DENNIS PREDICTS PROSPEROUS YEAR FOR FRUIT GROWERS

John W. Dennis of Dennis & Sons, London commission and fruit men, left Monday evening after several days spent in the valley inspecting orchards and buying fruit. Speaking of local conditions, he said: "Fruit growers will get good prices this season—nothing fancy, perhaps, but good profit-making prices. I estimate the apple output 66 per cent of last year's, and the quality far superior. "I never saw a finer crop of fruit anywhere than that adorns Rogue River orchards this season. Pears are perfect. Apples have a tendency to oversize. The hot weather is going to advance the picking season two weeks or so, which is an additional aid to the grower. Pears of all kinds, especially late pears, are in demand. The French crop of Comice is a total failure." While here Mr. Dennis offered \$1.25 a box f. o. b. orchard for sixties Winter Nellis pears. Other fruit men who have been here the past week are: Alexander Chalmers of Andrew Chalmers & Son, Glasgow; Charles Simons, of Simons, Jacobs & Co., of Glasgow; of Simons, Shuttleworth & Co., Liverpool, and of Garcia, Jacobs & Co., of London; A. Aldridge, of MacGeorge & Jardine, Liverpool, and G. Herbert Taylor of J. & H. Goodwin, of Manchester, Liverpool and London.

ORDERED PIPES OUT TO GET LOWER RATE

TACOMA, Wash., Aug. 26.—Threatened forcible removal of the city's water mains from county roads because of alleged breach of contract by the city in charging full rates for water furnished county buildings was called off today when Mayor Seymour capitulated. The county commissioners claimed an agreement existed whereby in return for the use of county roads courthouse and other buildings was to be granted by the city. This the water department denied. Thereupon the commissioners ordered the big pipes of the expensive gravity water system removed from county property. The mayor now says it was "merely an oversight."

cliff met delegate Bert R. Greer at Ashland. We reached Redding on scheduled time and were met by the Redding delegation and made comfortable for the night, on the morning of the 18th at 11 o'clock the trip was begun. Nine automobiles were in readiness to take the delegation which congregated there from the counties of Jackson in Oregon, Siskiyou, Modoc, Shasta and Tehama counties in California, including Governor Lister of Washington and Governor Johnson of California, who both came by their own autos.

On Road to Coast

From Redding it was intended to make the first stop at the town of Weaverville, where a banquet was to await us. The trip took us 28 miles to the Trinity county line and 23 miles to Weaverville, the county seat of Trinity county. Weaverville is an old mining town. It is a quaint old place nestled in a small valley with a population of 1000 good souls, there is still much deep mining done close in its vicinity. Captain Naab, owner of the Naah Hotel building in Medford has his mines in this locality and it well known in Weaverville. From Weaverville our trip was again started at early dawn of the 19th reaching the town of Hayfork, a distance of 38 miles, where we passed Trinity river and a number of creeks noted for placer mining. Already beginning at Shasta five miles from Redding the road to Hayfork a distance of 89 miles is very rough and through a sparsely settled country, we traveled on many thirty per cent grades.

Trinity Highway

From Hayfork to Mad River a state highway of 28 miles known as the Trinity Highway is already built with a maximum grade of seven per cent, reaching an elevation of 4500 feet on this highway there is a climb of nine miles, it passes through forests and small farms, from Mad River we traveled nine miles through a rough country reaching Dinamor for dinner. At this point great preparation were made and a sumptuous dinner awaited the two governors and party.

At Dinamor many of the automobiles were put in repair again and the start for Eureka was made at 2 p. m. We continued over rough roads for 34 miles, reaching Carliotta, a distance of 17 miles, from that point we met better roads coming in the Redwood country from Loleta 14 miles from Eureka we found excellent roads through the heavy timber of Redwood. To one who has not looked upon these giants it is worth the trip to see them. The above route comprises a distance of about 177 miles. On inquiry I learned that in this distance about 40 per cent is traveled by auto in low gear, 35 per cent in intermediate and 25 per cent in high gear. The 28 miles of completed highway in Trinity county as stated above, has a maximum grade of 7 per cent, has a maximum grade of 7 per cent, has a maximum grade of 7 per cent. The cost of the 28 miles was \$100,000.

28 Miles Cost \$100,000

The return was made via Crescent City, a distance of 100 miles along the California coast, along this route many large Redwood forests are passed, also saw mills, several large dairys and cattle grazing ranches. We reached Crescent City owing to car troubles, late in the night leaving in the morning for Grants Pass, reaching Medford on Sunday morning, the 24th. The road from Crescent City to Medford is generally known. Our trip from Redding to Eureka and return to Medford by auto was approximately 400 miles, running time, 40 hours not including stops. Shasta, Modoc and part of Siskiyou county delegation including a scattering few from Sacramento and San Francisco counties passed homeward through Medford spending a few hours at a dinner prepared for them at the Medford Hotel.

LERCH MUST PAY OR STAY IN JAIL

L. H. Lerch was summoned before Judge Calkins Tuesday to explain why he should not be punished for contempt of court for his refusal to pay \$50 attorney's fees for his wife for defending the divorce proceedings now pending, as ordered by the court. The explanation was not satisfactory and Mr. Lerch was told to come through with \$20 before night and another \$20 within two weeks, or sojourn in the Jackson county jail until further notice.

The troubles of Mr. and Mrs. Lerch have kept the courts and the lawyers busy for the past year. Lerch is under indictment for receiving stolen goods, junk taken by boys. He was acquitted in one trial but faces another. He had Mrs. Lerch arrested for thrashing and threatening him and bound over to keep the peace. Then she was again arrested for driving one of his employes off the premises, but acquitted. He brought suit for divorce and upon her showing that she had no money for defense, the court ordered Lerch to pay her \$50 for attorney's fees.
