

LOCAL AND PERSONAL

Roger Bennett, who with Walter McCallum invaded Central America last spring with Debb's moving pictures of Alaska has returned. Besides collecting dollars, Mr. Bennett assimilated a goodly portion of the Spanish language which he speaks volubly and with great gusto. Walter McCallum is now in Spokane, and will return to the valley in a short time. "I saw many beautiful lands, but there are only two places to live—under the American flag, and in Medford. This place looks better than any I saw in my travels." Mr. Bennett may return for another trip through the revolutionary belt.

While it is somewhat late to make a correction in the report of the Medford papers regarding the Jackson county fair held in that city recently it is no more than fair that all our readers should know that the "bucking bull, Nero," was ridden by a Jackson county man instead of a rider from Eastern Oregon as the Sun and Tribune stated. George Croft who is employed on the Miss Hanley ranch about midway between this city and Jacksonville is the man who rode the animal and received the prize money instead of a stranger from the north.—Central Point Herald.

MADE LOVE TO WIVES TO CONVICT HUSBANDS

SEATTLE, Wash., Sept. 26.—Explaining certain amorous correspondence discovered by his wife and introduced an exhibit in a divorce action this morning, W. H. Pohlman, former business agent of the local Structural Ironworkers Union, told the court that the competition between Burns detectives and the union men at the Indianapolis trial of labor leaders last year was so keen that he was compelled in some instances to make love to prospective women witnesses. Particularly, was it necessary for him to take a certain stenographer, whose name he gave, employed by the National organization, to theaters, parties and dances, in order to keep her prejudiced in favor of the accused union men.

NEWTOWNS FROM ROGUE RIVER SET PACE IN MARKET

PORTLAND, Ore., Sept. 26.—Rogue river has set the pace in the apple market that will make the rest of the world sit up and take notice. The Rogue river Fruit & Produce association, through the Northwestern Fruit Exchange of this city has sold its first carload of Yellow Newtown apples to an eastern buyer at \$2.25 a box, f. o. b. Medford.

The carload has already been shipped and is now within a few days' journey of the Atlantic seaboard. The quality of the fruit is said to surpass even that which took first prize at a Spokane National apple show or another that took a similar honor at an international apple show held at Vancouver, B. C.

The demand for Yellow Newtown apples is breaking all records. There is an international flurry in the markets for the premier fruit of Oregon and this is amply shown in the prices that are now being obtained. Growers of this variety in the Rogue river district are simply being besieged by speculative interests to sell their apples. Most of these buyers are looking for a "snap" at the expense of growers and their offers of \$1.00 to \$1.35 for the apples are naturally being turned down cold.

According to the Northwestern Fruit Exchange of this city it has been receiving firm offers of \$1.75 to \$1.90 for this fruit; all of which have been refused and a price said to be fully 25c a box higher than others were selling at, has actually been obtained.

POISON PEN IS DENIED BY WOMAN

SAN FRANCISCO, Cal., Sept. 26.—Determined to force an expression of belief in her innocence or definite accusations from her fellow members in the aristocratic Francisco club who suspect her, she is convinced, of having written a series of "poisoned pen" anonymous letters to them Mrs. Elizabeth Prewitt offered a specimen of her handwriting today to anyone who wants one.

Mrs. Prewitt, a wealthy woman of much social prominence and hitherto of much popularity, attributes the veiled accusations against her to jealousy. She was at first almost prostrated with grief when she became satisfied, by their behavior toward her, that her former friends suspected her.

Grief gave way later to anger, and she said today she would bring criminal proceedings against her accusers if they would make their charges specific enough to base proceedings on.

TRAIN ROBBERS MAKE HAUL

the express cars after an exchange of shots with Messenger Kelly and Clerks Saunders, Phillips and Poole, in which Saunders was wounded in the head; ordered Engineer Daniels to stop, tumbled the safes off and cracked them.

In the meantime, the conductor, left behind with the coaches, had telephoned for help and Sheriff Pat-

mer started for the scene on the first switch engine he could commandeer, accompanied by a strong posse.

The bandits, still at their work, saw the engine coming. Jumped back into the engine cab, leaving the express messenger and the clerks standing beside the shattered safes, ordered the engineer to throw the throttle wide open, and fired, firing backward at the posse on the pursuing switch engine.

Messenger Kelly telephoned that he did not believe the robbers got much money.

The shot which killed Deputy Bonner was fired by Deputy Sheriff Cope of Birmingham.

After express company officials had announced the loss of a large sum, they changed their minds and declared the robbers secured little. It was the general impression that the reports of a \$100,000 haul were correct, however.

Postoffice officials were still checking the registered mail and said they were not yet certain as to the extent of their loss.

Telephone messages from Cottondale, just north of here, the center of the region posse have been scouring for the men who robbed the New York-New Orleans express early today, were that no trace of the fugitives had been found this afternoon. If they are overtaken it was believed there would be a desperate battle.
