The Greater Medford Club desires to announce that the first program of the department of music will be held in that assembly hall of the library building Monday, October 6, at 3:00 p. m. Mrs. Gerard Tallander will preside as hostess and the program will be under the direction of Prof. Tallander. The subject will be "Germany, and the Evolution of German Music." Prof. Tallander, who is a German by birth, received his musical education from the best teachers, both in Germany and America. He has had seventeen years of successful teaching as a pianist, organist and chorus director. His playing demonstrates that he is gifted with excellent technique and deep musical feeling. One of his specialties is lecturing and Monday afternoon the program will be interspersed with explanations and illustrations of the style of the different German composers, showing also that style was not due alone to temperament but also to the result of environment and the trend of the period in which they lived. Mrs. E. M. Andrews, who is the directress of this department, is a most excellent and gifted musician, a successful teacher and a woman of large musical experience. With her as leader of the musical department, the Greater Medford club is to be greatly congratulated. Mrs. Andrews intends to offer to the musicians of Medford and those musically interested advantages equal to those enjoyed by people living in the larger cities. Her aim is to raise the standard. It is her intention to start at once a junior musical department and to bend her efforts and lend her influence in bringing to Medford the very best in the way of musical entertainment, both in grand opera concert singers and orchestral music. The only requirement to belong to the musical department of the Greater Medford Club is that one must be a member of the club.

It is essential that the department purchase a piano, therefore it is deemed expedient to charge the nominal fee of 25 cents admission for non-members. Members will be admitted on presentation at the door of their membership cards. These musical afternoon are open to the public and their patronage is solicited. If each member of the Greater Medford Club will attend and bring as many friends as possible she will not only lend to the success of this first musical but give to herself and friends a splendid musical treat. A full attendance is desired at the business meeting which will be called to order at 2:30 p. m.—an important topics will be discussed and plans perfected for the year's work.

A hospital committee was appointed with Mrs. F. E. Merrick as chairman. This is a standing committee to work with the hospital in any way there seems to be an opportunity. A committee was also appointed, Mrs. E. M. Andrews, chairman, to see what could be done toward purchasing a piano for the use of the club.

The state federation of women's clubs is to meet in Hood River October 6-10. The Greater Medford club is allowed four delegates and four alternates. The following delegates were chosen: Mrs. E. E. It was reported—and this will be of interest to those who were concerned with the sale of the Red Cross Christmas seals last winter—that a tubercular patient in Medford is being cared for with the funds obtained in this way.

The program, following the business meeting was opened with several musical selections by Miss Venita Hamilton who was most enthusiastically received.

Judge Colvig gave a most inspiring talk on "The Relation of Women to Civic and Educational Matters." In closing he said he wished to leave with the women a practical working suggestion which briefly outlined is as follows: Oberlin, a small town of hard-working peasants is world famous for its "Passion Play" and New Orleans for its Mardi Gras, coming nearer home Portland has its Rose Festival, Pendleton, its "Round-Up", Roseburg its Strawberry Festival. What can Medford do to distinguish it from other towns? Medford has more musical talent than any other town of its size on the Pacific coast. Why not, then, use our musical and literary geniuses and establish an annual musical festival? Have competing choruses, soloists, orchestras, bands, from other towns, offer prizes, in fact, make it worth one's time and money to feast his soul on the good things offered each year at this festival. This suggestion which can be developed and enlarged considerably, was well received by those present, and is worth pondering. It is not a matter for the Greater Medford club alone, but for the whole valley to consider.

Judge Colvig's address was followed by one by the president, Mrs. E. E. Gore, outlining the work of the club for the year, which, in general, was to strengthen the departments.

Are you making the use that you could of the Rest Room? They are open from eleven until five daily with some one in charge to serve tea, coffee or chocolate during the noon hour and to take care of children or of the extra parcels so you can attend to your shopping unhampered. A recent visitor, formerly of Portland, expressed the opinion of many when she said the Rest Room fulfilled a much felt need, particularly with the people outside of Medford who come here to do their shopping. She also compared it with some rest rooms in larger cities, saying this exceeded those in comfort and cleanliness. A few ladies are already showing their appreciation of the work being done by helping support the Rest Room with monthly subscriptions. Any further aid in this way, even if small, will be greatly appreciated.
