NO. 165

RUMOR ASSERTS SULZER WILLING TO RESIGN OFFICE

Stories Afloat Say Governor Will Quit if Impeachment Proceedings Are Dropped—More Evidences of Speculations in Wall Street.

Governor's Secretary Rewarded with \$4000 a Year Job for Which Civil Service Rules Were Changed.

ALBANY, N. Y., Oct. 1.—With persistent reports in circulation that Governor William Sulzer has agreed to resign when the legislature reconvenes Monday night, the prosecution in the Sulzer impeachment trial rested its case today.

Sulzer had agreed to resign, rumor had it, in return for promises that the impeachment proceedings would be dropped and that no attempt would be made to disqualify him from holding office in future.

Attorneys for both the prosecution and the defense branded these rumors as ridiculous. Nevertheless, they persisted.

Gray Unwilling Witness

J. B. Gray, broker, was an exceedingly unwilling witness for the prosecution. Under examination by Attorney Brackett he reluctantly admitted that "account No. 500," carried on his firm's books by Frederick Colwell, was at least in part Sulzer's account.

Gray denied ever having employed Colwell, and then admitted that he had paid him as a private secretary. He admitted also that he bought 100 shares of Big Four for Colwell without asking for margin funds, when Colwell told him it was for Sulzer.

Gray insisted that the Colwell account also included a bond purchase for a woman, but said he did not know if the purchaser was Mrs. Sulzer.

Secretary Rewarded

The prosecution also brought out that Louis Sarecky, Sulzer's private secretary, had been appointed to a \$4000 position, and that, in order to qualify for it, he had been transferred from the competitive to a non-competitive class of state employees. The prosecution alleged that the transfer was his reward for promising not to testify against the governor.

As soon as the prosecution had rested, Attorney D. Cady Herriek, for the defense, asked for a recess until Monday. The court instead adjourned until 2 p. m. tomorrow.

STORM DESOLATES FRENCH FRONTIER

CÉRÈRE, France, Oct. 1.—Forty-seven persons were known today to have perished, of scores unaccounted for, many must be dead and many injured as the terrific twelve-hour storm which has been raging here. It was feared there has been also heavy damage in every village in the vicinity, both on this and the Spanish side of the frontier.

RED OR YELLOW TO SETTLE SEX ORIGIN

CHICAGO, Oct. 1.—"There may come a time when, by wearing crimson garb during pregnancy, mothers may be sure of bearing sons, or by dressing in yellow, that they will have daughters," said Dr. Albert Abrams of San Francisco, discussing before the Spondylathropic congress here today the effect of color on races. "When we have more fully studied the influence of colors we may change our theories concerning pre-natal influences on sex and character."

"It has been demonstrated that in two weeks we can change a male into a female fern by the proper use of colors. The problem is now how to apply the same method to human life."

HANDSOMEST BOY IN NEW YORK MISSING

DANIEL WARD O'CONNELL

Daniel Ward O'Connell, said by artists to be the handsomest boy in New York city, is missing from his home. The boy is described as of light complexion, with hazel eyes and thick curly blond hair.

RESCUE CREW FROM BURNING SHIP

BALTIMORE, Md., Oct. 1.—Responding to wireless calls for aid, the steamship Areadia took her fifty-two officers and men from the flaming British freighter Templemore yesterday, according to a wireless message received here today from Captain Boldt of the former craft.

The rescue was accomplished in the midst of a howling gale off Cape Hatteras. The big freight steamer was struck by lightning early Monday night. A store of oil caught fire and the flames spread so quickly that the crew saw it was vain to fight them. The wireless operator picked up the Areadia with little delay, but it was hours before the rescue ship, battling with terrific seas, drew close enough to take off the crew with block, tackle and breeches buoy.

The Templemore sank soon afterward. The loss is placed at \$300,000.

MATCH BUD TO FIGHT AT VERNON

LOS ANGELES, Cal., Oct. 1.—Promoter McCarey announced today his pugilistic program for the next two months. It includes a lightweight elimination tournament to select an opponent for Champion Ritchie if Willie will entertain proposals for a bout here Thanksgiving Day.

Joe Azevedo will meet Johnny Dundee here October 14. In view of the cancelling of the proposed Azevedo-Bud Anderson match for Oakland, McCarey will match Anderson with the winner of the October 14 battle and send the survivor against Ritchie.

