

# WORLD TOUR OF BALL PLAYERS IS BIG UNDERTAKING

White Sox-Giants score at Joplin, Mo., yesterday:

White Sox	12	19	4
Giants	13	17	2

Batteries—Johnson, Benz, Faber and Schalk; Hearne, Fromme and Meyers.

Seventy-five persons will go on the round-the-world tour to be made by the New York Nationals and the Chicago Americans.

President Comiskey of the Chicago club has announced that there will be fifty in his party when the steamer sails from Vancouver November 19, and the Gotham delegation will number twenty-five. Each tourist's fare will amount to at least \$1,500, but there will be countless minor expenses in addition. Each player will be required to post \$300 to guarantee his appearance on the ship, but the money will be refunded when the boat sails.

### Magnates Loosen Up

One-half of the check to cover the transportation of the globe-girdling White Sox and Giants from Vancouver to Port Said has been delivered into the keeping of the steamship company, which has contracted to carry the seventy-five tourists to the far east. Several weeks ago the first installment, \$11,200, was paid by President Charles A. Comiskey of the White Sox and Manager John J. McGraw of the Giants. At a second meeting of these baseball men on September 16 another check was written for \$11,200. On October 10 the third and last payment of \$22,400 was made, the total amount, \$45,000, to be applied toward the expenses of the party to Port Said.

### Colossal Undertaking

That this colossal undertaking is one in which a fortune must be expended to carry out the plans laid down by the promoting forces is evident from the fact that both Comiskey and McGraw will be prepared to write additional checks for \$100,000 more to defray expenses from Port Said through the last laps of the world tour.

### HEAVY SNOWSTORM PREVAILS IN KANSAS

SALINA, Kan., Oct. 28.—A heavy snowstorm prevailed throughout Kansas today. Snow was predicted for Missouri tonight.

### AMERICAN INTERVENTION

(Continued from page 1.)

was not even a dignified one. According to the police report made to President Huerta, he climbed from a scuttle and over the intervening roofs to the consulate.

His resignation as a brigadier general in the Mexican army had previously been accepted by War Minister Blanquet.

Huerta announced that it would be at least a month before the official returns would be in. This meant hopeless confusion for at least a month longer.

### Blanquet or Gamboa

Rumors were current that Huerta planned to declare Blanquet or ex-Foreign Minister Gamboa president, with himself as war minister. Blanquet and Gamboa are both under his domination. With the troops under his control as war minister this domination would be complete. The change would not improve the situation. It might make it worse.

All reports indicated a growth of anti-American feeling among Huerta's followers.

Summing everything up, it was hard to see how intervention could be avoided.

# STILLWELL FEARED DEATH FOR TELLING TAMMANY SECRETS

NEW YORK, Oct. 28.—Asserting that ex-State Senator Stillwell of New York, now serving a term in the Sing Sing penitentiary, was threatened with assassination if he "squealed" on Tammany, ex-Governor William Sulzer today made a fresh batch of charges against the men responsible for his recent impeachment and removal.

Stillwell, accused of bribery, was given a clean bill of health by his fellow legislators, but was subsequently found guilty in a criminal court and sentenced to prison. According to Sulzer, Stillwell offered to make a confession during the former's term at Albany, in which he said other Tammany men would be exposed, if Sulzer would first pardon him.

Sulzer replied, he said, that the confession ought to come first. Upon this, he declared, friends of Stillwell told him that the prisoner was afraid to make a confession while in Sing Sing because he had been warned that if he did confess "he would not get out alive."

In support of his statement Sulzer produced a letter, purporting to have been written and signed by Stillwell and containing the following paragraph:

"I have been promised an early release by agents of the dominant power. Word was sent to me before the recent political agitation that the governor would be impeached and that my prompt release would follow."

### TRUST COMPANY TO HANDLE MILLIONS OF BREWER BUSCH

ST. LOUIS, Oct. 28.—The will of Adolphus Busch, the millionaire brewer who was buried Saturday will be probated tomorrow, and will dispose of holdings aggregating \$50,000,000, it was authoritatively stated by family friends tonight, and also predicted that a trust company would be formed to handle the estate. It is believed Charles Nagel, former secretary of commerce and labor, now attorney for the Busch family, will head the trust company. It is believed the great bulk of the estate will go to the widow and children.

# GRAND JURY PROBES KENTNER QUARREL

A. G. Fuller of Grants Pass, indicted upon a statutory charge involving Myrtle Hanson and Beatrice Kavanaugh, girls in short dresses, was arraigned this morning and will plead tomorrow morning.

Mrs. William Stoek of Grants Pass, alleged to have engaged in an immoral life with Herman Eggers in this city, was also arraigned and will plead in the morning.

The civil suit of C. B. Stark and others of Ashland against the Mutual Fire association for collection of a \$2000 policy is still being tried. The insurance company holds the policy is far in excess of the amount destroyed in the confectionary store fire last summer.

### MEXICAN TANGLE POINTS TOWARD PEACE CONCERT

WASHINGTON, Oct. 28.—Reports from the British foreign office that Great Britain would do nothing in the Mexican situation now that the election was held without consulting the United States aroused interest here today and added strength to the persistent intimations that the American government plans a note to the powers which may result in a concerted Mexican policy.

Secretary Bryan, when shown the London dispatches asserting that Great Britain's recognition of Provisional President Huerta was given to extend only until the elections, and stated such had been the understanding all the time.

In President Wilson's absence nothing could be done until the official announcement from Mexico of the election outcome.

# LAST EFFORT TO SAVE MURDERERS FROM GALLOWS

In a last effort to save the necks of Frank Seymour and Mike Spanos, sentenced to die next Friday on the gallows at the state prison at Salem for the murder of George Dedaskalons in this city a year ago, Attorney B. R. McCabe has filed an affidavit with Governor West in which it is claimed "third degree" methods were used to extort the series of confessions from the pair.

The affidavit is by a gentleman now in the state prison, who served in the county jail when the condemned men were waiting trial, and he sets forth the methods employed by former Sheriff Jones and his assistants.

At Seymour's trial testimony reported in the convict's affidavit was introduced showing that water was dropped on a wash pan at night while a figure in a white sheet moaned: "Hear the blood drip! George! George! Can't you stop it!" This operation, with similar ones, is maintained to have unduly influenced the slayers.

The chance for life imprisonment for the two is considered slim. Word has been received in this city that Seymour, while in the death cell, has been guilty of degenerate practices; Spanos' behavior has been model, but too late. The petition asking commutation of the death sentence has been received by the governor.
