No. 1. Chiquito, b. g., Mr. Staats, owner and driver.  
No. 2. Lu Miller, Mr. Coxe, owner and driver.  
No. 3. Grace N., blk. m., Mr. Swisher, owner and driver.  
No. 4. Halo, blk. m., Mr. Bonnell, owner, Parker driver.  
No. 5. Helen Mistleton, r. m., Mr. Bonnell, owner, Parker, driver.

### CHICAGO SWELTERS BUT RAIN COMES

CHICAGO, Sept. 8.—The belated heat wave which late yesterday made Chicago swelter in a temperature of 100 degrees, sending many thousands to the lake beaches, was broken this morning by rain and a cool northwest wind. The weather forecaster predicts even cooler weather in the next few days, and the city is congratulating itself that the hottest summer in seventeen years appears to have spent its terms.

**Weather Forecast**  
Oregon: Rain northwest tonight and Tuesday; rain southwest and east portions tonight or Tuesday; cool tonight east portion; south to west winds.

### DEMORA & LIGHT, OF ORPHEUM CIRCUIT, AT PAGE THEATER WEDNESDAY AND THURSDAY, SEPT. 10 AND 11

### HALF FAT CATTLE BEAR MARKET

PORTLAND, Sept. 8.—Receipts for the week have been: Cattle, 1497; calves, 118; hogs, 2115; sheep, 3727, and horses, 1.

Killers are surfeited on half fat cattle and are shading their bids on such stuff and only good steers are in demand. Most of the receipts for the week have been of the ordinary variety, so sales have ranged in price from \$6.75 to \$7.75 with 8c as extreme top for very best grade. Feeders are in demand and had good sale. A limited supply of cows and heifers has been received with good demand and prices in line with about a week ago, top grades going at \$6.35 to \$6.65 and an occasional bunch at \$6.75. A better outlet for bulls. Steady prices on prime light veal. Receipts of hogs continue to come in bunches. A good sized run Monday with \$9.50 top for best light stuff. The price sagged to \$9.25 by Tuesday and Wednesday, the same holding for Friday and the hog market can be quoted anywhere between \$9.00 and \$9.50 with tendency downward.

The week started off with a brisk business in the sheep house with a fair supply of both choice lambs and sheep. The strength had declined before the mid-week and buyers were hard to find for the few arrivals on the later stock trains. Sheep and lamb prices quoted steady with last week.

### EPISCOPALIANS PLAN TO BUILD CHURCH

At a meeting of St. Mark's congregation held Sunday afternoon, the following resolution was passed:

Whereas, at a meeting of the congregation of St. Mark's church, duly called by the bishop and held in St. Mark's hall on the seventh day of September, Bishop Scadding assured the members of the congregation, that all the financial responsibility for any indebtedness of St. Mark's block rests solely with him and that the congregation is not in any way responsible for any indebtedness on the property, but that the congregation will eventually participate in the income from the property now called St. Mark's block, therefore be it Resolved, That this congregation earnestly desires a proper house of worship, which desire is heartily shared by the bishop and, that the regular committee be authorized to secure at once a suitable lot, and that the Ladies' Guild be requested to appoint a committee of five to co-operate with said committee.

### TOU VELLE APPOINTED GOOD ROADS DELEGATE

County Judge Tou Velle has been named by Governor West as an Oregon delegate to the National Good Roads association meeting to be held in St. Louis, Mo., in November. The appointment carries with it the privilege of appointees paying their own expenses, and the genial county judge is willing to pass it along to any one who will be in St. Louis at the time.

### SHOW OF DAHLIAS WANTED AT FAIR

The flower committee of the Greater Medford club is arranging an exhibition of dahlias to be shown at the fair on Wednesday, and every one growing these beautiful flowers are urged to enter them. They will be judged under the rules of the Oregon Dahlia society and ribbons will be given the best varieties. Besides this, the Fair association is offering a cash prize for the best collection.

Exhibitors are urged to enter them early Wednesday morning with their name and variety plainly written on an entry card.

It has been shown that dahlias can be grown in this valley with ordinary care, and the ladies wish to create an interest that will lead to something more pretentious next year.

### FORMER MEDFORDITE KILLS A MEXICAN

T. F. Jonah, who ten years ago was a resident of Medford, and is now customs inspector at El Paso, got into the limelight Saturday by killing a Mexican federal officer. The following El Paso dispatch gives the details:

"Before Lieutenant Acosta, an officer in General Salazar's federal command at Juarez, crossed the Stanton street international bridge this afternoon he remarked that he was 'going to kill a gringo.' He was killed by United States Customs Inspector T. F. Jonah and Immigration Inspector Thomas N. Heifrin, after he had opened fire on them with a rifle on the American side of the international boundary. He was shot through the mouth and arm, and his horse, from which he had dismounted, was shot through the side. The American officers were not wounded."