Azevedo will reach Los Angeles Saturday to train for the Dundee match.

SEATTLE SOCIALISTS THREATEN CIVIL WAR

WASHINGTON, Oct. 1.—That civil war may result from the wrecking of socialist headquarters in Seattle during the recent disturbances there unless the socialists are reimbursed to the extent of \$4500, was the declaration made to President Wilson today by Attorney Bruce Rogers, representing Seattle socialists.

"The socialists of Seattle," said Rogers, "do not accuse Secretary Daniels of deliberately inciting the riots. But they do assert that he made a speech there that he will never repeat."

"Washington state socialists do not propose to stand for that humiliation. We have adopted a moderate course so far, but civil wars have started from less abuse than the socialists have suffered."

"Unless we are reimbursed this incident will grow in importance until civil war may result."

LA GRANDE VOTING ON COMMISSION GOVERNMENT

LA GRANDE, Or., Oct. 1.—La Grande is voting today whether or not to adopt the commission form of government. A large vote is being polled.

YOUNG GIRL IS STABBED WHILE ON AUTO RIDE

Herman Oelrich's Car Bounded Wrecked and Owner Claims He Loaned It to Friend—Girl Asserts She Was Injured While Struggling.

Wounds May Have Been Caused From Broken Windshield—Name of Tacoma Man Used.

NEW YORK, Oct. 1.—A young girl was hurt in Herman Oelrich's automobile last night, and it was variously asserted today that she was stabbed by a man who accompanied her and that she received her injuries in an accident which wrecked the machine.

The victim was Miss Lucille Singleton, a pretty music student, 19 years of age, said to be the daughter of a rich mine owner. Her companion's name was given by Miss Singleton as "Billy" Craighorn, a Columbia university student, and by Oelrich as D. M. Claghorn, a Columbia sophomore from South Tacoma, Wash.

Girl Was Stabbed

The girl's own story was authority for the statement that she was stabbed. Her version was that she had dined with her companion, was taking a spin afterward and was attacked when she said she wished to return home to keep another engagement. The car, she said, crashed into the curb while the struggle was in progress.

Her wounds were not serious, however, and at the Knickerbocker hospital, where she was a patient today, it was said she might have received them when the windshield of the automobile broke. She was suffering from shock, the hospital attendants added, and scarcely knew what had happened.

Oelrichs Loaned Car

"Don't make a mountain out of a molehill," urged Oelrichs when interviewed. "I loaned my car to a friend. He had an accident—a slight one. It is ridiculous to say Claghorn stabbed his companion. He wouldn't harm anyone, let alone a girl. She must have been cut by pieces of the broken windshield."

The police were inclined to drop the case.

TACOMA, Wash., Oct. 1.—D. M. Claghorn, mentioned in dispatches from New York in connection with a stabbing affray, is now in Tacoma, not having returned to Columbia university this winter. It is believed here that someone posing as D. M. Claghorn was with Miss Singleton in the automobile accident. "Billy" Craighorn or William Claghorn do not appear in directories of this city or South Tacoma.

BULGARIANS JOIN FIGHT ON SERBIA

VIENNA, Oct. 1.—Forty thousand of the sultan's Bulgarian subjects have joined 20,000 Albanians against the Serbians in Macedonia, it was learned here today.

The Serbians have been driven from Monastir, it was said, and both against Serbians and Greeks, the Albanians and their allies have been generally successful.

FIVE CREMATED IN NEW HAVEN HOTEL

NEW HAVEN, Kentucky, Oct. 1.—Five members of the family of J. T. Dovers were cremated here early today by the burning of the Louisville and Nashville Hotels. Devens owned the hotel. There were no guests in the building at the time.

Weather Forecast

Oregon—Fair tonight and Thursday; light frost Wednesday.

ULSTER READY TO REPUDIATE AND RESIST IF IRISH HOME RULE BILL BECOMES A LAW

SIR EDWARD HENRY CARSON LORD LONDONDERRY MARQUIS OF ABERCORN

The embryo "Parliament of Ulster," at present known under the title of the Ulster Unionist Council, assembled to the number of 600 in Ulster Hall, in Belfast, Ireland, to discuss the project for the provisional government of the province in the event of home rule for Ireland becoming law. Lord Londonderry took the chair. He was formerly Lord Lieutenant of Ireland under the conservative government.

