BUD MATCHED TO FIGHT AZEVEDA

Bud Anderson has been matched to meet Joe Azeveda, the Sacramento lightweight in a ten round go before the Wheelmen's club of Oakland, on the night of Wednesday, October 29. The final arrangements for the match were completed last night by Manager Dick Donald acting for Anderson and Jimmy Roban, matchmaker of the Oakland club.

While Manager Donald did not wish to give out the terms of the match, they are very liberal for a ten round event and the weight, which will be 133 pounds at 6 o'clock on the night of the battle is what suits Anderson best.

Anderson will probably reach Medford Wednesday next if arrangements now pending are completed for the local lightweight to appear in vaudeville at the Page Theater next week.

\$150,000,000 GOODS AWAIT TARIFF ACTION

WASHINGTON, Sept. 27.—Customs officials estimated today that \$150,000,000 worth of goods are in bonded warehouses at the country's ports of entry at present waiting for the lower duties provided in the tariff bill. Elaborate preparations have been made to handle this rush of business as soon as the bill has been signed.

HORSES DIE IN FIRE

valued at \$1500, upon which no insurance was carried. The garage of William Offutt, adjoining the livery stable, was damaged to the extent of \$100, and was saved after a hard fight.

Large Crowd Collects

The fire attracted a crowd of about 2000 people, who came on foot, horseback and in autos. The intense heat kept them back from the flames. Volunteer firemen were plentiful, and the volunteer chiefs more so.

The rescue of the horses furnished the thrills. "Sam," a racehorse of some local reputation was taken from the burning structure, only to rush back again into the flames, and died in the door. The horses belonging to R. W. Ruhl, editor of the Morning Sun, and the gray horse owned by the Pantorium, were led from their stalls with tails and backs afire, and may have to be shot.

Many Horses Cremated

Ray Gaunyaw lost four horses, the Ashland laundry two, the Domestic laundry one. The wagon of the Wells-Fargo Express company was burned, also the vehicles of the Ashland and Domestic laundries. Several buggies and rigs belonging to the barn and citizens were destroyed.

Assistant Chief Harry Ling was stunned by a falling ladder while at work, but was uninjured. A hundred feet of hose was burned.

Ray Gaunyaw said this morning that he intended to reopen. Hubbard brothers, owners of the stable, have not decided to rebuild.

Lack of Wind Saves City

Fortune favored the city. There was no wind, and the gasoline stored in the neighborhood stood the heat. During the fire a number of property owners advised the advisability of the council passing an ordinance forbidding the storage of gasoline and loose hay and other highly inflammable material in the downtown districts.

An hour after the blaze started all danger was passed. But in that hour all business men east of the railroad tracks were anxious.

REAL FOOTBALL SEASON OPENS

NEW YORK, Sept. 27.—Half a hundred or more scheduled college and university football games today ushered in the real 1913 debut of King Football. The "dress rehearsals" that occurred at Carleton, University of Maine, Western Maryland, Gettysburg and a few other places a week ago, and the Yale-Western Conn. game last Wednesday were merely the usual "feeling out" affairs. Today was the first big day. Practically every college and university eleven in the eastern and middle states opened the season today. Other western elevens—not in the conference—who play today are University of Pittsburgh-Ohio Northern, De Pauw and South Dakota. The other seven members of the western conference will open their seasons next Saturday, as will the majority of other western elevens outside the conference.

The Harvard-Maine game today at Cambridge, Mass., will be closely watched by Yale scouts, because the New Havenites play Maine at New Haven next Saturday. It will furnish, as much as such comparisons can in football, a line on the Crimson and Blue. The Army, by starting against Norwich today, is getting a jump on the Navy, which doesn't start until next Saturday, when it meets Pittsburgh.

SAN DIEGO, Cal., Sept. 26.—Senator John D. Works was widely censured here today for his reference, during a speech at the Balboa dedication yesterday, on the taking of the Spanish possessions. The remarks were made in the presence of the Spanish minister to the United States, Senor Don Juan Riano Y. Gayangos, official representative of King Alfonso.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Puffs Act on Liver and Bowels Like Pepper Acts in Nostrils—Danger!

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

WEEK YET TO FINISH SURVEY

Engineer Kittridge, who has charge of the Pacific Highway survey for the state spent Friday evening in Medford, returning to Siskiyou camp Saturday.

"It will be a week before we will have the survey completed and be ready for receiving bids for construction," he stated. "We have found it necessary to change portions of the route, and have shortened it somewhat, and secured in places a five per cent grade, instead of six. The California surveyors are working on the other side of the hill and will be ready about as soon as we are."
