howel.

Very lively and up-to-date topics were discussed in an interesting manner. Mrs. Shaver gave a twenty-minute talk. Mrs. McDonald gave one of her splendid readings, Mrs. Sherman sang a solo, which touched the hearts of those present; three little tots sang a trio. The Phoenix ladies served lunch in the grove, to which the visiting delegates did ample justice.

The Eagle Point union invited the convention to meet with them next year.

The following resolutions were adopted:

"Acknowledging the guidance of our Heavenly Father in all our work, we return thanks to Him for the many manifestations of His presence and power in the forward march of the temperance and reform movements throughout our state and nation during the past year. We are especially thankful to Him for so influencing the minds and hearts of the people in choosing so many God-fearing men in the administration of the affairs of the nation. We see in the banishment of the wine cup by Secretary of State William Jennings Bryan, from his official as well as private dinners, its fast approaching banishment from the nation. Whereas, that statewide prohibition is to be submitted to the people of Oregon next year.

"Resolved, that we, as newly enfranchised citizens, render every possible assistance to vote Oregon dry.

"Resolved, that we commend the faithful and effective work done by our state president, Mrs. Ada Wallace Lursh, and pledge her our support as leader under the Lord of Hosts in the coming campaign.

"Resolved, that we commend our retiring president for her years of devotion to the work in Jackson county.

"Resolved, that we extend a vote of thanks to the pastor and officers of the Christian church for the use of their church; to the local union of Phoenix for their entertainment of and to each and every one who contributed in any way to the success of the convention.

MRS. LAURA B. GODLOVE,  
 MRS. JAMES,  
 MISS S. A. COPE,  
 Committee.

**HUSBAND  
 TIRED OF SEEING  
 HER SUFFER**

Procured Lydia E. Pinkham's Vegetable Compound, which made His Wife a Well Woman.

Middletown, Pa.—"I had headache, backache and such awful bearing down pains that I could not be on my feet at times and I had organic inflammation so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible. "My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENSHADE, 219 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**The Perfect Baby Of The Future**

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Too much cannot be said for a wonderful remedy, familiar to many women as Mother's Friend.

It is more eloquent in its action than all the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the cords, muscles, ligaments and tendons that nature calls into play; they expand without pain, without strain.

Mother's Friend must, therefore, be considered as a direct influence upon the character and disposition of the future generation. It is a conceded fact that, with nausea, pain, nervousness and dread banished, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby.

Mother's Friend can be had of any druggist at \$1.00 a bottle. It is prepared by Bradford Regulator Co., 239 Lamar Bldg., Atlanta, Ga. Write them for an instructive book to expectant mothers.