Sir Edward Carson, leader of the Ulster unionists, all the Irish unionist members of the House of Commons, the Marquis of Abercorn and many other peers and representatives from all parts of the province of Ulster attended.

EX-KING MANUEL TRYING TO SUPPRESS SCANDALOUS TALES

BERLIN, Oct. 1.—Ex-King Manuel of Portugal was making desperate efforts today to suppress the scandalous stories concerning the illness of his bride of a few weeks, daughter of Prince William, head of the non-reigning house of Hohenzollern. As a move toward offsetting the effect of the reports, he has already moved from his hotel in Munich to a quiet house in the city. "The newspaper stories of this case," said Manuel's secretary, in an interview today, "are scandalous lies."

It was said Manuel will insist, as soon as his wife is able to travel, that she accompany him to Fulwel Park, Twickenham, England, to live.

Gossips asserted that Manuel has convinced his father-in-law, Prince Wilhelms, that the days of the sowing of his wild oats are past, and the ex-king's friends attributed the present reports regarding his wife's illness to the Portuguese republicans, who, they said, have been worried recently by the growth of sentiment in his favor, and wanted to discredit him.

Despite reputation, the report persisted that his bride was never ill until ten days after the marriage, when the honeymoon was abruptly broken off, the bride fell ill and ugly stories of the nature of her ailment began to circulate.

ASK WILSON TO SIGN HETCH HETCHY

WASHINGTON, Oct. 1.—The California congressional delegation called at the white house today and urged President Wilson not to veto the Hetch Hetchy bill, which has passed the house and soon will be awaiting his approval.

The visit of the Californians was prompted by reports that a last supreme effort is to be made by the naturelovers' and other opponents of the bill, to induce the president to disapprove the proposal to give San Francisco a source of municipal water supply in the Yosemite valley.

COPPER STRIKERS BATTLE SCABS

CALUMET, Mich., Oct. 1.—There was more fighting in the strike-stricken copper country today. A deputy sheriff was badly beaten. Strike sympathizers scattered a party of strikebreakers on their way to work in the Allouez mine, and were in turn dispersed by cavalry. Much shooting occurred last night in the Keweenaw district. Ten arrests were made, including a woman.

BASEBALL FANS FLOCKING TO SEE WORLD'S SERIES

NEW YORK, Oct. 1.—Baseball fans from all parts of the country, and scores of minor league magnates and players are arriving here today on every train for the series of games to start at the Polo grounds here next Tuesday between the New York Giants and the Philadelphia Athletics for the world's championship. The National commission has opened headquarters at the Waldorf Astoria, and the world's series "atmosphere" has arrived.

The interest shown in the coming series has never been equalled. With the opening game a week away, officials of the New York team announced today that they have returned at least \$50,000 in checks and cash to persons who desire seats for the games. These requests have come from every part of the country, one San Francisco fan sending \$72 with a request for seats at all three games in New York, but because of the rule that no seats shall be placed on sale before October, all such requests were turned down and the money returned.

Secondbaseman Larry Doyle and Outfielders Snodgrass and Murray were fully recovered today from recent injuries, and engaged in morning practice with other members of the New York team. The early arrivals will witness what will count as three games tomorrow here between the Philadelphia Nationals and the Giants. A doubleheader will follow the play-off of the protested game started in Philadelphia August 30.

Umpire Brennan called this game in the first half of the ninth inning because he claimed the waving of streaks by fans in the centerfield bleachers made it impossible for him correctly judge balls and strikes. The National commission has ordered that the last inning be played, and the Giants will go to bat in their half with one man out. Murray will be up with one ball called against him. Manager Doolin of the Phillies will not participate in the finish of the game as he was under suspension when the game was started in Philadelphia. Conditions exactly similar to those which existed in Philadelphia will be reproduced.

STRONG UNDERTONE ON STOCK MARKET

NEW YORK, Oct. 1.—The stock market opened with a strong undertone today after two days of depression. Copper rose 1 and Canadian Pacific and Union Pacific were up as much. Reading and other leaders also rose fractionally. Later reaction set in, and most of the leaders were forced to yesterday's closing level, but the pressure was not heavy, and prices rallied. The rise failed to reach the earlier level. Bonds were irregular.

The market closed strong.