### STAGE TO CRATER LAKE ON SATURDAY NIGHT

We have one auto booked to go to Crater Lake Saturday night, consisting of business people who cannot leave at any other time. We have two passengers booked for the second auto, and can accommodate three more passengers. Will spend Sunday at Crater Lake. Leave Crater Lake early Monday morning, take breakfast at Prospect and reach Medford Monday noon on return trip. This is a good opportunity for those who are in business to visit this great scenic wonder. The night trip is most beautiful through the forest with the electric lights from the autos throwing its rays several hundred yards in advance of the autos. Send in your seat reservations immediately.

HALL TAXI CO. With Medford trade is Medford made.

### CHILDREN'S FAIR WILL BE HELD AT STATE FAIR GROUNDS

SALEM, Sept. 8.—Thousands of children were made happy last year by the introduction for the first time of a children's industrial exhibit. Additions have been made this year under the superintendency of Professor E. T. Moore of the Oregon School for the Blind. A temporary structure 50x150 feet is ready for use, and when 20,000 children come in from the hop yards "there'll be music in the air" in the department so ably presided over by Professor Moore.

The temporary structure is for the especial purpose of accommodating the exhibits made by Oregon school children, of which 60,000 were represented last year. The state fair will open September 29 and close October 4, and already the excitement among the children is raging high.

The industrial exhibit proved a phenomenal success last year, but last year will be no criterion. There will be exhibits of grain, vegetables, livestock and poultry, as well as specimens of handicraft on the part of the boys, and the "sunbonnet brigade" will make the boys hustle for position, for the girls will be there from all parts of the state. While they will also have exhibits of the garden and the poultry yard, they will have in addition butter that their own hands have made, jellies and jams, canned and dried stuff, cakes and pastry, and other good things. Samples of needlework will also be shown, and how skillfully they can darn a stocking, and in fact about everything that the older folks will have.

Other things in store for the children will be the children's playground that proved such an attraction last year in every respect. Additional apparatus and extended room renders this section more popular. Another place where children only will participate will be in the eugenics department. A temporary building 50x80 feet has been added this year and is ready for occupancy. O. M. Plummer, one of the members of the Portland school board, has charge of this department and he will be aided by a corps of assistants well versed in all that goes to make a perfect physical child.

ALBERT TOZIER.

One hundred and seventeen labor papers are published in Austria.

Grey Hairs never worry the woman who uses Hay's Hair Health. She has none. Hay's Hair Health restores natural color to grey or faded hair. It promotes a natural, healthy growth, free from dandruff. It is not in any sense a dye. 50c and \$1 at all good druggists. For complete booklet and the specific action of S. S. S. in the hair, write to the Hay-Specialties Co., Newark, N. J.

### Good Time Now for Blood Health

Warm Days and Proper Help do Wonders for the Blood.

A few doses of that wonderful blood purifier, S. S. S., will start activities in the cellular tissues of the body and soon show decided changes in the skin. The skin is but a fine network of tiny blood vessels, and the specific action of S. S. S. is declared to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time any skin eruption shows a most remarkable change; it begins to dry up; the skin scales off in tiny flakes, and soon a layer of clear, healthy and firm tissue results. The reason for this is in the peculiar stimulation of S. S. S., which enables the cells in the skin to select from the blood the nutriment it requires for regeneration. This fact has been demonstrated year in and year out in a wonderful number of cases of severe skin diseases that had seemed to be incurable. You can obtain S. S. S. at any well stocked drug store, if you insist upon it, but be sure you are not talked into something "just as good." S. S. S. is prepared by the Swift Specialty Co., 136 Swift Bldg., Atlanta, Ga. Write for their illustrated book on skin diseases.

## The National "Makings"

Enough "Bull" Durham Tobacco is sold in a year to make approximately 12 billion cigarettes—about the same number as all brands of ready-made cigarettes in this country combined—and the sales are still growing.

Millions of experienced smokers have learned that they can roll for themselves better cigarettes from "Bull" Durham than any ready-made cigarettes they can buy.

Cigarettes hand-made from "Bull" Durham Tobacco afford a lasting enjoyment and satisfaction—and possess a delightfully fragrant aroma—not possible in ready-made cigarettes.

### GENUINE "BULL" DURHAM SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5-cent sack)

A book of "papers" FREE with each 5c sack.

This pure, good tobacco is smoked by more millions of men than all other high-grade tobaccos put together.

Get a 5-cent sack at the nearest dealer's today—"roll your own"—and enjoy the most satisfying luxury in the world. Sold wherever good tobacco is sold—and you can always get it fresh.