CHINESE BANDITS TAKE 5 AMERICANS TSAO YANG RAID

HANKOW, China, Oct. 1.—That there were five Americans, two women and a little girl, with the Norwegian missionaries, captured by Chinese bandits last week at Tsao Yang, in Northern Hupeh province, was reported here today. The Americans' names were given as Mr. and Mrs. Holm and their twelve-year-old daughter and Mr. and Mrs. Fauske. According to information from Chinese sources, they were tied to posts and forced to watch the frightful torture and butchery of scores of natives. So far as could be learned, however, none of the foreigners were killed. It was uncertain, however, whether, when they left, the bandits took the Americans and Norwegians with them.

They burned the town before leaving. Troops are making forced marches in the hope of saving the missionaries, if they are still alive.

COURT REFUSES TO DISMISS INDICTMENTS

SAN FRANCISCO, Cal., Oct. 1.—Superior Judge Dunn flatly refused to dismiss the remaining indictments against five of the eight members of the police department here, charged with conspiring with Italian bunco men to engage in wholesale swindles. A motion to dismiss was made by Assistant District Attorney Berry but it was denied by Judge Dunn who announced that the cases would be set for trial one week from today.

The men affected by the court's ruling are Frank Esola, serving five years in Folsom, and William McHugh, Charles Josephs, John Sullivan and Louis Drolette, all former policemen.

RAID ON SUFFRAGETTES YIELDS SIX ARRESTS

LONDON, Oct. 1.—Miss Harriet Kerr and Miss Beatrice Sanders, militant suffragettes, were arrested here today for attempting to reopen suffragette headquarters. Four other women who attacked policemen with umbrellas also were arrested. All the prisoners threaten to go on a hunger strike.

OREGONIAN NAMED AS INSPECTOR OF BOILERS

WASHINGTON, Oct. 1.—The nomination of Frank McManamy of Oregon to be inspector of locomotive boilers for the interstate commerce commission was sent to the senate today.

REBELS RETREAT FEDERAL PURSUE TO BORDER LINE

Wholesale Slaughter Marks March of Rival Armies—Exodus of Refugees into United States—Garrison at Eagle Pass Strengthened.

Terrific Fighting in Vicinity of Sabanas—No Quarter Shown on Either Side—Wounded Slain.

EAGLE PASS, Texas, Oct. 1.—Refugees continued to pour across the international bridge from Mexico today. Their number here ran into the thousands. Most of them were destitute, and there was much suffering among them.

The number would have been still larger but that many Mexicans and Japanese were still being refused admission. The authorities were awaiting orders from Washington concerning those who are likely to become public charges if admitted, but whose lives will probably be sacrificed if they are not allowed to enter.

Expected to Evacuate City
The rebels were expected to evacuate Sabanas, to the south of here, today and retreat to the border, concentrating for a last stand either at Matamoros, opposite Brownsville, or at Piedras Negras, opposite Eagle Pass.

Should they be routed from these places there will be nothing left as they threatened to dynamite the towns they leave.
The fighting in the vicinity of Sabanas, according to refugees has been terrific. No quarter has been shown on either side, the wounded have been ruthlessly slain and the dead have been left unburied.

As they have fallen back before the federal advance, they have butchered, in passing, everyone they suspected of sympathizing with the present government. In many cases they have exterminated the entire families of men they believed to be hostile to them.

Wholesale Butchery

The federals, following, have undertaken to make a clean sweep of every rebel sympathizer who failed to accompany the retreating rebel force in its flight, and, between them, the territory in which the campaign has raged has been practically depopulated.

The strengthening of the United States garrison of regulars here with three trainloads of troops from San Antonio caused wild excitement for a time but so far as could be learned the extra men were only brought here as a precaution against an attempt by the rebels to blow up the international bridge between Eagle Pass and Piedras Negras.

GIRL MURDERED SIX WITH AXE

NANTES, France, Oct. 1.—Marie Redereau, aged 15 years, confessed here today to having murdered six persons with an axe. He was found asleep in the same house with his victims in the village of Basbringe-en-Landean.

Redereau told the police that he quarreled last night with his employer, Georges Mahit. When all were asleep, he said, he cut Mahit's throat with an axe, killed Mrs. Mahit and her mother, a servant and two children.

Redereau said he spared a child 4 years old.

INSURGENTS ASK TIME ON TARIFF

WASHINGTON, Oct. 1.—Insurgents here demanded more time today to consider the tariff changes in the report of the house and senate conferees. In the opinion of the leaders, the compromise report will not reach President Wilson before Saturday.
